

**BAUS SECTION OF ENDOUROLOGY
18TH RESIDENTIAL OPERATIVE ENDOUROLOGY COURSE
Whiston Hospital, Prescot
Wednesday 28 October - Thursday 29 October 2026**

Course background and eligibility

This residential course is aimed at trainees and SAS doctors who have passed the FRCS (Urol) examination and have a confirmed CCT or CESR date, who wish to be appointed to a Consultant post with a sub-specialty interest in Endourology. Applicants must be in their final year of training or within their first-year post-training, for example undertaking a fellowship. The course is not open to Consultants or those who have not yet passed the FRCS (Urol) examination.

The course is limited to 4 delegates.

The course enables delegates to operate as the primary surgeon with one-on-one expert Consultant assistance and coaching from local and national faculty.

The course will cover:

1. Urinary stone procedures, mainly PCNL and flexible ureterorenoscopy using a range of modalities such as Trilogy and Thulium and Holmium laser.
2. BPH surgery: HoLEP, Aquablation (for the first time) and MISTs such as Rezum.

Please note: Successful applicants will be required to complete the Aquablation Academy Online Course prior to attending the Residential course to be able to gain hands-on experience on the day. PROCEPT BioRobotics will organise the necessary training.

Applicants will be selected based on their previous Endourological experience. They should demonstrate evidence of an active interest in the sub-specialty and must be current members of BAUS. Selection will be by application form, up-to-date CV and summary of logbook along with support from the applicant's AES or TPD.

The successful applicants will be offered a £1,500 travelling fellowship from the BAUS Section of Endourology, which must be taken up by the end of 2027.

Course Fees £625 - includes 2 nights (Tues - Weds) accommodation and meals

Please complete and return the completed application form to the Section of Endourology via e-mail to admin@baus.org.uk.

The application form can be accessed on the BAUS website at the following address –

<https://www.baus.org.uk/professionals/sections/endourology/courses/default.aspx?>

Deadline for applications is midday Wednesday 22 July
