

London North

The [River Thames](#) divides Greater London into two parts, North & South.

The northern part includes most of the historic central areas including the [City](#), the [East End](#), the [West End](#) and the majority of the [London Underground](#) network. Sixty-two percent of the population of London live within the North London Region.

London North represents an amalgamation of many famous hospitals which include University College London Hospital, Charing Cross, St Mary's, the Hammersmith, St Bartholomew's and the Royal London, in addition to many busy and excellent district general hospitals.
