# WELCOME FROM THE PRESIDENT

**I am both delighted and honoured to be able to welcome you to this year's BAUS Annual Scientific Meeting here in Manchester.**

This is an incredibly special year for our association as we celebrate the 80th Anniversary of the founding of BAUS. There will be plenty to mark this auspicious occasion including a celebratory BAUS dinner at the iconic 20 Stories venue in central Manchester. Please do book your tickets early and join us in celebrating everything that makes BAUS what it is today, what it was yesterday, and of course what it will be tomorrow.

This year's meeting will eclipse even last years, which by all metrics was the most successful in our history. With over 600 abstracts submitted, and an acceptance rate of almost 40%, the quality of the scientific offering is simply outstanding. Thank you to everyone who submitted their work for consideration and a massive thank you to all of the abstract markers who willingly gave up their time, energy and expertise to ensure that the process was fair, swift and robust.

With over 75 hours of educational content and 17 educational courses, drawing everyone's attention to each session becomes impossible of course, however, to suggest we have more than a few highlights would be under-selling in the extreme!

To kick us off in style on Monday and to ensure a tsunami of discussion, our first session will focus on prostate cancer screening. This is always a topical subject, perhaps even more so given the very significant media attention this has enjoyed over the past 12 months, including an All-Party Parliamentary Group meeting in February. Come, listen and contribute to the debate, the challenges and the expert perspectives.

This session is immediately followed by the BAUS guest lecture, and I'm delighted that we will be able to welcome the Academy award-winning director Sir Steve McQueen CBE who will be sharing his prostate cancer journey and hopes for the future.

This is absolutely not to be missed!

On Tuesday we are privileged to be able to welcome The Rt Hon. Lord Ara Darzi of Denham OM KBE, who has very kindly agreed to deliver the BAUS & JCU Guest Lecture entitled, "Rebuilding the NHS and Targeting Health Inequalities" Again I think this is one of those lectures that all of us have something to gain and learn from and I look forward to seeing as many of you as possible in the audience.

Wednesday morning plays host to the Widening Participation session with talks addressing the fairness of the intercollegiate exam, differential attainment and overcoming unconscious bias, the latter being given by Peaches Golding OBE, CStJ His Majesty's Lord Lieutenant for The County and City of Bristol. I know this will be an outstanding session all round with lots of food for thought for all of us.

This is followed in the afternoon by the BAUS-IBUS session on global training with views and perspectives from across the world including India and Africa, and then finally with the best of bows providing the traditional close to our conference.

Successive Presidents would all agree that one of the most enjoyable aspects of being BAUS Presidents is the opportunity to recognise the outstanding talent that exists within British Urology and beyond. It will be my immense privilege to be able to give the BAUS medals and awards to this year's recipients, all of whom are truly worthy of every plaudit. I offer my most sincere congratulations to Hassan Abol-Enein, Suks Minas, Gurpreet Singh, Jim Adshead, Bhavan Rai and Russell Etherington for their undeniable contribution to British Urology. Please do join me in celebrating their achievements at the award ceremony.

We will of course also be awarding the inaugural BAUS Legacy Medal to its first recipient, Lisa Dogshon. This medal has been cast in honour of the 80th anniversary of BAUS and seeks to celebrate and commemorate an individual's contribution and legacy to our specialist association.

Steve Payne, Mark Speakman and Kieran O'Flynn will all receive honorary BAUS membership in recognition of their unparalleled service to BAUS. It will be a huge personal privilege to bestow this upon these three giants of urology upon whose shoulders so many of us stand today.

My final thanks of course to those colleagues that have made this conference what it is and without whom the meeting simply would not happen.

The events team at BAUS headed up by Harry Heald with Chloe Austin and Ellie Pakes have been characteristically amazing at all times, patient, organised and encouraging. On behalf of all of us, a massive thank you!

Mo Belal, the Deputy VP for Education has revitalised the educational courses offered, I can guarantee you will not be disappointed, and finally Joe Philip. In Joe's last year as VP Education, he has spear-headed the delivery of a magnificent meeting of the highest scientific and social calibre. An event we will all be proud of as BAUS members, and one for which I know we are all endlessly grateful.

Manchester is one of the most vibrant cities in the country and to be able to host our annual meeting here after an absence of 10 years is something we are all massively excited about.

Whether your extracurricular interests lie in the arts, theatre, cinema, science, dining or sport, you will be more than catered for in Manchester and of course there is ample opportunity for outdoor pursuits only a stone's throw away from the city centre.

I look forward to welcoming you all to our annual meeting here in Manchester at the height of summer – bring a brolly!!

**Ian Pearce**

President

# BAUS 2026 ANNUAL MEETING

OLYMPIA LONDON

15-17 JUNE 2026

# WELCOME FROM THE PRESIDENT-ELECT & VICE-PRESIDENT, EDUCATION

Welcome to Manchester for the 80th Anniversary of BAUS! We are delighted to return to Manchester Central after a decade, for what promises to be an exceptional and memorable conference.

A special thank you to Harry Heald, Chloe Austin, and Ellie Pakes for their outstanding dedication in organising this event. Their hard work has ensured that [#BAUS25](#) will be a truly remarkable experience. This year also marks a change in our executive team, and I extend a warm welcome to Mary Suphi, our new CEO, as she joins us for her first BAUS conference.

I am deeply grateful to our Section Leads for curating an insightful and engaging programme; Bhavan Rai & Vish Hanchanale, Jake Paterson, Hari Ratan & Subu Subramonian, Vaibhav Modgil, Ayo Kalejayie & Arie Parnham, Arun Sahai & Suzanne Biers, SS Murali, Rickaz Raheem & Adham Ahmed and Tony Tien & Bushra Abdelqader. Alongside them, our BURST board, paediatric experts Shabnam Undre & Anu Paul, TUF, BJUI, Suzie Venn & Steve Payne with Urolink, and our Educational Leads—Ben Ayres (medical students) and Kasra Saeb-Parsy (FY and CT doctors)—have played a pivotal role in shaping this year's programme.

The BAUS Trustees, led by President Ian Pearce, along with Lisa Dodgson, Iqbal Shergill, Mo Belal, Shabi Ahmed, Rachel Morrison, Tharani Nitkunan, and Mahua Sahu, have worked tirelessly to ensure that members gain both scientific enrichment and a fantastic social experience—all while keeping the cost of attendance as accessible as possible.

We are also deeply grateful to our industry sponsors and collaborative charities for their generous support, which helps make this conference possible.

Over the next three days, we have an exciting lineup of 85 sessions, featuring 5 Guest Lectures, 7 Satellite Symposia and 18 e-Poster Sessions & Display posters.

A huge thank you to the 70 Abstract markers, who meticulously reviewed nearly 600 abstracts. Due to the high volume of exceptional submissions from the UK and beyond, we are continuing with the 8 AM poster sessions alongside additional display posters. With nearly 110 session chairs, 200 speakers, and 20 international experts, [#BAUS25](#) is set to deliver an equitable, representative, and multidisciplinary programme that spans the breadth of urology sub-specialties and perspectives.

Each day begins with stand-alone plenary sessions, featuring:

- **Monday: Sir Steve McQueen**, the acclaimed artist and filmmaker, sharing his personal journey with prostate cancer.
- **Tuesday: Rt Hon. Lord Ara Darzi of Denham OM KBE**, offering insights into the challenges facing the NHS and the potential Health Plan.
- **Wednesday:** Our Widening Participation session with **Peaches Golding OBE, CStJ His Majesty's Lord Lieutenant for The County and City of Bristol**, sharing her expertise in overcoming unconscious bias.

In addition to our plenary sessions, [#BAUS25](#) will host engaging discussions with intrigue (managing multi-morbid patients, realistic medicine in andrology), challenging Cross-Specialty Sessions (exploring neuro-urology, evidence, and mixed LUTS), dilemmas (key debates in benign andrology) updates (advances in penile cancer, paediatric urology, FNUU, and bladder cancer), health Policy (covering GIRFT and NHS England) and BSoT & SSTU sessions which will engage us and create thought-provoking discussions on emerging trends.

As part of our ongoing BAUS membership projects, we will hear from expert speakers on well-being and longevity, offering valuable insights into work-life balance, prioritisation, and resilience. Additionally, in collaboration with the International British Urology Society (IBUS), we will explore a global training project for senior residents and early-career consultants. Senior leaders from India, Egypt, Central & Southern Africa, and the Middle East will share international training opportunities available to BAUS members.

Attendees will also have the opportunity to explore the exhibition area, set within the historic former Manchester Central railway station, known for its distinctive arched roof and clock.

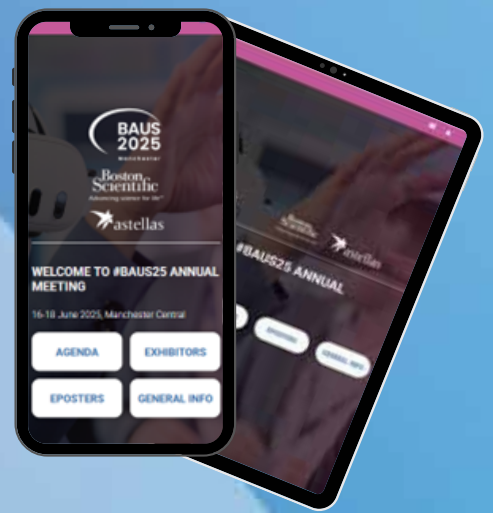

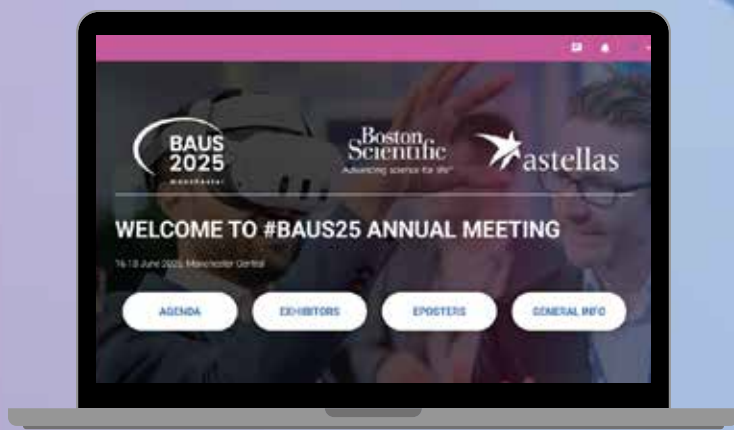

A special thank you to Mo Belal & Ian Pearce whose valuable insights have helped shape what I believe will be an outstanding 80th BAUS Conference.

I look forward to welcoming you all to Manchester, engaging in meaningful discussions, and sharing our vision for the future of BAUS as I continue to serve as President (Elect).

See you at [#BAUS25](#)!

### **Joe Philip**

President-Elect & Vice-President, Education

# BAUS 2025 Platform

## Web Access

<https://crowdcomms.com/baus2025>

## Smartphone Access

To download the BAUS 2025 App search 'CrowdComms' on the Apple IOS or Android (Google Play) Store.

Enter the event code: **BAUS2025**

You will be required to enter your email address used to register for BAUS 2025. First time users will be required to set a password

Platform/App launches on **Thursday 12 June**

## Abstract Book

The BAUS 2025 Abstract Book will be available online in the Conference Edition of the JCU from 7am on Monday 16 June.

## Accommodation

BAUS is pleased to offer delegates an accommodation booking service provided by Reservation Highway, the official accommodation providers for BAUS 2025.

[Click here](#) to book your accommodation.

Please book early to secure your preferred hotel. Reservation Highway can assist with any bookings, particularly larger groups:

Tel: 01423 525577 or

Email: [admin@reservation-highway.co.uk](mailto:admin@reservation-highway.co.uk)

## Badge Scanning

We will be using badge scanning as lead retrieval. Exhibitors can hire scanners and scan delegate badge barcodes to download the following information:

- **Name, Job Title, Place of Work & Work Email address**

(as you specify on your online registration form)

You will receive 1 CME point for attending a Satellite Symposium and getting your badge scanned. Badge scanning by sponsors & exhibitors is not compulsory and if you DO NOT wish to disclose this information, then do not allow your badge to be scanned. Please Note: BAUS Staff will scan you on the entrance into all Satellite Symposia; this is for a count of attendance and this data is shared with the relevant company who organised the Satellite Symposium.

## BAUS 2025 Hybrid Format

We are pleased to be returning to Manchester Central Convention Complex for BAUS 2025. Virtual attendance will be available, and content will be streamed live from Manchester Central and available to watch via the BAUS 2025 Platform.

## Cancellations

Fees for the conference and teaching & skills courses, cannot be refunded after 14 May 2025. Cancellations before this date must be confirmed in writing and will be subject to a 10% administration charge.

## Certificate of Attendance

Certificates will be emailed to delegates from Wednesday 2nd July. Certificates for onsite Teaching & Skills courses will only be issued to those whose attendance is registered by a member of staff.

## Cloakroom

The complimentary Cloakroom is located along the main concourse and will be open at the following times:

**Monday 16 June 0700–1900**

**Tuesday 17 June 0700–1900**

**Wednesday 18 June 0700–1900**

## Conference Catering

Delegate registrations will include complimentary lunch each day. Lunch will be served on Monday 16 June & Tuesday 17 June from 12.30–14.00 and served on Wednesday 18 June from 13.00–14.00 in Central 1 Exhibition Hall.

Dietary requirements will be requested at the time of registration. **Please note** we endeavour to accommodate all dietary requirements where possible with each venue. However, not all dietary requirements or preferences can be accommodated. If you would like further information, please email [events@baus.org.uk](mailto:events@baus.org.uk)

## Continuing Medical Education

This meeting has been accredited with CME points as follows:

**Monday 16 June 6 points**

**Tuesday 17 June 6 points**

**Wednesday 18 June 6 points**

Satellite Sessions are each accredited with 1 CME point.

## Delegate & Exhibitor Badges

For security purposes, all delegates and exhibitors must always wear the official BAUS 2025 badge to be admitted to the conference centre. Badges will be issued from the badge kiosks by the Registration Desk.

## ePoster Sessions

Full details of the presenters and ePosters will be available on the BAUS 2025 platform as well as the ePoster viewing wall in The Gallery.

## Exhibition – Location and Opening Hours

The exhibition is in Central 1 Exhibition Hall of Manchester Central and will be open at the following times:

<b>Monday 16 June</b>	<b>0900 – 1800</b>
<b>Tuesday 17 June</b>	<b>0900 – 1800</b>
<b>Wednesday 18 June</b>	<b>0900 – 1415</b>

**Please Note:** Entry to the conference or exhibition is **NOT** available to personnel from commercial companies who do not have an exhibition stand.

## Media Check-In

Media Check-In will be located in Exchange 8 (Upper Level) and a short walk from the Registration Foyer. Media Check-In will be clearly signed, and all speakers & presenters are required to upload slides via Media Check-In. Media Check-In will be open at the following times:

<b>Monday 16 June</b>	<b>0730 – 1730</b>
<b>Tuesday 17 June</b>	<b>0730 – 1730</b>
<b>Wednesday 18 June</b>	<b>0700 – 1430</b>

Full AV information will be sent to all speakers well in advance of the meeting. Any queries prior to the meeting should be directed to BAUS Events ([events@baus.org.uk](mailto:events@baus.org.uk)).

## Photography

BAUS 2025 will have an official photographer and videographer who will be operating onsite. By registering for BAUS 2025, photographs may be taken, and this footage may be used by the organisers for marketing purposes. If you require further information on this, please email BAUS Events ([events@baus.org.uk](mailto:events@baus.org.uk)).

## Prayer Room

A room will be available to delegates throughout the conference for private religious observance, please ask the BAUS Registration Desk for further details.

## Programme

We will not have a printed programme for BAUS 2025; delegates should instead use the BAUS 2025 Platform. Printed 'Programme at a Glance' will be available to collect from the BAUS Registration Desk.

## Registration Desk

The desk will be situated in the Charter Foyer. It will be open at the following times:

<b>Monday 16 June</b>	<b>0800 – 1730</b>
<b>Tuesday 17 June</b>	<b>0730 – 1730</b>
<b>Wednesday 18 June</b>	<b>0730 – 1400</b>

## Satellite Symposia

All Satellite Symposia will be held in the Exchange Auditorium.

## Scientific Session Access

Scientific sessions are only open to registered delegates and exhibitors with an all-access pass. **Please Note:** Entry to the conference or exhibition is **NOT** available to personnel from commercial companies who do not have an exhibition stand.

## Teaching & Skills Courses

**Teaching courses:** Paediatrics Urology, Succeed the Portfolio Pathway, Good Urodynamics Practice, When Things Go Wrong – Preparing, Coping, and Supporting Others, Do and Don'ts in Andrology – Surgical Tips and Tricks for the General Urologist, The Medical Protection Society: Medico Legal Course, Simulated Course for Urology NTN Interviews, Update in Research Methodology, Management of Functional Urology Emergencies will take place in Exchange 6-7.

**Skills courses:** Hands on Ultrasound Training, LA Transperineal Biopsy of Prostate, Introduction to Robotics will take place in Exchange 10.

Places are strictly limited, and we encourage delegates to book early to avoid disappointment. Certificates for onsite Teaching & Skills courses will only be issued to those whose attendance is registered by a member of staff.

## Travel and Parking

Manchester Central is a 20-minute walk from Piccadilly Station or just five minutes by taxi. Manchester Airport is a major international hub just nine miles (14.5km) from the city centre. From the airport, the city is approximately 25 minutes away by taxi or just 20 minutes via the half-hourly express rail.

There is an NCP (National Car Park) directly below Manchester Central\* that is open 24 hours a day.

## X (Twitter) & Social Media

BAUS 2025 is on X (Twitter):

[@BAUSurology](https://twitter.com/BAUSurology)

#BAUS25

Delegates are reminded of the GMC and BMA guidance in respect to social media.

## Venue

Manchester Central Convention Complex  
Windmill Street  
Manchester  
M2 3GX  
United Kingdom

## Watch it again

Recorded content from the meeting will be uploaded onto the BAUS 2025 platform and available to Watch Again for up to 6 months.

## Wi-Fi

Free Wi-Fi is available throughout Manchester Central.

*All Conference content, speakers and timings are correct at time of publication. The Organisers cannot be held responsible for changes due to circumstances beyond their control, including the withdrawal of speakers from the programme, for any reason.*

# *Section of Endourology Meeting*

# SATELLITE SYMPOSIA

## Monday 16 June

1315-1400 Exchange Auditorium

KARL STORZ Endoscopy (UK) Ltd

### Harnessing AI-Enhanced 3D Imaging to refine Robotic Uro-Oncological Surgery in the 21st Century

Discover how cutting-edge technology is revolutionizing cancer surgery. In this forward-looking talk, I will explore the transformative power of AI-driven 3D imaging in Robotic Uro-Oncological procedures. From enhancing pre-operative planning and guiding intraoperative decisions to enabling real-time overlay-based navigation, this lecture will showcase how AI is reshaping clinical practice in urological cancer surgery. The session concludes with a look at the future: predictive modelling, real-time integration with surgical robotics, and the road toward autonomous robotic surgery. Whether you're a clinician, researcher, or technologist, this talk offers a compelling glimpse into the next frontier of precision surgery.

# Lunchtime at BAUS 2025

## Monday 16th June

### Mains

**Bibimbap** – Pulled chicken thigh, gochujang, pickled vegetables, steamed sticky rice, sesame roasted baby pok choi, kimchi ketchup, toasted sesame seeds

**Bibimbap** – Marinated tofu, gochujang, pickled vegetables, steamed sticky rice, sesame roasted baby pok choi, kimchi ketchup, toasted sesame seeds *VG GF*

### Dessert

**Dulce de leche**, dark chocolate mousse, meringue *V*

**Apple crumble** – plant-based custard, stewed apples, oat & brown sugar crumble *VG GF*

## Tuesday 17th June

### Mains

**Kori Ghassi** – Mangalorean Chicken curry with curry leaves, chillies & coconut milk

**Oriya Ghanta Tarkari** – Vegetable curry with panch phoran, cumin, chilli & coriander *VG GF*

### Sides

**Jeera Chaul** – Cumin & pea basmati rice *VG GF*

**Bombay Aloo** – Masala potatoes *VG*  
Selection of naan

**Padap** – Mango jam, mint yoghurt date & tamarind chutney *VG GF*

### Dessert

**Sticky Toffee Tart** – medjool dates, salted caramel fudge, toffee buttercream *V*

**Wood fire vanilla bean cheesecake**, peach and basil compote

## Wednesday 18th June

### Mains

**Chaat Potato**, roasted aubergine, curried yoghurt, coriander *VG GF*

**Garden Salad** – Tomatoes, cucumber, radish, raw squash, baby gem, ranch dressing *VG GF*

**Lancashire Cheese roll**, beer braised onions, roast potato *V*

**Fried Falafel**, butterbean hummus, coriander, pomegranate *VG GF*

**Sausage Roll** – Nduja, basil & onion seed

**Aranchini** – cauliflower cheese, black truffel fondue *V*

**Korean BBQ chicken**, hot chilli honey, crispy kale seaweed

### Dessert

**Fresh Fruit Salad** *VG*

**Milky Bar mousse**, boozy blackberries, honeycomb *V*

*Dietary requirements requested at the time of registration:*

We endeavour to accommodate all dietary requirements where possible with each venue. However, not all dietary requirements or preferences can be accommodated. If you would like further information, please email [events@baus.org.uk](mailto:events@baus.org.uk)

Clinical Data Summary Methodology: Studies with distinct patient cohorts evaluating Aquablation therapy were included, abstracts and unpublished data were excluded. Studies with fewer than 30 patients were excluded. Data was pulled from 18 Aquablation therapy publications up to January 2025. Listed below. Outcomes of interest were aggregated together, and subsequently weighted based on the studies sample size. Not all publications included all outcomes of interest, and thus were excluded from each respective analysis.

# BAUS SECTION OF ANDROLOGY AND GENITO-URETHRAL SURGERY

The Andrology and Genitourethral Surgery (AGUS) section is set to deliver an exciting and thought-provoking programme at BAUS 2025, bringing together leading voices from both the UK and beyond. This year, we are shining a spotlight on international expertise, welcoming esteemed colleagues from across the globe to share their insights, challenge conventional thinking, and push the boundaries of our practice.

## Monday 16 June – Penile Cancer: What You Need to Know

We kick off our sessions with Penile Cancer – Let Us Update You, covering everything from HPV vaccination to oncological advancements, reconstructive surgery, and the all-important quality of life post-treatment. With expert insights from Asif Muneer, Amit Bahl, Nim Christopher, and Sylvia Yan, this session is not to be missed for those looking to stay ahead of the curve in genital oncology.

## Tuesday 17 June – Debunking Myths in Andrology

Our first afternoon session, Andrology – Not Everything is as it Seems, and Not Everything that Seems is, challenges long-standing assumptions about Peyronie's disease, erectile dysfunction, and testosterone replacement therapy. We are thrilled to welcome Sherita King (USA) and Helen Bernie (USA), who will bring an international perspective to these hot topics, alongside leading UK expert Nick Watkin.

Later that day, Let's Set the Record Straight will tackle some of the most misunderstood areas in andrology, from vasectomy to augmentation surgery. This session, co-chaired by Helen Bernie (USA) and Tet Yap (London), will feature a mix of UK-based and international specialists to deliver a well-rounded debate.

## Wednesday 18 June – Horizon Scanning & Controversies in Andrology

Our Horizon Scanning session promises to be a highlight of the week, with global experts exploring the future of andrology and reconstructive urology. Helen Bernie (USA) returns with insights on fertility preservation, while Maarten Albersen (Belgium) will present the latest updates in penile cancer research. We will also hear from Rowland Rees, Louise Olson, and Susan Wong, who will discuss the cutting-edge advancements in shockwave therapy, urethral reconstruction, and Peyronie's disease treatment.

To round off the AGUS programme, Controversies in Andrology, or Are They? invites the audience to weigh in on some of the most debated topics in genitourethral surgery. From foreskin preservation to post-prostatectomy rehabilitation, this interactive session, featuring Sherita King (USA) alongside leading UK voices, will undoubtedly provoke discussion and challenge perspectives.

## A Truly International Gathering

The AGUS section at BAUS 2025 is designed to inform, challenge, and inspire, and this year we are particularly proud to host a strong international presence, with experts from the United States, Belgium, and Ireland joining our UK faculty. Their global perspectives will enhance discussions, foster cross-border collaboration, and ensure we remain at the forefront of innovation in andrology and reconstructive urology.

We look forward to welcoming you to BAUS 2025 and engaging in what promises to be a dynamic and insightful programme. See you in June!

**Arie Parnham,**  
Chair, BAUS Section  
of Andrology and  
Genito-Urethral  
Surgery

**Ayo Kalejaiye,**  
Vice-Chair,  
BAUS Section of  
Andrology and  
Genito-Urethral  
Surgery

**Vaibhav Modgil,**  
Secretary, BAUS  
Section of  
Andrology and  
Genito-Urethral  
Surgery

We are very much looking forward to seeing everyone back in Manchester for what looks to be an excellent BAUS 2025. There is a wide variety on offer from the Endourology section this year, covering the breadth of our subspecialty, including stone disease, BPH and upper tract urothelial cancer. We hope that the eight Endourology-themed sessions running offer something to all the membership to stimulate your interest! Additionally many of the BAUS guest lecturers this year are from an Endourology background, to further broaden the section's offer this year!

On Monday 16th June (1400–1530), our panel of UK and international experts will share their experience in the endourological management of upper tract urothelial cancers, including ways to optimise endoscopic management and pathways for this high-risk patient cohort, as well as a further update from the BAUS iDunc audit. This looks to be an excellent session summarising the endourologist's role in these cases as well as including some cases and discussion around these.

Following this, (Monday 16th, 1630–1730) we have the return of as-live video surgery to the Endourology programme, with a selection of advanced modern BPH treatment cases in a "How I do it" session. We will be covering Aquablation, ThuFLEP and LA Rezum treatment which will be new to many, with time for questions and interaction with our expert panel.

Tuesday 17th is a busier day, with the first of four sessions being the first of our poster sessions (0800–0900), showcasing a variety of different topics including stents, lithotripsy and other topics. Later in the morning (1130–1230) we have what looks to be a fascinating session on "what to do with the recurrent stone former", covering everything from metabolic assessment to genetics, and when to follow patients up after treatment. Again, our expert panel will be able to answer your questions so bring them along!

The Tuesday afternoon kicks off with the second of our poster sessions (1330–1430), focusing this time on ureteroscopy, morbidity and infections. This again promises to be a lively session with lots of debate! The final session of the day (1630–1730) presents a fascinating session on "Developments in Endourology – an international perspective", involving three fabulous international speakers covering topics as diverse as PCNL in low-resource settings, guidelines development and collaborative research. Hopefully very thought-provoking, and definitely a session not to be missed!

If Monday and Tuesday haven't slaked your thirst for knowledge, we have two further sessions on Wednesday 18th June, starting with an excellent session on "Endourology dilemmas for the general urologist" (1130–1300). This is a real gem of a session covering a whole range of thorny issues which we all see regularly on call and in clinics, presented based on cases. Topics for this session include what to do with incidentally discovered small stones, stones in pregnancy, incidental urothelial tumours during endoscopic surgery, as well as encrusted stents and tips for looking after long-term nephrostomies, as well as how to diagnose or investigate upper tract obstruction in stented patients!

**Subu Subramoniam,**  
Chair, BAUS Section  
of Endourology

**Hari Ratan,**  
Vice Chair,  
BAUS Section of  
Endourology

**Jake Patterson,**  
Secretary, BAUS  
Section of  
Endourology

If you are not completely exhausted after that, we have our final poster session of the meeting later in the day (1400-1500) rounding our programme off with posters on a huge range of topics from PCNL to genetics via service design and management!

We hope that you agree that this looks like an exciting and packed programme, with something for everyone in a true #GoTeamEndo style, and we are all very much looking forward to seeing you in Manchester for an excellent meeting and catch up with friends old and new.

# BAUS SECTION OF FUNCTIONAL & RECONSTRUCTIVE UROLOGY

The newly branded BAUS Section of Functional and Reconstructive Urology (FRU) would like to extend to you a very warm welcome to BAUS 2025.

The FRU Committee currently comprises of Suzanne Biers (Vice Chair), Magda Kujawa (Secretary), Hashim Hashim, Mahreen Pakzad, Nadir Osman, Mehwash Nadeem and James Moore. We would like to thank Andrew Kozan (BSOT rep) for his valuable contributions as he leaves the committee and welcome Ruth Doherty (executive committee member) and Sanad Saad (new BSOT rep) to the FRU family. A special mention to Mo Belal who now demits as ex chair for his immense hard work, leadership and contributions to FRU over the last year. He continues in BAUS as Deputy VP Education and will stay in close liaison with the FRU committee.

The FRU committee have curated a programme that we hope will be of great value to all Urologists.

Building on our successful joint meeting with the Section of AGUS in March this year, we have a further collaborative session with the section of endourology at this meeting.

We are honoured and grateful to have Professor Thomas Kessler (Zurich, Switzerland) and Professor Anne Cameron (Michigan, USA) as our international guest speakers this year.

We kick off on Monday afternoon with a session devoted to the management of neuropaths for the general urologist. With Professor Kessler updating us on neuro-urology guidelines, we'll then have advice on how to manage the more common neurological conditions from our expert panel, Alison Downey, Sheilagh Reid, Ian Beckley, Ruth Doherty and Nicholas Faure Walker.

Tuesday is a busy day for the FRU section. Beginning with our annual highlights session, Marcus Drake, Magda Kujawa, Nikita Bhatt, Mo Belal and myself will provide updates on research, GIRFT service delivery, new BAUS FRU consensus documents and implant registries. This is followed by our collaboration with the endourology section concerning the challenges we face in men with mixed storage and voiding LUTS. Valuable insights will be provided by Jon Barclay, Jaskarn Rai, Laurence Clarke, Eskinder Solomon and Neil Barber. We conclude the day with how to tackle female voiding dysfunction guided by our international expert Professor Anne Cameron. She's joined by Mehwash Nadeem and Mahreen Pakzad and all will discuss cases using an MDT approach.

Wednesday brings our aptly named "Functional urology - I'm a generalist get me out of here!" session. Our speakers, Tom King, Andy Kozan, Richard Inman will show "how to do" videos to assist us in those difficult emergency situations when dealing with ureteric, bladder and urethral injury.

This year we're delighted to have 2 ePoster sessions and we are very grateful to the FRU members who scored the abstracts submitted.

In addition to our popular urodynamics and functional emergency skills courses organised by Hashim Hashim and Sachin Malde, we have a new Sacral Neuromodulation 'hands on' course led by Mo Belal.

We are very grateful to our chairs and speakers, and we look forward to seeing you at our #FUN urology programme in Manchester this year.

**Arun Sahai**, Chair,  
BAUS Section  
of Functional &  
Reconstructive  
Urology

**Suzanne Biers**,  
Vice-Chair,  
BAUS Section  
of Functional &  
Reconstructive  
Urology

**Magda Kujawa**,  
Secretary,  
BAUS Section  
of Functional &  
Reconstructive  
Urology

**BAUS ASTELLAS SPONSORED SYMPOSIUM:**

## **Overactive Bladder: Rethinking Treatment Strategies in the Modern Era**

**Monday 16<sup>th</sup> June, 17:30 – 18:00**

**Exchange Auditorium**

Join our expert panel to discuss treatment strategies in overactive bladder, including addressing challenges and setting priorities for future care.

**Mr Mohammed Belal**

Consultant Urological Surgeon,  
Queen Elizabeth Hospital, Birmingham

**Miss Suzanne Biers**

Consultant Urologist,  
Addenbrookes Hospital, Cambridge

This is a promotional symposium organised and funded by Astellas Pharma Ltd. for UK healthcare professionals only. Astellas products will be discussed. **Prescribing information will be available during the symposium, and at the Astellas stand.**

The BAUS Section of Oncology is delighted to welcome you to Manchester for what promises to be an exceptional gathering of urological experts. Over the course of three days, we will explore cutting-edge advancements, debate the most pressing topics in uro-oncology, and, if history is anything to go by, engage in some lively and thought-provoking Q&A sessions.

This year's programme is packed with a diverse range of sessions, from semi-live surgical video demonstrations to in-depth discussions on molecular innovations, emerging biomarkers, and the complexities of transplant uro-oncology. We are privileged to host world-renowned experts, including **Jean-Baptiste Roche** from France, **Hassan Abol-Enein** from Egypt, **Karel Decaestecker** from Belgium, **Damien Bolton** from Australia, and **Jose A. Karam** from the United States. Their presence offers a unique opportunity for our members to exchange scientific ideas, strengthen collaborations, and gain insights from global leaders in the field. We are also honoured to be joined by distinguished uro-oncologists **Alison Birtle** and **Pasquale Rescigno**, bringing a truly multidisciplinary approach to this year's discussions.

The meeting begins on **Monday, 16 June**, with a session focused on precision and progress in uro-oncology. A Semi-Live Video Session will set the tone for the conference, showcasing the expertise of leading surgeons as they share innovative techniques and strategies. **Jean-Baptiste Roche** will present on vaginal and nerve-sparing female robotic cystectomy, while **Hassan Abol-Enein** will highlight diversion strategies for cases where healthy bowel segments are limited. **Muddassar Hussain** will provide insights into the intricacies of retroperitoneal robotic surgery, and **Stefanos Bolomytis** will address challenges in transperineal prostate biopsy. **Raveen Sandher** will delve into the nuances of partial orchidectomy and onco-microtesticular procedures, ensuring a comprehensive discussion on evolving surgical techniques. This session promises to challenge conventional thinking, enhance surgical skills, and stimulate discussion on innovative approaches to urological oncology.

On **Tuesday, 17 June**, the spotlight will turn to innovations in prostate and bladder cancer. The morning session will explore genetic insights, biomarker advancements, and evolving treatment paradigms in prostate cancer. **Pasquale Rescigno** will examine the significance of germline and somatic testing, while **Zafer Tandogdu** will discuss the shifting landscape of biochemical recurrence management strategies. **Taimur Shah** will share the latest outcomes from the FORECAST trial, providing critical insights into focal therapy for radio-recurrent disease. This session will equip clinicians with the latest knowledge to navigate the rapidly evolving landscape of precision medicine in prostate cancer management.

The afternoon will focus on bladder and urothelial cancer. **Param Mariappan** will question the role of TURBT in muscle-invasive bladder cancer, prompting a discussion on whether it remains a cornerstone of modern management. **Niyati Lobo** will present provocative insights on active surveillance in non-muscle-invasive bladder cancer, while **Alison Birtle** will explore the emerging role of circulating tumor DNA in diagnostics, paving the way for liquid biopsy innovations. Sustainability in uro-oncology is increasingly vital, and **Joseph John** will present preliminary findings from the ELLA audit, shedding light on sustainable practices in contemporary uro-oncology care.

**Vishwanath Hanchanale,**  
Chair, BAUS Section  
of Oncology

**Bhavan Rai,** Vice  
Chair, BAUS Section  
of Oncology

**Gokul Kanda Swarmy,**  
Secretary, BAUS  
Section of  
Oncology

To conclude the day, the focus will shift to transplant uro-oncology, with a session chaired by **Alistair Rogers**, **Vishwanath Hanchanale**, and **Fiona McCaig**. **David Rix** will discuss the challenges of managing renal cancer in transplant recipients, while **Jonathon Olsburgh** will address controversial topics such as active surveillance for prostate cancer in transplant patients. With the growing intersection of oncology and transplant medicine, this session will provide valuable guidance on handling complex cases. **Karel Decaestecker** will offer insights into advanced robotic transplantation techniques, and **Rhana Zakri** will explore the unique challenges of managing urothelial malignancy in transplant recipients.

The conference will conclude on **Wednesday, 18 June**, with a forward-looking session on the future of upper tract malignancies. **James Blackmur** will explore hereditary risk factors and their implications for patient counselling, while **Jose A. Karam** will present the latest evidence on cytoreductive nephrectomy in metastatic renal cancer. **Hannah Warren** will introduce the novel KIM-1 biomarker in renal cancers, offering a glimpse into the potential of biomarker-driven treatment. The final session will see **Bhavan Rai** leading an evidence-driven discussion on radical nephroureterectomy for upper tract urothelial cancer, equipping attendees with the most up-to-date data to inform their clinical decisions.

Beyond the scientific discourse, BAUS 2025 will provide ample opportunities for networking, collaboration, and the exchange of ideas. Whether it is discussing complex cases over coffee, engaging in spirited debates during panel sessions, or brainstorming future research collaborations, this meeting is designed to foster a sense of community and innovation.

We extend our sincere gratitude to all our outstanding speakers, participants, and organizers. Your dedication and contributions make this meeting a truly dynamic and impactful event. We encourage you to dive in, participate actively, and most importantly, enjoy the experience.

# BAUS SECTION OF TRAINEES (BSOT)

The BAUS Section of Trainees (BSOT) invites you to the BAUS Annual Meeting 2025—an essential event for urologists at all stages of their careers. Our programme this year is designed to challenge perspectives, enhance surgical decision-making, and address the pressing issues facing urological practice today.

## **Monday: Decision-Making in Complex Urology**

We begin with “Multi-morbid patients: to operate or not, that is the question”. A true test of a surgeon’s judgment, this session will explore the delicate balance surgical and medical management of complex urological patients. Miss Tharani Nitkunan will start the discussion on the dilemmas we face when managing multi-morbid patients. We’ll be joined by an anaesthetist who’ll break down the important considerations for these patients and a Uro-Geriatrician who will share insights on improving outcomes. A palliative care consultant will guide us through when it’s time to prioritise palliation. The session will conclude with case discussions featuring our expert panel, equipping you with practical strategies for navigating these challenging cases.

## **Tuesday: Medico-Legal Insights & Surgical Backlogs**

Start the day with the BSOT Fun Run for TUF—a 5k run supporting The Urology Foundation. It’s a great way to kick off the day so remember to bring your trainers!

The morning session, “A Law Unto Ourselves: Preventing Medico-Legal Issues in Urology,” will focus on common litigation pitfalls. Prof Frank Chinegwundoh will examine key urological legal cases, Mr Daniel Wilby will provide expert guidance on navigating Coroner’s inquests. Miss Francesca New will share invaluable advice on how to safeguard yourself and mitigate the risks of litigation.

In the afternoon, “HIT or Miss: Reducing the Elective Surgery Backlog” tackles one of the biggest challenges in urology today. Mr Ben Challacombe will explore the role of High-Intensity Theatre (HIT) lists in improving surgical efficiency, while Mr John McGrath presents alternative strategies for reducing wait times. A panel debate featuring Miss Justine Royle and Mr Andrew Dickinson will examine the impact of these initiatives on surgical training.

The day concludes with the BSOT Dinner—a perfect opportunity to network with colleagues in a relaxed setting.

## **Wednesday: Resilience & Overcoming Challenges**

The final session, “Beyond the Cystoscope: Overcoming Obstacles in Urology and Beyond,” highlights stories of resilience and perseverance. Mr Omer El-Taji shares his experiences volunteering in a war zone, Mr John Hayes reflects on his journey through recent medical treatment, and Mr Michael Ahn discusses strategies for managing burnout. Miss Lilli Cooper will provide expert coaching on overcoming adversity. The session will close with the presentation of the Bronze and Silver Cystoscope Awards, celebrating excellence in the field.

Join us at BAUS 2025 for thought-provoking discussions, practical insights, and networking opportunities that will shape the future of urology.

**Tony Tien**, Chair,  
BAUS Section of  
Trainees (BSOT)

**Bushra  
Abdelquader**,  
Chair-Elect, BAUS  
Section of Trainees  
(BSOT)

## BAUS SECTION OF SAS AND TRUST UROLOGISTS

The BAUS Section of SAS and Trust Urologists (SSTU) is delighted to host two dedicated sessions at BAUS 2025, taking place on Tuesday, 17 June, and Wednesday, 18 June. This year's programme continues our commitment to supporting SAS and Trust Urologists by addressing key professional and career development topics.

On Tuesday, our session will focus on empowering SAS and Trust Urologists through national initiatives, including a review of one year of SSTU, findings from the SSTU Census, and the latest updates on the SAS Charter by RCS England. We will also highlight the importance of mentorship and the opportunities with BAUS in professional growth.

On Wednesday, we will explore career progression and overcoming challenges, with inspiring personal journeys from colleagues. The session will also feature some updates on the Portfolio Pathway, including insights into the East Midlands pilot and the role of honorary contracts in supporting portfolio pathway candidates.

Following the success of last year's Portfolio Pathway Workshop, which was the highest-attended skills course, we are pleased to announce its return in BAUS 2025, offering colleagues hands-on guidance for their professional journey.

Through these sessions, SSTU aims to provide SAS and Trust Urologists with practical insights, peer support, and the latest updates to enhance career opportunities and professional development.

**Samavedam  
("SS") Murali,**

Chair, BAUS Section  
of SAS and Trust  
Urologists

**Adham Ahmed,**

Vice Chair, BAUS  
Section of SAS and  
Trust Urologists

**Rickaz Raheem,**

Secretary, BAUS  
Section of SAS and  
Trust Urologists

# BRITISH UROLOGY RESEARCHERS IN SURGICAL TRAINING (BURST)

We are delighted to welcome you to #BURSTatBAUS this year. We have something for everyone on every day of the conference.

## MONDAY 16:30

Have you ever wondered if fake news has transcended American politics and infiltrated your daily Urology practice? We're here to do a fact-check. Hear from our experts across oncology, functional / reconstruction, male LUTS, andrology and stones as they pick apart the key research you've taken for granted. Before that, Professor Freddie Hamdy, editor-in-chief of BJUI, will set the scene with a keynote on the perils of misinformation in research.

## TUESDAY 14:00

This year, Manchester will host the (Research) X Factor in collaboration with The Urology Foundation (TUF). Get your buzzers ready as you hear from various contestants from across the country competing for your votes to take their innovative research ideas to the next level.

## WEDNESDAY 14:00

Be the first to hear the initial results from the WASHOUT study. WASHOUT aims to describe and compare the current practices of inpatient management of Haematuria. We'll start with a fierce debate about whether we're all currently managing haematuria incorrectly. Then tune in to our all-star MDT panel as they get your pulse racing by taking us through their worst cases of haematuria and how they've managed them.

**Kevin Byrnes,**

Co-Chair, BURST

**Arjun Nathan,**

Co-Chair, BURST

Chairs: **Rob Calvert**, Royal Liverpool University Hospital, **Jon Aning**, Southmead Hospital, Bristol and **Jo Cresswell**, Past-President of BAUS and James Cook University Hospital, Middlesbrough

0900–0903 **Introduction**

Chairs: **Rob Calvert**, Royal Liverpool University Hospital, **Jon Aning**, Southmead Hospital, Bristol and **Jo Cresswell**, Past-President of BAUS and James Cook University Hospital, Middlesbrough

0903–0918 **What Does a Good National Screening Programme Require?**  
**Ben Challacombe**, Guy's & Thomas's Hospital

0918–0933 **Transforming Screening in Prostate Cancer**  
**Hashim Ahmed**, Charing Cross Hospital, London

0933–0948 **Prostate Cancer: Is More Screening the Way Forward?**  
**Derek Rosario**, Royal Hallamshire Hospital, Sheffield

0948–1003 **Prostate Cancer Screening – Well Intentioned Initiative but Not Improving Health Outcomes**  
**John Brandt Brodersen**, Professor of General Practice, University of Copenhagen, Denmark

1003–1015 **Q&A and Summary**

Exchange Auditorium

**1015–1045**

## AGM

**Ian Pearce**, President of BAUS and Manchester Royal Infirmary

**1015–1100 Refreshments, Networking and Exhibition Viewing**

Exchange Auditorium

**1100–1130**

## BAUS Guest Lecture 1: Prostate Cancer: My Journey

Chairs: **Ben Challacombe**, Guy's & Thomas's Hospital and **Sarika Nalagatla**, Frimley Park Hospital

**Sir Steve McQueen CBE**, Artist and Filmmaker

Exchange Auditorium

**1130-1200**

## BAUS 80th Anniversary Guest Lecture

Chairs: **Vishwanath Hanchanale**, Liverpool University Hospitals Foundation Trust and **Sara Ramsey**, Raigmore Hospital, Inverness

1130-1150 Navigating Disease Together: Supporting Patients in their Cancer Journey

**Lilli Cooper**, Co-Active Coach and Post-CCT Plastic Surgeon

1150-1200 Q&A

Exchange Auditorium

**1200-1220**

## Cancer Survivor Challenges

Chairs: **Vishwanath Hanchanale**, Liverpool University Hospitals Foundation Trust and **Sara Ramsey**, Raigmore Hospital, Inverness

1200-1215 Providing Personalised Cancer Care

**David Cullen**, Lead Nurse for Kidney Cancer, Royal Free Hospital

1215-1220 Q&A

Exchange Auditorium

**1220-1255**

## Medal & Awards Presentation I

**Ian Pearce**, President of BAUS and Manchester Royal Infirmary

1220-1230 **St Paul's Medal**

Citation by: **Matthew Perry**, Royal Surrey Hospital, Guildford

Presented to: **Hassan Abol-Enein**, Urology & Nephrology Center Mansoura University, Egypt

1230-1238 **Gold Medal**

Citation by: **Joe Philip**, Vice President for Education & President Elect and Southmead Hospital, Bristol

Presented to: **Gurpreet Singh**, Retired Consultant Urologist

1238-1246 **KARL STORZ Harold Hopkins Golden Telescope Award**

Citation by: **Prabhaker Rajan**, St Bartholomew's Hospital

Presented to: **Bhavan Rai**, Freeman Hospital, Newcastle

1246-1250 **Certificate of Distinction**

Citation by: **Suzanne Biers**, Addenbrooke's Hospital, Cambridge

Presented to: **Russell Etherington**, Boston Scientific

1250-1255 **AUA Global Residents Leadership Retreat**

**Deepika Reddy**, Guy's and St Thomas' Hospital, London

1230–1400 Lunch, Networking and Exhibition Viewing

Exchange Auditorium

1315–1400

## KARL STORZ Satellite Symposium

**Ruth Doherty**, Norfolk and Norwich University Hospital
- 1510–1520      **Stroke**  
**Nicholas Faure Walker**, King's College Hospital, London
- 1520–1530      **Q&A**

Charter 3

**1400–1530**

## Improving Outcomes in Upper Tract Urothelial Carcinoma – an Endourology Perspective

Chairs: **Alistair Rogers**, Freeman Hospital, Newcastle and **Hari Ratan**, Nottingham University Hospitals

- 1400–1415      **Diagnosis and Endoscopic Management**  
**Joyce Baard**, Amsterdam UMC, Amsterdam, The Netherlands
- 1415–1430      **iDUNC Update for the Endourologist**  
**Bhavan Rai**, Freeman Hospital, Newcastle
- 1430–1445      **Service Design and MDT Working – Smoothing a Bumpy Pathway**  
**Kay Thomas**, Guy's & St Thomas' Hospital, London
- 1445–1500      **When Can / Should Endourologists Manage UTUC?**  
**Mark Cutress**, Western General Hospital, Edinburgh
- 1500–1530      **Cases and Questions**  
**Panel and Chairs**

## Exchange 9

1400–1445

## Medical Students in Urology

Chairs: **Ben Ayres**, St George's Hospital, London and **Kelly Ong**, Whipps Cross Hospital, London

- 1400–1405 Introduction and Presentation of Certificates for the National Winner & Runner Up of the BAUS Medical Student Essay Competition  
**Joseph Ribbon**, Leicester Medical School (Winner)  
**Shreya Dwarakacherla**, University of Cambridge (Runner-Up)
- 1405–1420 Presentation on 'Is it now time to introduce a national prostate screening programme in the UK?'  
**Joseph Ribbon**, Leicester Medical School
- 1420–1435 Innovation and Technology in Urology – Now and What's Coming in the Future?  
**Prokar Dasgupta OBE**, King's College London and Guy's and St Thomas's Hospital
- 1435–1445 Urolink and Tips for Working in Developing Countries During Your Elective  
**Danielle Whiting**, Frimley Park Hospital, London

## Exchange 9

1445–1530

## Foundation Years and Core Trainees in Urology

Chairs: **Kasra Saeb-Parsy**, Cambridge University Hospital and **Kelly Ong**, Whipps Cross Hospital, London

- 1445–1450 FY/CT Audit QuIP Competition Introduction  
**Kasra Saeb-Parsy**, Cambridge University Hospital
- 1450–1500 Presentation of the Wining Audit QuIP Competition
- 1450–1455 Reducing on the day theatre cancellations: A quality improvement audit in Urology  
**Emeka Nwokeocha**, Broomfield Hospital
- 1455–1500 Ultrasound Evaluation and Grading of Varicoceles: Clinical Audit  
**Ibrahim Abuelbeh**, Manchester University NHS Foundation Trust
- 1500–1505 How and Why: Become Urological Oncological Surgeon  
**Hosam Serag**, Queen Elizabeth Hospital, Birmingham
- 1505–1510 How and Why: Become an Endourologist  
**Tamer El Hussein**, Charing Cross Hospital, London
- 1510–1515 How and Why: Become an Andrologist  
**Asif Muneer**, University College Hospital, London
- 1515–1520 How and Why: Become Functional Urologist  
**Charlotte Dunford**, Norfolk and Norwich University Hospital
- 1520–1525 How and Why: Become Academic Urological Surgeon  
**Maxine Tran**, University College London
- 1525–1530 How and Why: Spend Time in a Different Healthcare System  
**David Thurtle**, Cambridge University Hospital

## Well Being & Longevity in Urology

Chairs: **Kevin Turner**, Royal Bournemouth Hospital and **Beatrice Bouchard**, Senior Fellow in Functional Urology, Southmead Hospital, Bristol

1630–1634 Introduction

Chairs: **Kevin Turner**, Royal Bournemouth Hospital and **Beatrice Bouchard**, Senior Fellow in Functional Urology, Southmead Hospital, Bristol

1634–1646 Mastering Time: The Power of Priorities and the Art of Saying 'No'  
**Theodora Stasinou**, Manchester University Foundation Trust

1646–1649 Q&A

1649–1701 Work Smarter, Live Longer: Achieving Balance for Longevity  
**Steve Payne**, Honorary Consultant Urologist, Manchester Royal Infirmary & BAUS Workforce Lead

1701–1704 Q&A

1704–1719 Resilience Is Between Us, Not Just Within Us  
**Olivia Donnelly**, Clinical Psychologist North Bristol NHS Trust

1719–1723 Q&A

1723–1730 Summary

Chairs: **Kevin Turner**, Royal Bournemouth Hospital and **Beatrice Bouchard**, Senior Fellow in Functional Urology, Southmead Hospital, Bristol

Charter 1

**1630–1730**

## 'As Live' Video Session – BPH; 'How I do It'

Chairs: **Mark Harris**, University Hospital Southampton and **Rachel Morrison**, Harrogate District Hospital

1630–1645 LA Rezum

**Ben Dreyer**, Victoria Hospital, Kirkcaldy

1645–1650 Q&A

1650–1705 ThuFLEP

**Tamer El Hussein**, Charing Cross Hospital, London

1705–1710 Q&A

1710–1725 Aquablation

**Jeremy Nettleton**, Cheltenham General Hospital

1725–1730 Q&A

Charter 2  
**1630–1730**

## Penile Cancer – Let Us Update You

Chairs: **Arie Parnham**, The Christie NHS Foundation Trust, Manchester and **Ayo Kalejaiye**, North Bristol NHS Trust

- 1630–1640      HPV Vaccination and Penile Cancer – What Do You Need to Know?  
**Asif Muneer**, University College Hospital, London
- 1640–1645      Discussion
- 1645–1655      Advances in Oncological Treatments for Men with Advanced Penile Cancer  
**Amit Bahl**, Clinical Director for Bristol Haematology and Oncology Centre, University Hospitals Bristol NHS Foundation Trust
- 1655–1700      Discussion
- 1700–1710      Penile Reconstruction in Genital Oncology – When to Refer for Phalloplasty?  
**Wai Gin (Don) Lee**, University College Hospital, London
- 1710–1715      Discussion
- 1715–1725      QoL After Penile Cancer – A Contemporary Update  
**Michelle Christodoulidou**, Leicester General Hospital
- 1725–1730      Discussion

Charter 3  
**1630–1730**

## FAKE NEWS! Challenging the Evidence in Urology

Chairs: **Arjun Nathan**, Royal Free Hospital, London and **Prokar Dasgupta OBE**, King's College London and Guy's and St Thomas's Hospital

- 1630–1645      Keynote Lecture: Misleading Research – When to Question and When to Trust?  
**Freddie Hamdy**, Churchill Hospital, Oxford
- 1645–1725      Challenging Everyday Practice: Is It Really Evidence-Based?
- 1645–1653      Oncology  
**Jon Aning**, Southmead Hospital, Bristol
- 1653–1701      Female, Functional and Reconstruction  
**Tamsin Greenwell**, University College Hospital, London
- 1701–1709      Male LUTS  
**Richard Hindley**, Basingstoke and North Hampshire Hospital
- 1709–1717      Andrology  
**Maria Satchi**, Kings College Hospital, London
- 1717–1725      Stones  
**Oliver Wiseman**, Addenbrooke's Hospital, Cambridge
- 1725–1730      The LANDMARK Project: a Single-Point Resource for the Key Papers in Urology  
**Cameron Alexander**, Colchester General Hospital

Exchange 9

**1630–1730**

## Paediatric Urology

Chairs: **Shabnam Undre**, Consultant Adult and Paediatric Urological Surgeon, Lister Hospital, Stevenage and **Anu Paul**, Consultant in Paediatric Urology, Guy's & St Thomas' Hospital, London

1630–1650

### Late Presenting Posterior Urethral Valves

**Divyesh Desai**, Clinical Lead and Director of Urodynamics, Great Ormond St Hospital for Children

1650–1710

### The Fate of the Mitrofanoff

**Alun Williams**, Consultant Paediatric Surgeon, Nottingham University Hospitals NHS Trust

1710–1730

### Being in Between – The Challenges of Transition Services

**Claire Taylor**, Guy's & St Thomas' Hospital, London

## Innovations in Bladder and Urothelial Cancer Management: Surveillance, Biomarkers, and Surgical Decisions

Chairs: **Mark Haynes**, Craigavon Area Hospital, Portadown and **Eva Bolton**, Charing Cross Hospital, London

1400–1402 Introduction

Chairs: **Mark Haynes**, Craigavon Area Hospital, Portadown and **Eva Bolton**, Charing Cross Hospital, London

1402–1414 TURBT in Muscle-Invasive Bladder Cancer (MIBC): Friend or Foe?  
**Param Mariappan**, Western General Hospital, Edinburgh

1414–1416 Q&amp;A

1416–1428 Active Surveillance in Non-Recurrent Low-Grade Bladder Cancer:  
A Paradigm Shift?  
**Niyati Lobo**, Addenbrooke's Hospital, Cambridge

1428–1430 Q&amp;A

1430–1442 Evolving Role of Circulating DNA in Urothelial Cancer Diagnosis  
and Treatment

**Alison Birtle**, Consultant Clinical Oncologist and Honorary Clinical  
Professor, Lancashire Teaching Hospital NHS Foundation Trust

1442–1444 Q&amp;A

1444–1456 Ella Audit and Pathway

**Joseph John**, Royal Devon and Exeter NHS Foundation Trust

1456–1458 Q&amp;A

1458–1500 Conclusion

Chairs: **Mark Haynes**, Craigavon Area Hospital, Portadown and **Eva Bolton**, Charing Cross Hospital, London

Charter 1

1400–1500

## Mixed Urinary LUTS in Men – Functional Versus Endourology Approach

Chairs: **Mo Belal**, Queen Elizabeth Hospital, Birmingham, **Suzanne Biers**,  
Addenbrooke's Hospital, Cambridge and **Richard Hindley**, Basingstoke and North  
Hampshire Hospital

1400–1410 Diagnosis and the Role of Urodynamics in BPO Surgery  
**Jonathan Barclay**, Freeman Hospital, Newcastle

- 1410-1420 Persisting Storage LUTS After BPO Surgery  
**Jaskarn Rai**, University Hospitals of Leicester NHS Trust
- 1420-1430 Persisting Voiding LUTS After BPO Surgery  
**Laurence Clarke**, Salford Royal Hospital
- 1430-1500 LUTS and Urinary Retention in Younger Men
- 1430-1440 Bladder Neck Obstruction VS Sphincteric Obstruction  
**Eskinder Solomon**, Consultant Clinical Scientist, Guy's & St Thomas' Hospital, London
- 1440-1450 The Role of MIST for Bladder Neck Obstruction in Younger Men  
**Neil Barber**, Frimley Park Hospital, London
- 1450-1500 Q&A

## Charter 2

1400-1500

## Andrology – Not Everything is as it Seems, and Not Everything that Seems is

Chairs: **Maria Satchi**, Kings College Hospital, London and **Vaibhav Modgil**, Manchester Royal Infirmary

- 1400-1415 Does Plication Really Cause Shortening? Debunking the Myths in Peyronie's Disease  
**Nick Watkin**, St George's Hospital, London

| 1624 – 1630 | Discussion & Close  |

Exchange Auditorium

1630–1730

## Health Economics: Changing and Challenging Future

Chairs: **Kalpesh Parmar**, Freeman Hospital, Newcastle, **Sarah Wood**, Norfolk And Norwich University Hospital and **Suresh Venugopal**, Royal Liverpool University Hospital

1630–1634 Introduction

Chairs: **Kalpesh Parmar**, Freeman Hospital, Newcastle, **Sarah Wood**, Norfolk And Norwich University Hospital and **Suresh Venugopal**, Royal Liverpool University Hospital

1634–1648 Value Based Healthcare in Urology

**Prokar Dasgupta OBE**, King's College London and Guy's and St Thomas's Hospital

1648–1651 Q&A

1651–1705 Navigating Challenges in UK Urology Care: Adapting to Rapid Technological Advances

**Nikhil Vasdev**, Lister Hospital, Stevenage

1705–1708 Q&A

1708–1722 NHS: Tough Choices– Cash, Ethics and ESG (Environmental, Social, Governance)

**David Jackman FRSA**, FRGS, Co-Chair ISO Committee on ESG, Co-chair of Pay Plan and Profile Pensions

1722–1725 Q&A

1725–1730 Summary

Chairs: **Kalpesh Parmar**, Freeman Hospital, Newcastle, **Sarah Wood**, Norfolk And Norwich University Hospital, and **Suresh Venugopal**, Royal Liverpool University Hospital

Charter 1

1630–1730

## Transplant Uro-Oncology

Chairs: **Alistair Rogers**, Freeman Hospital, Newcastle, **Vishwanath Hanchanale**, Liverpool University Hospitals Foundation Trust and **Fiona McCaig**, Royal Free Hospital, London

1630–1640 Management of Renal Cancer in the Live Donor and Transplant Recipient

**David Rix**, Freeman Hospital, Newcastle

1640–1655 Robotic Auto-Transplantation

**Karel Decaestecker**, Ghent University Hospital, Belgium

1655–1700 Q&A

1700–1710 Prostate Cancer Controversies: How Long to Wait and Active Surveillance in Recipients

**Jonathon Olsburgh**, Guy's & St Thomas' Hospitals, London

1710–1715 Q&A

1715–1725 Urothelial Malignancy in Recipients; An Update

**Rhana Zakri**, Guy's & St Thomas' Hospitals, London

1725–1730 Q&A

Charter 2  
1630–1730

## Developments in Endourology – an International Perspective

Chairs: **Subu Subramonian**, Queen Elizabeth University Hospital, Birmingham and **Rashmi Singh**, Kingston Hospital, London

- 1630–1650      Introduction of PCNL in the Low Resource Setting  
**Charles Mabedi**, Kamuzu Central Hospital, Lilongwe, Malawi
- 1650–1710      Everything I Do, I Do It For You: Patient-Centred Clinical Trials  
**Khurshid Ghani**, University of Michigan Medical School, Michigan, United States
- 1710–1730      Guidelines and their Basis; a European Perspective  
**Thomas Knoll**, Section Office Chair, European Association of Urology (EAU) and Mannheim University Hospital Medical School, Germany

 Charter 3  
1630–1730

## Let's Set the Record Straight

Chairs: **Helen Bernie**, Indiana University School of Medicine, Indiana, United States and **Tet Yap**, Guy's & St Thomas' Hospital, London

- 1630–1640      Vasectomy – Let's Share Best Practice  
**Melanie Atkinson**, Retired Vasectomy Surgeon, Aneurin Bevan UHB
- 1640–1645      Discussion
- 1645–1655      Vasectomy Reversal – Don't Believe What They Tell You  
**Varun Sahdev**, Southampton General Hospital
- 1655–1700      Discussion
- 1700–1710      Premature Ejaculation – There is No Surgical Treatment  
**Mohamed Mubarak**, Sunderland Royal Hospital
- 1710–1715      Discussion
- 1715–1725      Augmentation Surgery Doesn't Work, or Does It?  
**Suks Minhas**, Charing Cross Hospital, London
- 1725–1730      Discussion

 Exchange 9  
1630–1730

## HIT or Miss: Reducing the Elective Surgery Backlog

Chairs: **Bushra Abdelqader**, Epsom and St Helier University Hospitals NHS Trust and **Matthew Clark**, Wythenshawe Hospital, Manchester

- 1630–1645      HIT Lists – Is This Sustainable?  
**Ben Challacombe**, Guy's & Thomas's Hospital
- 1645–1650      Q&A
- 1650–1705      Innovative Solutions for Elective Surgery Backlog: From Elective Hubs to HVLC and Beyond  
**John McGrath**, North Bristol NHS Trust

1705-1710 Q&A

1710-1725 Debating Training in the Era of Efficiency: Striking the Right Balance

**Justine Royle**, Aberdeen Royal Infirmary VS. **Andrew Dickinson**, University Hospitals Plymouth

1725-1730 Q&A

Exchange Auditorium

**1730-1800**

## Coloplast Satellite Symposium

See page 19 for details

# TUESDAY 17 JUNE

## ePOSTER SESSIONS

Charter 1  
0800-0900

### ePoster 3: Prostate Cancer 1

Chairs: **Murthy Kusuma**, Royal Surrey Hospital, Guildford, **Flora Rogers**, Queen Elizabeth University Hospital, Glasgow and **Shiv Pandian**, North Middlesex Hospital, London

Please see page 86 for the ePosters

Charter 2  
0800-0900

### ePoster 4: Andrology: Male Genital Cancers & Reconstruction – Penile, Urethral, Testis

Chairs: **Christina Fontaine**, Southmead Hospital, Bristol, **Vivekanand Kumar**, Norfolk And Norwich University Hospital and **Ben Ayres**, St George's Hospital, London

Please see page 88 for the ePosters

Charter 3  
0800-0900

### ePoster 5: Functional Urology & Neuro-Urology Bladder Dysfunction and Reconstruction 2

Chairs: **Simon Fulford**, The James Cook University Hospital, Middlesbrough and **Tina Rashid**, Chelsea & Westminster Hospital, London

Please see page 90 for the ePosters

Exchange 9  
0800-0900

### ePoster 6: Stones / Imaging / Upper Tract Disorders 1

Chairs: **Damien Bolton**, President, Urological Society Australia and New Zealand (USANZ) and **Ninaad Awsare**, Whiston Hospital, Prescot

Please see page 92 for the ePosters

Charter 4  
0800-0900

### ePoster 7: History of Urology

Chairs: **Robyn Webber**, Victoria Hospital, Kirkcaldy and **Iain Wharton**, University Hospital, Coventry

Please see page 94 for the ePosters

Charter 4  
**1130-1230**

**ePoster 8:**

**Benign Andrology, Genitourethral Reconstruction and Male Infertility**

Chairs: **Chi-Ying Li**, Whipps Cross University Hospital, London and **Theodora Stasinou**, Manchester University Foundation Trust

Please see page 96 for the ePosters

Charter 4  
**1400-1500**

**ePoster 9:**

**Management / Governance/ Education/ Quality Improvement 1**

Chairs: **Brian Duggan**, The Ulster Hospital, Dundonald and **Tharani Nitkunan**, Epsom General Hospital, Surrey

Please see page 98 for the ePosters

Exchange 9  
**1530-1630**

**ePoster 10:**

**Bladder Cancer: Muscle & Non-Muscle Invasive**

Chairs: **Amit Mevcha**, Royal Bournemouth Hospital and **Niyati Lobo**, Addenbrooke's Hospital, Cambridge

Please see page 100 for the ePosters

Charter 4  
**1530-1630**

**ePoster 11:**

**Stones / Imaging / Upper Tract Disorders 2**

Chairs: **Joyce Baard**, Amsterdam UMC, Amsterdam, The Netherlands and **Jake Patterson**, Royal Hallamshire Hospital, Sheffield

Please see page 102 for the ePosters

Charter 4  
**1630-1730**

**ePoster 12:**

**Uro-technology, Artificial Intelligence & Urology Apps**

Chairs: **Johann Boaz**, Charing Cross Hospital, Imperial College London and **Kathryn Bandeira de Mello**, Milton Keynes University Hospital

Please see page 104 for the ePosters

**Hannah Warren**, Guy's & Thomas's Hospital, London
- 1442-1444 Q&A
- 1444-1456 Evidence Base for Radical Nephroureterectomy (RNU) in Node-Positive (cN+) Upper Tract Urothelial Cancer (UTUC)  
**Bhavan Rai**, Freeman Hospital, Newcastle
- 1456-1458 Q&A
- 1458-1500 Conclusion  
Chairs: **Faiz Mumtaz**, Royal Free Hospital, London, **Zoe Panayi**, Salford Royal Hospital and **Rajan Veeratterapillay**, Freeman Hospital, Newcastle

## Charter 2

## 1400-1500

## SAS & Trust Urologists: Navigating Career Progression and Overcoming Challenges

Chairs: **Kathryn Bandeira de Mello**, Milton Keynes University Hospital and **Govindaraj Rajkumar**, Basingstoke and North Hampshire Hospital

- 1400 – 1403 Introduction  
Chairs: **Kathryn Bandeira de Mello**, Milton Keynes University Hospital and **Govindaraj Rajkumar**, Basingstoke and North Hampshire Hospital
- 1403 – 1413 My story: From NTN trainee to SAS to Consultant  
**Susan Wong**, University Hospitals Birmingham NHS Foundation Trust
- 1413 – 1423 Taking Control – My SAS Journey  
**Gurvinder Singh Josan**, Worcestershire Acute Hospitals NHS Trust
- 1423 – 1430 Q&A and Discussion
- 1430-1500 Portfolio Pathway Updates
- 1430 – 1440 Portfolio Pathway Review pilot in East Midlands  
**Jaskarn Rai**, University Hospitals of Leicester NHS Trust
- 1440 – 1450 Honorary Contracts for Portfolio Pathway Candidates  
**Rickaz Raheem**, Bedfordshire Hospitals NHS Foundation Trust
- 1450 – 1500 Discussion & Close

## Charter 3

1400–1500

## Controversies in Andrology, or Are They? – Audience Debate

Chairs: **Raveen Sandher**, Guy's & St Thomas' Hospital, London and **Chi-Ying Li**, Whipps Cross University Hospital, London

- 1400–1410      **Why Do We Still Offer Preputioplasty?**  
**Kenneth Patterson**, Beaumont Hospital, Dublin
- 1410–1415      Discussion
- 1415–1425      **We Really Ought to Offer Foreskin Preserving Options**  
**Theodora Stasinou**, Manchester University Foundation Trust
- 1425–1430      Discussion
- 1430–1440      **Post Prostatectomy Erectile Dysfunction – You've Got it All Wrong**  
**Jon Aning**, Southmead Hospital, Bristol
- 1440–1445      Discussion
- 1445–1455      **Post Prostatectomy – Prehab, Rehab, and Early Implantation**  
**Sherita King**, Augusta University, Augusta, Georgia, United States
- 1455–1500      Discussion

## Exchange 9

1400–1500

## Haematuria? You've Got it All Wrong

Chairs: **Nikita Bhatt**, Newcastle Upon Tyne Hospital and **James Catto**, Royal Hallamshire Hospital, Sheffield

- 1400–1415      **Debate: Ongoing Haematuria After 24 hours Should be Taken to the Emergency Theatre**  
**Chair: Benjamin Lamb**, The Royal London Hospital
- For:              **Ben Challacombe**, Guy's & Thomas's Hospital
- Against:        **Bernadett Szabados**, University College Hospital, London
- 1415–1420      **Update from the WASHOUT Study**  
**Nikita Bhatt**, Newcastle Upon Tyne Hospital and **Kevin Byrnes**, Royal London Hospital, London
- 1420–1500      **Round Table: The Most Challenging Case of Haematuria I've Managed**  
**Round Table Moderator: James Catto**, Royal Hallamshire Hospital, Sheffield
- Emergency Cystectomy  
**James Catto**, Royal Hallamshire Hospital, Sheffield
- Interventional Radiology  
**Conrad Von Stempel**, Consultant Interventional Vascular and Uroradiologist, University College London Hospital
- Transurethral Resection  
**John Peters**, Whipps Cross University Hospital, London

## Open Packing

**Charlotte Dunford**, Norfolk and Norwich University Hospital

## Upper Tract Bleeding

**Ravi Barod**, Royal Free Hospital, London

Exchange Auditorium

**1500–1700****What's New in Urology & Best of BAUS**

Chairs: **Ian Pearce**, President of BAUS and Manchester Royal Infirmary, **Tony Tien**, Whipps Cross University Hospital and **Bushra Abdelqader**, Epsom and St Helier University Hospitals NHS Trust

1500–1512 BPH / LUTS

**Sergey Tadtayev**, St Peter's Hospital, Chertsey

1512–1524 Functional Urology

**Nikita Bhatt**, Newcastle Upon Tyne Hospital

1524–1536 Prostate Cancer Diagnostics

**Martin Connor**, Charing Cross Hospital, London

1536–1548 Prostate Cancer Management

**Mostafa Ragab**, Queen Alexandra Hospital, Portsmouth

1548–1600 Bladder Cancer &amp; Upper Tract Urothelial Cancer

**Nicholas Bullock**, University Hospital of Wales, Cardiff

1600–1612 Benign Andrology, Urethroplasty and Infertility

**Mohamed Mubarak**, Sunderland Royal Hospital

1612–1624 Testis and Penile Cancer

**Adnan Ahmad**, University College Hospital, London

1624–1636 Renal Cancer and Retro-Peritoneal Fibrosis

**Mark Yao**, Royal Free Hospital, London

1636–1648 Urolithiasis

**Hugh Crawford-Smith**, Barking, Havering and Redbridge NHS Foundation Trust

1648–1700 Paediatric Urology

**Youssef Ibrahim**, Guy's & Thomas's Hospital

# WEDNESDAY 18 JUNE

## ePOSTER SESSIONS

Charter 2  
0800-0900

### ePoster 13:

## Inclusivity, Wellbeing & Healthy Work Environment

**Richard Glendinning**, Arrowe Park Hospital, Wirral and **Jo Cresswell**, Past-President of BAUS and James Cook University Hospital, Middlesbrough

Please see page 107 for the ePosters

Charter 3  
0800-0900

### ePoster 14:

## Prostate Cancer 2

Chairs: **Saiful Miah**, Addenbrooke's Hospital, Cambridge and **Nina Patrick**, Arrowe Park Hospital, Wirral

Please see page 109 for the ePosters

Exchange 9  
0800-0900

### ePoster 15:

## Management / Governance/ Education/ Quality Improvement 2

Chairs: **Yinka Gbolahan**, University College Hospital, London and **Mazhar Sheikh**, Blackpool Victoria Hospital

Please see page 111 for the ePosters

Charter 4  
0800-0900

### ePoster 16:

## Renal Cancer / Testis Cancer / Sarcoma

Chairs: **Jim Armitage**, Addenbrooke's Hospital, Cambridge and **Elizabeth Bright**, Royal Cornwall Hospital, Truro

Please see page 113 for the ePosters

Charter 4  
1130-1300

### ePoster 17:

## TUF-BAUS Best of Regions

Chairs: **Jo Cresswell**, Past-President of BAUS and James Cook University Hospital, Middlesbrough and **Ben Challacombe**, Guy's & Thomas's Hospital

Please see page 115 for the ePosters

Charter 4  
1400-1500

### ePoster 18:

## Stones / Imaging / Upper Tract Disorders 3

Chairs: **Angus Luk**, Freeman Hospital, Newcastle upon Tyne and **Stefanie Croghan**, Beaumont Hospital, Dublin

BAUS

SECTION OF ONCOLOGY  
MEETING

ICC WALES

2-3 OCTOBER 2025

St Paul's Medal winner

## Hassan Abol-Enein MD, PhD

- \* Professor of urology, Urology and Nephrology Center, Mansoura University. Egypt
- \* PhD in urology, Nijmegen University, Netherland 2001.
- \* Has more than 186 publications in peer reviewed journals.
- \* Innovator of many techniques in reconstructive urology for reflux prevention and continent outlet in urinary diversion
- \* International active member in all urological international societies including AAGUS.
- \* Honorary membership in AUA and EAU.
- \* Visiting professor and guest surgeon in urology departments in 16 countries around the world.
- \* Former president of Arab association of urology (AAU).
- \* Former director and chairman of Urology and Nephrology Centre, Mansoura University, Egypt for 9 years following my mentor prof. M Ghoneim.
- \* Head of scientific office of Arab Association of Urology (AAU) for the last 12 years.
- \* Reviewer in many international journals.
- \* Active member in Editorial board AJU.
- \* Visiting surgeon for live surgery and workshops in more than 14 countries.
- \* Winner of 9 national and international prizes.
- \* Organized 18 workshops in radical cystectomy and urinary diversion attended by 670 international participants from 72 countries.

St Peter's Medal winner

## Suks Minhas MD FRCS Urol

Suks is a Consultant Andrologist at Imperial College Healthcare London and is Centre Director of the European Academy of Andrology at Imperial College. He was previously awarded the British Association of Urological Surgeons Golden Telescope, an award given to Urologists who have made a significant and lasting contribution to British urology. Suks is a member of the Association of Academic European Urologists (AAEU). He also holds the position of an academician in the European Academy of Andrology.

He has over 250 peer reviewed publications and given over 600 international Keynote/State of the Art lectures/Chairperson at international meetings. His h index 53. He has held key national and international positions including board membership of the European Section of Andrological Urology, Co-Chair EAU guidelines committee on male sexual and reproductive health. He is a firm believer of evidenced based practice and has developed all major clinical practice guidelines in his field including the EAU guidelines on male sexual and reproductive health and penile cancer. He was previously a Trustee of BAUS, member of BAUS council and Chairman of the BAUS section of Andrology.

He is widely regarded as a global leader in Men's Health.

His clinical and academic research interests have been in male infertility, penile cancer, Peyronie's disease and Penile reconstruction. He has an extensive portfolio in attracting grant income in Andrology, supervising MD/PhD students for research degrees.

Suks has been highly committed to education and surgical training and has for over 20 years developed national and international fellowship programmes in Andrology. He has also developed surgical techniques which have had a key impact in the advancement of Urological practice.

Outside Urology, Suks is an ardent Tottenham Hotspur football fan!

For 2025, Suks has been awarded the prestigious St Peters Medal by the British Association of Urological surgeons (BAUS) and awarded to a Urologist in the British Isles, who has made a notable contribution to the advancement of Urology.

## Gold Medal

### Gurpreet Singh

Gurpreet qualified from Delhi University in 1981 and was introduced to Urology at Blackburn where under Mr Arthur McEwan he served as a House Officer. He completed his Basic and Higher Surgical training in Blackburn and in 1985 was admitted as a Fellow both at the Edinburgh and Glasgow colleges. Gurpreet spent another 2 years as a Urology Registrar at Canterbury and was appointed a lecturer to Sheffield University with Mr David Thomas at Lodge Moor Hospital. As a Senior Registrar at Sheffield Gurpreet was awarded the FRCS in Urology and continued with his interest in Spinal Injuries and Neuro-urology, joining Southport as a consultant in 1996 with responsibility for the Urological care of patients at the Regional Spinal Injuries Centre. He was also appointed an honorary consultant at the Walton Neurosciences Unit at Liverpool serving Non-Traumatic Neurological patients.

Gurpreet's passion is medical education and he served as both the Educational Lead and Training Programme Director in Urology for Mersey. He also served on the SAC and was awarded a Post-Graduate Certificate in Teaching and Learning in 2010. As Associate Dean for HEE North West he led on Trainee Revalidation in Mersey; and was the lead Dean for SAS. Gurpreet also served as an executive member for BAUS FFNU with a role in Urodynamics standards, and curriculum development. He's also been an examiner for the ICB since 2010 and in 2020 was appointed to serve as an examiner assessor. Gurpreet served on the JSCFE board and helped set up the overseas exam. For the Royal Colleges, & as an Enhanced Monitoring Associate for the GMC, he's been involved in QA and Educational Governance visits.

Gurpreet was awarded a national Bronze CEA in 2009, and a Silver in 2014. He's served on the BAUS CEA committee and he has also assessed CEA applications for ACCEA regionally.

2018-2022; Gurpreet served as Non-Executive Director at Southport and Ormskirk NHS Trust responsible for Quality and Safety, & Workforce. He was also appointed as a Staff Governor for the Walton Centre with an oversight on service improvement. His other leadership roles included Lead Assessor in Urology for NCAS, working within their legal and regulatory frameworks. He's been a founder member of the GMC BAME forum since 2009, and chaired FtP tribunals for the MPTS since 2015; serving determinations to legal standards as required by the public. 2020-2024; Appointed as a BAUS trustee – responsible for delivery of BAUS strategy, governance, financial monitoring, professional development and regulation. As a founder member of CRST (Centre of Remediation, Support and Training) at Bolton University – Gurpreet helps and supports doctors in difficulty. In 2019 Gurpreet was honoured to receive a MBE for services to Healthcare, Equality and Diversity . In 2020 he was appointed an Honorary Professor in Healthcare by Bolton University. This year Gurpreet was recognised by the HSJ as an inspirational BME leader.

## KARL STORZ Harold Hopkins Golden Telescope Award

### Bhavan Rai

Bhavan Rai is a Consultant Urological Surgeon at the Freeman Hospital, Newcastle, UK, specialising in robotic surgery and urological oncology. He runs a high-volume robotic surgery practice, with a clinical focus on prostate cancer and upper tract urothelial carcinoma (UTUC).

He is Vice-Chair of the Oncology Section of the British Association of Urological Surgeons (BAUS) and leads several key national initiatives, including the BAUS I-DUNC audit and the GIRFT Pathway for UTUC, where he also contributes as an expert on the robotic surgery subgroup. Internationally, he serves on the European Association of Urology (EAU) Guidelines and Methodology Committees for both NMIBC and UTUC and is a member of the NHS England Evidence-Based Medicine Panel. His editorial contributions include board membership for BJUI, JCU, and the Scientific Committee of The Urology Foundation (TUF).

A prolific academic, Mr Rai has authored over 150 peer-reviewed publications and presented widely at national and international conferences. His MSc research explored the urinary biomarker MCM-2 as a diagnostic tool for bladder cancer. His ongoing research interests include oncological outcomes, systematic reviews, surgical education, and artificial intelligence in urology. He has served as Principal Investigator for major clinical trials such as ELIPSE, ATLANTA, IP5-Matter, and ASCERTAIN. His contributions, including Cochrane reviews and EAU-endorsed systematic reviews, have helped shape international urology guidelines. He also recently led the national I-DUNC audit evaluating the impact of diagnostic ureteroscopy (URS) on nephroureterectomy outcomes and adherence to standard of care across the UK.

A dedicated surgical educator, Mr Rai has previously directed the Newcastle Robotic Fellowship and currently serves as Course Director for the annual national cadaveric robotic surgery training programme. He is also a Hands-on Trainer (HoT) at the prestigious European Urology Residents Education Programme (EUREP), and co-created UROGRIPP—a global webinar platform delivering high-quality educational content to urologists worldwide.

Mr Rai is a passionate advocate for equity, diversity, and inclusion (EDI) in urology. He developed the Women in Urology webinar series as part of the international i-TRUE training programme and led the co-development of the PRISM and YIPE awards within the IBUS committee. These initiatives recognise and celebrate inclusive excellence and aim to reduce gender and ethnic disparities within the specialty.

## John Anderson Award

### Jim Adshead

As an early adopter of the Da Vinci platform, Jim has been a pioneer for UK urology in the development of robotic operating techniques and robotic training. Jim set up the first Royal College of Surgeons (England) urological fellowship, gaining approval in November 2012. Over the last 12 years he has inspired fourteen post-CCT fellows to be appointed as consultant robotic surgeons from as far afield as India, Singapore and Australia as well as several in the UK. Many of these have been inspired by his wonderful teaching to set up their own fellowship training programs, further expanding the training that Jim has provided. The Lister robotic fellowship set up by Jim remains the longest running formal urology fellowship in the country and continues to be held up as an example that all new fellowships wishing for Royal College approval are expected to match. Jim has helped raise over £700,000 in charitable donations to improve local robotic training and has personally mentored fellows through >1000 robotic prostatectomies and >400 partial nephrectomies. He is patient and enthusiastic always putting training time first.

Beyond the fellows he has directly mentored, Jim has advanced the narrative of the benefits of fellowship training by giving talks on a national level providing guidance for potential fellowship applicants and trainers.

On a personal level, he was the first surgeon in the UK to adopt intra-operative frozen section analysis for nerve spare during robotic prostatectomy. The UK has subsequently become one of the foremost proponents of this technique and in capturing the evidence base for its use. Finally, more recently, Jim has become a leading voice for UK urology on work-life balance and burnout.

BAUS Legacy Medal

## Lisa Dodgshon

Lisa Dodgshon was appointed in January 2021 as the first non-clinical BAUS Trustee. Lisa is a retired Company Director of a global medical communications agency which delivered medical education solutions to a wide variety of clients over a 15yr period. Prior to this experience, Lisa spent 13yrs in the pharmaceutical industry in a number of senior marketing roles across a range of companies, with a focus on the pre-launch and launch strategies for a series of high profile compounds in the oncology space.

During her time as Trustee, Lisa has led the BAUS Communication and Digital work streams. Lisa established and Chaired the BAUS Digital Strategy Working Group which has been responsible for the development and delivery of the BAUS Web App, launched to all BAUS members at the 2024 Annual Scientific Meeting. This team effort has been achieved through strong collaboration, working with multiple internal and external stakeholders and work very much continues to ensure that the Web App meets with the intended vision.

## Certificate of Distinction

### Russell Etherington

Russell began his career in the Royal Navy in 1988, training as a nurse and then subspecialising in Urology. He was the first nurse in the Royal Navy to run an autonomous nurse-led clinic in the field of Andrology and also in urodynamics. He was involved in producing the first guidelines with BAUN for nurse-led BPH clinics and also completed his urodynamics training at Bristol.

On leaving the Royal Navy he worked in the NHS in East Kent, continuing to expand his knowledge and clinical practice as well as assisting in designing and opening a therapeutics and diagnostic unit in the Royal Victoria Hospital in Folkestone. He expanded his clinical practice to include flexible cystoscopy and intra-vesicle chemotherapy as an early adaptor of these enhanced nurse-led services and also complete training in continence care management. His last clinical role was at The Royal United Hospital in Bath, continuing to expand his autonomous practice before deciding to change direction and join industry.

Initially undertaking a sales and field role, he quickly had the opportunity to move in to marketing and product management. He moved into an international training and educational role initially working for himself before joining American Medical Systems [now part of Boston Scientific] where he has had numerous roles including product management and marketing. His current plays to his passions, being in European level training and education in the field of Andrology. Additionally Russell is actively involved in innovation with the adoption of remote support via smart glass solutions as well as being active in the development of synthetic training platforms to assist surgical training and enhance the opportunity for surgeons to learn the principals of GIRFT. Russell for several years has also supported the AGOUR program with UK based faculty for senior registrars to support this group prior to sitting their final FRCS Urol exams.

His involvement in Urology extends beyond the training and he has been actively support TUF for several years, and ridden the annual TUF challenge on 8 occasions.

## BAUS Guest Lecture I

### Sir Steve McQueen CBE

Sir Steve Rodney McQueen is an acclaimed British film director, producer, screenwriter, and video artist. Renowned for his compelling storytelling and exploration of intense subject matter, McQueen has garnered numerous accolades, including an Academy Award, two BAFTA Awards, and a Golden Globe Award. In 2020, he was knighted by Queen Elizabeth II for his significant contributions to art and film.

Before transitioning to film, McQueen established himself as a visual artist. In 1999, he won the Turner Prize for his video work, recognized for its emotional intensity and range. His art often delved into themes of identity, race, and history, laying the groundwork for his later cinematic endeavours.

McQueen's directorial debut came with the 2008 film *Hunger*, which portrayed the 1981 Irish hunger strike. This was followed by *Shame* (2011), a drama exploring sex addiction. His most acclaimed work, *12 Years a Slave* (2013), is a historical drama based on Solomon Northup's memoir, earning him the Academy Award for Best Picture—the first for a Black filmmaker. He continued to tackle complex narratives with *Widows* (2018), a heist drama, and *Blitz* (2024), a World War II epic.

In 2020, McQueen released *Small Axe*, an anthology series of five films set within London's West Indian community from the late 1960s to the early 1980s. The series received critical acclaim for its storytelling and cultural significance. He also directed the documentary series *Uprising* (2021) and the film *Occupied City* (2023), further cementing his reputation for addressing pressing social issues.

In February 2025, McQueen curated the exhibition "Resistance" at the Turner Contemporary gallery in Margate. The exhibition explored Britain's history of protest through photography, spanning a century of activism from the suffragette movement to the 2003 Iraq War protests. It aimed to shed light on the individuals whose actions have significantly shaped British history.

Recognised for his influence and cultural impact, McQueen has twice been named in the Powerlist Top Ten of the most influential Black Britons—a publication launched to highlight professional role models for young people of African and Caribbean heritage in the UK.

## BAUS Guest Lecture II

### The Rt Hon. Lord Ara Darzi of Denham OM KBE

Lord Ara Warkes Darzi is a distinguished Armenian British surgeon, academic, and former politician. Renowned for his pioneering work in minimally invasive and robot-assisted surgery, he has significantly influenced both medical practice and health policy.

At Imperial College London, Lord Darzi holds the Paul Hamlyn Chair of Surgery and co-directs the Institute of Global Health Innovation. His clinical expertise lies in minimally invasive surgery, and he has led research in medical image computing, biomedical engineering, clinical safety, surgical education, and robotics. His contributions have resulted in over 800 peer-reviewed publications and several authored or edited books. In 2013, he was elected a Fellow of the Royal Society in recognition of his significant contributions to science.

Beyond his research, Lord Darzi has been instrumental in shaping healthcare policy. In 2008, as the UK's Parliamentary Under-Secretary of State for Health, he published the "High Quality Care for All" report, advocating for patient-centred care and quality improvement within the National Health Service (NHS). His tenure also saw efforts to reform surgical practices and integrate advanced technologies into patient care.

Appointed as a Labour life peer in 2007, Lord Darzi served as Parliamentary Under-Secretary of State for Health under Prime Minister Gordon Brown. His tenure focused on enhancing healthcare quality and implementing reforms within the NHS.

Lord Darzi's commitment to global health is evident through his leadership at the Institute of Global Health Innovation, where he works to improve healthcare systems worldwide and address health disparities. His initiatives aim to foster innovation and research to tackle global health challenges.

BAUS 80th Anniversary Guest Lecture

## **Lilli Cooper FRCS (Plast.) CPCC**

During her plastic surgery training, Lilli became interested in the psychology and physiology of surgical work, and its impact on performance.

Surgical training tends to prioritise technical skill acquisition and academic learning over the formal development of psychological, emotional and physiological self-awareness and discipline; despite the latter's importance in accessing factual knowledge, motor skills, interaction with others and health in the longer term.

Lilli trained as a coach to understand how to support surgeons in accessing and developing this information, to optimise both their performance and their experience. You can find out more about what she does at [www.lillicooper.co.uk](http://www.lillicooper.co.uk)

## BAUS & BJUI Guest Lecture

### Khurshid Ghani

Dr. Khurshid Ghani is a Professor of Urology at the University of Michigan and the Director of the Michigan Urological Surgery Improvement Collaborative (MUSIC), a physician-led quality initiative uniting over 260 urologists across 50 practices. Funded by Blue Cross Blue Shield of Michigan (BCBSM), a healthcare insurance company, MUSIC is committed to assessing population outcomes and developing interventions that improve healthcare value and the patient experience. Under his leadership, MUSIC expanded its focus from prostate cancer to include kidney stones, kidney cancer, and soon, benign prostatic hyperplasia.

Since joining the University of Michigan in 2013, Dr. Ghani has secured over \$14 million in funding for the MUSIC Coordinating Center, growing its membership beyond Michigan's borders. He leads a team of 9 physician leaders, 1 PhD scientist, 11 administrative staff, 4 biostatisticians, and numerous fellows, all dedicated to improving urological outcomes through data-driven best practices, with over 120 peer reviewed publications to date. It is estimated that MUSIC's efforts have saved \$100 million in healthcare costs over the last decade, and impacted the lives of over 150,000 patients.

Dr. Ghani is also a recognized authority in ureteroscopy and laser lithotripsy, and directs the annual DUST symposium, which is now in its 10th year. This meeting has exposed hundreds of urologists to state of the art techniques for kidney stone surgery. Within MUSIC, he is the principal investigator of multiple randomized controlled trials assessing health-related quality of life after ureteroscopy, including the Stent Omission after Ureteroscopic Lithotripsy (SOUL) trial, funded by the Patient-Centered Outcomes Research Institute (\$3 million). His commitment to advancing urology extends to his roles as Assistant Editor for the Journal of Urology, and member of the AUA Data Committee.

Dr Ghani joined the University of Michigan after completing a robotic surgery fellowship at Henry Ford Hospital, Detroit. Prior to that, he completed his urology training in London (including Royal London, St Bartholomew's, St George's and Guy's Hospitals), and his surgery training at the Edinburgh Royal Infirmary. He earned an MBChB from the University of Leeds, and a Master of Surgery from the University of London for his thesis on percutaneous renal stone surgery.

JCU & EAU Guest Lecture

## Thomas Knoll

Thomas Knoll is a distinguished urologist and academic known for his significant contributions to the field of urology, particularly in the areas of urinary stone and prostate diseases.

Prof. Knoll completed his medical studies at the Universities of Heidelberg and Mannheim. He earned his doctorate in 1998 under the mentorship of F.J. van der Woude at the University Hospital Mannheim. In 2005, he habilitated in urology and simultaneously obtained a Master of Science in Health Management from the University of Mannheim.

In 2004, Prof. Knoll became a specialist in urology and led the Minimally Invasive Urology/Urolithiasis section at the University Hospital Mannheim. He advanced to the position of Senior Physician in 2005 and was appointed as an Associate Professor by Ruprecht-Karls University Heidelberg in 2007. Since August 2008, he has served as the Chief Physician of the Urological Clinic at Klinikum Sindelfingen-Böblingen, part of the Klinikverbund-Südwest.

Prof. Knoll is renowned for his clinical and experimental work in urinary stone and prostate diseases. He chaired the Urinary Stones Working Group of the German Society of Urology (DGU) for many years. Since 2014, he has been a member of the Guideline Office of the European Association of Urology (EAU) and served on its Scientific Office from 2015. In 2019, he was honoured with the Arthur Smith Award at the 31st World Congress for Minimally Invasive Urology in New Orleans for his outstanding contributions to research and education.

## BSOT + TUF FUN RUN

Join us on **Tuesday 17 June** as we walk, jog or run our way through the streets of Manchester, enjoying a sociable 5km route and raising vital funds for **The Urology Foundation**

0700 start, please meet at 0645 at MCC (front)

**Registration is now open with a suggested donation of £15 to take part**

**[Click here to sign up today!](#)**

Refreshments available afterwards

**[theurologyfoundation.org](https://theurologyfoundation.org)**

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Monday 16 June, 1400– 1500, Charter 4

## 1 GENERAL UROLOGY

Chairs: **Margaret Lyttle**, Leighton Hospital, Cheshire and **Ahmed Khalifa**, The James Cook University Hospital, Middlesbrough

### P1-1 Urolift and Rezum: Extended outcomes over 8 years

Dr Charlotte Quinn<sup>1</sup>, Mr. Dane Cole-Clark<sup>1</sup>, Mr. Basil Razi<sup>2</sup>, Mr. Mark Rochester<sup>1</sup>

<sup>1</sup>Norfolk And Norwich University Hospital, Norwich, UK, <sup>2</sup>Royal North Shore Hospital, Dept. of Urology, Sydney, Australia

### P1-2 Real world experience of Rezum therapy for large prostates ( $\geq 80\text{g}$ ) – retreatment rates at 5 years follow up

Miss Lap Yan Leung<sup>1</sup>, Dr Yu Gao<sup>2</sup>, Mr Alexander Light<sup>2</sup>, Mr Sanjiv Agarwal<sup>2</sup>, Mr Ranan Dasgupta<sup>2</sup>, Mr Mathias Winkler<sup>2</sup>, Mr Hamid Abboudi<sup>2</sup>, Mr Tamer El-Husseiny<sup>2</sup>, Mr Martin J Connor<sup>2</sup>, Professor Hashim U Ahmed<sup>2</sup>

<sup>1</sup>South London Deanery, London, UK, <sup>2</sup>Imperial College Healthcare NHS Trust, London, UK

### P1-3 A comparison of Aquablation with Holmium Laser Enucleation of the Prostate as a treatment option for BPH: preliminary analysis of our perioperative experience.

Mr Simon McGurk<sup>1</sup>, Mr Mohammed Shahid<sup>1</sup>, Mr Dane Cole-Clark<sup>1</sup>, Mr Johann Boaz<sup>1</sup>, Mr William Finch<sup>1</sup>, Mr Robert Mills<sup>1</sup>, Mr Utsav Reddy<sup>1</sup>, Mr Mark Rochester<sup>1</sup>

<sup>1</sup>Norfolk And Norwich University Hospital, Norwich, UK

### P1-4 Rezum water vapour ablative therapy for symptomatic benign prostatic hyperplasia: Real world outcomes and retreatment rates with 7 years follow-up

Mr Mohamed Ibrahim<sup>1</sup>, Mr Ramzy Elnabarawy<sup>1</sup>, Mr Mohamed Noureldin<sup>1</sup>, Mr Josh Silverman<sup>1</sup>, Mr Amr Emara<sup>1</sup>, Mr Richard Hindley<sup>1</sup>

<sup>1</sup>Hampshire Hospitals NHS Foundation Trust, Basingstoke, UK

### P1-5 The role of tranexamic acid in transurethral resection of the prostate – A systematic review and meta-analysis of randomised controlled trials.

Dr Cian Hehir<sup>1</sup>, Dr Gavin Calpin<sup>1,2</sup>, Dr Gavin Dowling<sup>1</sup>, Dr Gordon Daly<sup>1</sup>, Professor Barry McGuire<sup>2</sup>

<sup>1</sup>Department of Surgery, Royal College of Surgeons in Ireland, Dublin, Ireland, <sup>2</sup>Department of Urology, St. Vincent's University Hospital, Dublin, Ireland

### P1-6 Innovations in BOO Management: Rezum and UroLift in the Outpatient care

Mr Moaz Abdelrahman<sup>1</sup>, Dr Alex Corbett<sup>1</sup>, Mr Haytham Elsakka<sup>1</sup>, Mr Khaled Hosny<sup>1</sup>, Mr Heman Prasad<sup>1</sup>, Mr Iain Campbell<sup>1</sup>, Mr Shalom Srirangam<sup>1</sup>, Mr Shahid Islam<sup>1</sup>, Ms Maggie Harris<sup>1</sup>, Mr Mostafa Faty<sup>1</sup>

<sup>1</sup>East Lancashire Hospitals NHS Trust, Blackburn, UK

### **P1-7 Ward Admission of Haematuria: an Observational multicentre Study (WASHOUT): site level results**

Ms Nikita Bhatt<sup>1</sup>, Mr Kevin Byrnes<sup>2</sup>, Mr Sinan Khadhour<sup>3</sup>, Mr Kevin Gallagher<sup>4</sup>, Ms Simona Ippoliti<sup>5</sup>, Mr Raghav Varma<sup>6</sup>, Ms Nikki Kerdegari<sup>7</sup>, Mr Arjun Nathan<sup>2</sup>, Mr Quentin Mak<sup>8</sup>, Mr Bing Chow<sup>9</sup>, Mr Alexander Ng<sup>2</sup>, Mr John McGrath<sup>10</sup>, Mr Benjamin Lamb<sup>11</sup>, Professor Jim Catto<sup>12</sup>, Miss Maria Ribal<sup>13</sup>, Mr Ben Challacombe<sup>14</sup>, Professor Graemme MacLennan<sup>15</sup>, Professor Veeru Kasivisvanathan<sup>2</sup>

<sup>1</sup>Newcastle Upon Tyne NHS Foundation Trust, Newcastle Upon Tyne, UK, <sup>2</sup>Division of Surgery and Interventional Science, University College London, Urology, London, UK, <sup>3</sup>School of Medicine, University of St Andrews <sup>2</sup> Victoria Hospital, Kirkcaldy, NHS Fife, Fife, UK, <sup>4</sup>Institute of Genetics and Cancer, Cancer Informatics Group, University of Edinburgh Department of Urology, Western General Hospital, Edinburgh, UK, <sup>5</sup>Hull University Teaching Hospitals, Hull, Hull, UK, <sup>6</sup>West Midlands Deanery, Birmingham, UK, <sup>7</sup>GKT School of Medical Education, King's College London, London, UK, <sup>8</sup>Buckinghamshire Healthcare NHS Trust, Aylesbury, UK, <sup>9</sup>Barts and the London School of Medicine, Queen Mary University of London, London, UK, <sup>10</sup>North Bristol NHS Trust, Bristol Medical School, University of Bristol, Urology, Bristol, UK, <sup>11</sup>Royal London Hospital, Barts Health NHS Trust, London, UK, <sup>12</sup>University of Sheffield, Sheffield Teaching Hospitals NHS Trust, Sheffield, UK, <sup>13</sup>Hospital Clinic. University of Barcelona, Barcelona, Spain, <sup>14</sup>Guy's & St Thomas NHS FT and King's College London, London, UK, <sup>15</sup>The Aberdeen Centre for Evaluation and Director of The Centre for Healthcare Randomised Trials, Aberdeen, UK

### **P1-8 Ureteral Stent Symptoms: A Systematic Review and Meta-Analysis Comparing the use of Mirabegron and Tamsulosin**

Mr Daniel Madarshahian<sup>1</sup>, Mr Abdulrasheed Habeeb<sup>1</sup>, Dr Nimeshan Chandra-Segaran<sup>1</sup>, Mr Kesavapilla Subramonian<sup>1</sup>, Mr Keval Patel<sup>1</sup>

<sup>1</sup>Birmingham Heartlands Hospital / University Hospitals Birmingham NHS Foundation Trust, Birmingham, UK

### **P1-9 Efficacy and safety of daridorexant in patients with chronic insomnia disorder and comorbid nocturia**

Dr Alistair Paice<sup>1</sup>, Mr James Khoo<sup>1</sup>, Katharina Lederer<sup>2</sup>, Sylvia Schoffner<sup>3</sup>, José-Emilio Batista Miranda<sup>4</sup>, Racheal Rowles<sup>5</sup>, Antonio Olivieri<sup>5</sup>, Michael Meinel<sup>5</sup>

<sup>1</sup>Idorsia Pharmaceuticals UK Ltd, London, UK, <sup>2</sup>Advanced Sleep Research GmbH, Berlin, Germany, <sup>3</sup>Accellacare Research of Cary, North Carolina, United States, <sup>4</sup>Centro Médico Teknon, Spain, <sup>5</sup>Idorsia Pharmaceuticals Ltd, Allschwil, Switzerland

### **P1-10 A decade of incontinence and outflow obstruction surgery: current trends from the hospital episode statistics database**

Mr Rhys Evans<sup>2</sup>, Miss Shubhangi Mehta<sup>2</sup>, Miss Martina Spazzapan<sup>1</sup>, Mr Sachin Malde<sup>2</sup>, Mr Arun Sahai<sup>2</sup>

<sup>1</sup>King's College London/King's College Hospital NHS Foundation Trust, London, UK, <sup>2</sup>Urology Department, Guy's and St Thomas' NHS Foundation Trust, London, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Monday 16 June, 1630–1730, Charter 4

## 2 FUNCTIONAL UROLOGY & NEURO-UROLOGY BLADDER DYSFUNCTION AND RECONSTRUCTION 1

Chairs: **Anne Pelletier Cameron**, MD, University of Michigan, United States and **Sanad Saad**, Royal Hallamshire Hospital, Sheffield

### P2-1 Multi-centre experience and outcomes of female urethral stricture repair

Dr Madeleine Bain<sup>1</sup>, Dr Daniel Esteban Gomez Zapata, Dr Cora Fogging, Dr Apurva Anand, Dr Amey Talpallikar, Dr Shreyas Bhadranaawar, Dr Sanjay Kulkarni, Dr Devang Desai, Dr Pankaj Joshi  
<sup>1</sup>Redcliffe Hospital, Redcliffe, Australia

### P2-2 Tales from A Ureteric Reconstruction Clinic: Clinical and Functional Outcomes From Robotic Assisted Buccal Mucosal Graft Ureteroplasty (RU-BMG) For Complex Ureteric Stricture Disease

Mr Calum Clark<sup>1</sup>, Dr Sarah Ashraf<sup>1</sup>, Dr Basil Lutfi<sup>1</sup>, Mr Wesam Elboroni<sup>1</sup>, Mr Mohammed Hogazy, Mr Francesco Del Guidice<sup>1</sup>, Mr Majed Shabbir<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>  
<sup>1</sup>Guys And St Thomas' NHS Trust, London, UK

### P2-3 Robotic assisted simple cystectomy for benign disease with medium term follow up

Miss Martina Spazzapan<sup>2</sup>, Mr Samuel Folkard<sup>2</sup>, Dr Ellen Benn<sup>2</sup>, Dr Basil Lutfi<sup>2</sup>, Mr Sachin Malde<sup>2</sup>, Mr Rajesh Nair<sup>2</sup>, Mr Ramesh Thuraiaraja<sup>2</sup>, Mr Arun Sahai<sup>2</sup>, Professor Muhamed Shamim Khan<sup>2</sup>  
<sup>1</sup>King's College London/ King's College Hospital NHS Foundation Trust, London, UK, <sup>2</sup>Guy's and St Thomas' NHS Foundation Trust, London, UK

### P2-4 Long-term outcomes of patients with posterior urethral valves and kidney transplants in a single tertiary centre

Miss Clarissa Martyn-Hemphill, Dr Alexa Korb, Miss Claire Taylor, Ms Winnie Nugent, Mr Arash Taghizadeh, Mr Massimo Garriboli, Ms Rhana Zakri, Mr Jonathon Olsburgh  
<sup>1</sup>Guy's And St Thomas's NHS Foundation Trust, London, UK

### P2-5 WITHDRAWN

### P2-6 How is Lower Urinary Tract (LUT) function affected by feminising Gender-Affirmation Surgery (GAS)?

Miss Rachel Oliver<sup>1</sup>, Mr Juan Diego Tinajero<sup>1</sup>, Ms Abi Kanthanbalan<sup>1,2</sup>, Mrs Manjit Takhar<sup>1</sup>, Ms Tiara Morris<sup>1</sup>, Mr Feargus Hosking-Jervis<sup>3</sup>, Mr Giuseppe Di Taranto<sup>1</sup>, Mr James Bellringer<sup>2</sup>, Miss Tina Rashid<sup>1,2</sup>  
<sup>1</sup>Chelsea and Westminster Hospital, London, UK, <sup>2</sup>Nuffield Health Parkside Hospital, London, UK, <sup>3</sup>Imperial College London, London, UK

**P2-7 The Natural History of men with AUS erosion: a two centre experience**

Mr Ioannis Loufopoulos<sup>1,2</sup>, Mr Bogdan Toia<sup>2</sup>, Mr Konstantinos Kapriniotis<sup>2</sup>, Mr Thomas Newman<sup>3</sup>, Miss Rachel Barratt<sup>2</sup>, Mr Richard Nobrega<sup>2</sup>, Mr Anthony Noah<sup>2</sup>, Miss Helena Gresty<sup>2</sup>, Mr Davendra Sharma<sup>3</sup>, Miss Tamsin Greenwell<sup>2</sup>, Mr Jai Seth<sup>3</sup>, Mr Jeremy Ockrim<sup>2</sup>

<sup>1</sup>Ipswich Hospital, Ipswich, UK, <sup>2</sup>University College London Hospital, London, UK, <sup>3</sup>St George's University Hospital, London, UK

**P2-8 Assessing current knowledge and attitudes towards the management of ketamine uropathy**

Mr Zakaria Shkoukani<sup>1</sup>, Mr Praveen Gopi<sup>1</sup>, Mr Mohamed Abdulmajed<sup>1</sup>, Mr Ahmed Omar<sup>1</sup>

<sup>1</sup>Whiston Hospital, Liverpool, UK

**P2-9 Percutaneous Tibial Nerve Stimulation (PTNS) for Refractory Overactive Bladder (OAB): Are we Able to Predict the Likelihood of Success of Treatment Based on Early Response?**

Mr Ali Awad<sup>1</sup>, Mr Phillip Rustin, Mrs Megan Fernandes, Miss Sarah Wood, Mrs Ruth Doherty, Mrs Charolette Dunford

<sup>1</sup>Norfolk And Norwich University Hospital, Norwich, UK

**P2-10 Long-term Functional Outcomes in Patients with Intracorporeal Robot-Assisted Pyramid Neobladder**

Ms Raashi Padhiyar<sup>1</sup>, Miss Elizabeth Day<sup>2</sup>, Mr Pratham Upadhyay<sup>2</sup>, Miss Bernadett Szabados<sup>1</sup>, Mr Anthony Ta<sup>3</sup>, Mr Ashwin Sridhar<sup>1</sup>, Prof. John Kelly<sup>1</sup>

<sup>1</sup>University College London Hospital, London, UK, <sup>2</sup>University College London, London, UK, <sup>3</sup>St Vincent Hospital, Melbourne, Australia

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 0800–0900, Charter 1

### 3 PROSTATE CANCER 1

Chairs: **Murthy Kusuma**, Royal Surrey Hospital, Guildford, **Flora Rogers**, Queen Elizabeth University Hospital, Glasgow and **Shiv Pandian**, North Middlesex Hospital, London

#### **P3-1 Impact of incorporating the NICE Cambridge Prognostic Groups and Predict Prostate individualised prognostic tool in patient decision making to reduce over-treatment in early prostate cancer**

Professor Vincent Gnanapragasam<sup>1</sup>, Ms Vineetha Thankapannair<sup>2</sup>

<sup>1</sup>University Of Cambridge, Cambridge, UK, <sup>2</sup>Cambridge University Hospitals NHS Trust, Cambridge, UK

#### **P3-2 Combination cytoreductive surgery, radiotherapy or ablation for de novo metastatic prostate cancer: The IP2-ATLANTA randomised controlled trial**

Mr Martin J. Connor<sup>1,2</sup>, Mr Taimur Shah<sup>1,2</sup>, Ms Jo Sukumar<sup>1</sup>, Dr Nicholas Johnson<sup>1</sup>, Dr Vincent Khoo<sup>3</sup>, Dr Andrew Smith<sup>2</sup>, Prof John Staffurth<sup>4</sup>, Mr Mathias Winkler<sup>1,2</sup>, Mr Tim Dudderidge<sup>5</sup>, Prof Hashim U. Ahmed<sup>1,2</sup>, IP2-ATLANTA Trial Investigators

<sup>1</sup>Department Of Surgery And Cancer, Imperial College London, London, UK, <sup>2</sup>Imperial College Healthcare NHS Trust, London, UK, <sup>3</sup>The Royal Marsden Hospital, London, UK, <sup>4</sup>Cardiff University, Cardiff, UK, <sup>5</sup>University Hospitals Southampton, Southampton, UK

#### **P3-3 5-Year Outcomes Following a Negative MRI or Negative Biopsy for Suspected Prostate Cancer: Results from 1271 Patients in the Rapid Assessment for Prostate Imaging and Diagnosis (RAPID) Pathway**

Mr Chase Peng Yun Ng<sup>1</sup>, Mr Alexander Light<sup>1</sup>, Mr Johann Boaz<sup>1</sup>, Miss Saikalpitha Eragamreddy<sup>1</sup>, Dr Jin Zhe Ang<sup>1</sup>, Dr Alicia Hunter<sup>1</sup>, Dr Omar Ashour<sup>1</sup>, Dr Hira Hasan<sup>1</sup>, Dr Melissa Matthews<sup>1</sup>, Dr Dasha Alderton<sup>1</sup>, Dr Lauren Nicholls<sup>1</sup>, Dr Asmita Raja<sup>1</sup>, Dr Chong Chua<sup>1</sup>, Dr Oliver Hugs<sup>1</sup>, Mr Franklyn Wong<sup>2</sup>, Professor Hashim Ahmed<sup>1</sup>, Mr Taimur Shah<sup>1</sup>

<sup>1</sup>Imperial College Healthcare NHS Trust, London, UK, <sup>2</sup>School of Medicine, Imperial College London, London, UK

#### **P3-4 Concordance of bpMRI and mpMRI in assessment of radiological staging, extra-capsular extension and key prostate cancer involvement sites – an analysis of the PRIME trial**

Dr Alexander Ng<sup>1</sup>, PRIME Trial Group

<sup>1</sup>University College London, London, UK

#### **P3-5 IP8-FLUORESCENCE: A prospective paired-cohort study evaluating fluorescence confocal microscopy for rapid evaluation of surgical margins in radical prostatectomy**

Mr Nikhil Mayor<sup>1</sup>, Alexander Light<sup>1</sup>, Anna Silvanto<sup>2</sup>, Aiman Haider<sup>2</sup>, Greg Shaw<sup>2</sup>, Ben Challacombe<sup>3</sup>, Martin J Connor<sup>1</sup>, Taimur T Shah<sup>1</sup>, Hashim U Ahmed<sup>1</sup>, Mathias Winkler<sup>1</sup>, IP8-FLUORESCENCE Study Group<sup>1,2,3</sup>

<sup>1</sup>Imperial College London, London, UK, <sup>2</sup>University College London, London, UK, <sup>3</sup>Guy's & St Thomas' NHS Foundation Trust, London, UK

**P3-6 5-year outcomes of a risk based Stratified Cancer Active Surveillance (STRATCANS) programme for men with early prostate cancer**

Professor Vincent Gnanapragasam<sup>1</sup>, Ms Alexandra Keates, Dr Artitaya Lophatananon, Ms Vineetha Thankappannair

<sup>1</sup>University Of Cambridge, Cambridge, UK

**P3-7 The additional diagnostic value of systematic biopsies to MRI-targeted biopsies in the detection of prostate cancer – an analysis of the PRIME trial**

Dr Alexander Ng<sup>1</sup>, PRIME Trial Group

<sup>1</sup>University College London, London, UK

**P3-8 An early UK Experience with the Single-Port da Vinci Platform for Radical Prostatectomy: A Matched Analysis with the Multi-Port System.**

Mr Declan Cahill<sup>1</sup>, Dr Nathan Kasivisvanathan<sup>1</sup>, Dr Donald Milliken<sup>1</sup>, Ms Francesca Matthews<sup>1</sup>, Ms Claudia So<sup>3</sup>

<sup>1</sup>The Royal Marsden Hospital, London, UK, <sup>2</sup>London Bridge Hospital, London, UK, <sup>3</sup>Princess Grace Hospital, London, UK

**P3-9 Outcomes of focal HIFU for localised prostate cancer determined by modern risk stratification strategies**

Dr Deepika Reddy<sup>1</sup>, Mariana Bertonecelli Tanaka<sup>1</sup>, Tim Dudderidge<sup>2</sup>, Richard Hindley<sup>3</sup>, Clement Orczyk<sup>4</sup>, Caroline Moore<sup>4</sup>, Mark Emberton<sup>4</sup>, Manit Arya<sup>1</sup>, Taimur Shah<sup>4</sup>, Hashim Ahmed<sup>1</sup>, et al<sup>1</sup>

<sup>1</sup>Imperial Prostate, London, UK, <sup>2</sup>University Hospital Southampton, Southampton, UK, <sup>3</sup>Basingstoke Hospital, Basingstoke, UK, <sup>4</sup>UCLH, London, UK

**P3-10 Impact of AI on accuracy and consistency of prostate MRI reporting for non-expert and expert readers in a multi-reader, multi-centre evaluation**

Professor Nikhil Vasdev<sup>1</sup>, Dr F Giganti<sup>2</sup>, Dr A Shah<sup>3</sup>, Dr Moreira Da Silva Da Silva<sup>4</sup>, Dr Z Arya<sup>4</sup>, Dr L Davies<sup>4</sup>, Dr S Barwick<sup>4</sup>, Dr MDB Hinton<sup>4</sup>, Dr A W Rix<sup>4</sup>, Professor Evis Sala<sup>4</sup>

<sup>1</sup>Lister Hospital, Stevenage, UK, <sup>2</sup>University College London, London, UK, <sup>3</sup>Hampshire Hospitals NHS Foundation Trust, Winchester, UK, <sup>4</sup>Lucida Medical, Cambridge, UK, <sup>5</sup>Policlinico Universitario A. Gemelli, IRCCS, Dept. of Radiology, Rome, Italy

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 0800–0900, Charter 2

## 4 ANDROLOGY: MALE GENITAL CANCERS & RECONSTRUCTION – PENILE, URETHRAL, TESTIS

Chairs: **Christina Fontaine**, Southmead Hospital, Bristol, **Vivekanand Kumar**, Norfolk And Norwich University Hospital and **Ben Ayres**, St George's Hospital, London

### **P4-1 Dynamic Sentinel Lymph Node Biopsy in Node-Negative Penile Carcinoma: A Prospective Study on the Efficacy of Triple Dye vs. Dual Dye Techniques**

Dr Vivek Meyyappan<sup>1</sup>, Dr Amaresh Mohan<sup>1</sup>, Dr Rakesh Sharma<sup>1</sup>

<sup>1</sup>Basavatarakam Indo-american Cancer Hospital, Hyderabad, India

### **P4-2 Testis-sparing surgery and multiparametric ultrasound for small testicular masses: a 10-year retrospective review**

Mr Zhi-Yang Low<sup>1</sup>, Miss Nawal Khan<sup>1</sup>, Dr Elizabeth Wolfe<sup>1</sup>, Dr Aman Saini<sup>1</sup>, Dr Thensiniya Jeyapalan<sup>1</sup>, Dr Theodore Patel<sup>1</sup>, Dr Pranay Ruparelia<sup>1</sup>, Dr Dean Huang<sup>2</sup>, Mr Fabio Castiglione<sup>1</sup>, Miss Maria Satchi<sup>1</sup>

<sup>1</sup>Department of Urology, King's College Hospital, London, UK, <sup>2</sup>Department of Clinical Radiology, King's College Hospital, London, UK

### **P4-3 The use of diode LASER for the treatment of Penile intraepithelial neoplasia**

Miss Michelle Christodoulidou<sup>1</sup>, Mr Jonathan Goddard<sup>1</sup>, Mr Alvaro Bazo<sup>2</sup>, Professor Duncan Summerton<sup>1</sup>

<sup>1</sup>University Hospitals of Leicester NHS Trust, Leicester, UK, <sup>2</sup>Nottingham University Hospitals NHS Trust, Nottingham, UK

### **P4-4 Using a handheld SPY-PHI Fluorescence Imaging System for Dynamic Sentinel Node Biopsy in cN0 Penile Cancer Patients**

Mr Sachin Yallappa<sup>1</sup>, Mr Ali Alrawahneh<sup>1</sup>, Dr Daniella Laverigne<sup>1</sup>, Mr Karl Pang<sup>1</sup>, Mr Paul Hadway<sup>1</sup>, Mr Varun Sahdev<sup>1</sup>, Mr Raj Nigam<sup>1</sup>, Mr Rolland Rees<sup>1</sup>, Mr Hussain Alhajjar<sup>1</sup>, Mr Asif Muneer<sup>1</sup>

<sup>1</sup>University College London Hospitals, London, UK

### **P4-5 Subinguinal Orchidectomy for Testicular Cancer: Is this the way forward or is it an unnecessary innovation?**

Dr Dayan Jacob<sup>1</sup>, Ms Pragnitha Chitteti<sup>1</sup>, Mr Mohamed Mubarak<sup>1</sup>, Ms Mehwash Nadeem<sup>1</sup>

<sup>1</sup>James Cook University Hospital, Middlesbrough, UK

### **P4-6 Perineal Urethrostomy: A Tertiary Reconstructive Centre Experience**

Mr Zain Siddiqui<sup>1</sup>, Mr Ahmed Omar<sup>1</sup>, Mr Michael Floyd<sup>1</sup>

<sup>1</sup>Department of Reconstructive Urology, Mersey & West Lancashire Hospitals NHS Trust, Whiston Hospital, Merseyside, UK

### **P4-7 Histopathological outcomes of routine foreskin specimens following circumcision and correlation with pre-operative diagnosis**

Mr Mazen Allam<sup>1</sup>, Mr Sher Khan<sup>1</sup>, Dr Eisha Wyne<sup>1</sup>, Mr Arshad Bhat<sup>1</sup>

<sup>1</sup>Hereford County Hospital, Hereford, UK

**P4-8 Optilume® drug coated balloon for treating brachytherapy / radiotherapy induced urethral strictures: initial results**

Mr Rustam Karanjia<sup>1</sup>, Mr Andrew Pineda-Turner<sup>1</sup>, Mr Muhammad Qureshi<sup>1</sup>, Miss Danielle Whiting<sup>1</sup>, Miss Louise Paramore<sup>1</sup>, Miss Naomi Fiore<sup>1</sup>, Miss Carla Perna<sup>1</sup>, Mr Andrew Chetwood<sup>1</sup>

<sup>1</sup>Frimley Health NHS Foundation Trust, Camberley, UK

**P4-9 Does having a radical prostatectomy cause penile hypoxia and new plaque formation?**

Mr Matthew Megson<sup>1,2,3</sup>, Dr Jufen Zhang<sup>4</sup>, Prof Greg Shaw<sup>3</sup>, Prof David Ralph<sup>3</sup>, Prof Selim Collek<sup>2</sup>

<sup>1</sup>Swansea Bay University Health Board, Llandarcy, UK, <sup>2</sup>Fibrosis Research Group, Medical Technology Research Centre, Anglia Ruskin University, Chelmsford, UK, <sup>3</sup>Urology Department, University College London Hospital, London, UK, <sup>4</sup>School of Medicine, Clinical Trials Unit, Anglia Ruskin University, Chelmsford, UK

**P4-10 Fertility preservation in young males – when and how?**

Mr Shiv Sarna<sup>1</sup>, Mr Tom Reid<sup>1</sup>, Ms Fiona Holden<sup>1</sup>, Miss Philippa Sangster<sup>1</sup>

<sup>1</sup>University College Hospital London, London, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 0800–0900, Charter 3

## 5 FUNCTIONAL UROLOGY & NEURO-UROLOGY BLADDER DYSFUNCTION AND RECONSTRUCTION 2

Chairs: **Simon Fulford**, The James Cook University Hospital, Middlesbrough and **Tina Rashid**, Chelsea & Westminster Hospital, London

### P5-1 The first stage of Sacral Neuromodulation: which patients will benefit most?

Ms Elena Seguí<sup>1</sup>, Miss Sabine Uguzova<sup>1</sup>, Mrs Josephine Russell<sup>1</sup>, Miss Saddam Hina<sup>1</sup>, Mr Ammar Alhasso<sup>1</sup>, Miss Voula Granitsiotis<sup>1</sup>, Dr Humdi Muzammil<sup>1</sup>

<sup>1</sup>Western General Hospital, Edinburgh, UK

### P5-2 Lifelong Surveillance of the Neurogenic bladder: Patient Satisfaction with a One Stop Uro-Neurology Clinic

Miss Megan Fernandes<sup>1</sup>, Miss Sarah Wood<sup>1</sup>, Miss Charlotte Dunford<sup>1</sup>, Miss Ruth Doherty<sup>1</sup>

<sup>1</sup>Norfolk And Norwich University Hospitals, Norwich, UK

### P5-3 Ileal Conduit Urinary Diversion For Benign Diseases, Indications And Outcomes From A Single Functional Urology Unit In 10 Years

Mr Ahmed Ghonaimy<sup>1</sup>, Miss Anna Ireland, Dr Inyang Ekpno, Dr Pragnitha Chitteti, Miss Mehwash Nadeem, Mr Simon Fulford

<sup>1</sup>James Cook University hospital, Middlesbrough, UK

### P5-4 A pilot assessment of intra-detrusor Alluzience botulinum toxin in patients with detrusor overactivity refractory to Allergan Botox

Mr John Piedad<sup>1</sup>, Miss Clemence Musabyimana<sup>1</sup>, Mr Steve Foley<sup>1</sup>, Mr Bob Yang<sup>1</sup>

<sup>1</sup>Royal Berkshire Hospital, Reading, UK

### P5-5 Long Term outcome of Continent Catheterizable Urinary Channel: A Report from Lower Middle Income Country

Miss Sadaf Aba Umer<sup>1</sup>, Dr Bashir Ahmed<sup>1</sup>, Professor Sajid Sultan<sup>1</sup>

<sup>1</sup>Philip G. Ransley Department of Paediatric Urology, Sindh Institute of Urology and Transplantation, KARACHI, Pakistan

### P5-6 21st century management trend of female stress incontinence in Australia

Dr Omattage M Perera<sup>1</sup>, Dr Yam Ting Ho<sup>1</sup>, Dr Mohan Arianayagam<sup>1</sup>, Dr Bertram Canagasingham<sup>1</sup>, Dr Nicola Jeffery<sup>1</sup>, Dr Nicholas Mehan<sup>1</sup>, Dr Raymond Ko<sup>1,2</sup>, Dr Celi Varol<sup>1</sup>, Dr Mohamed Khadra<sup>1,2</sup>, Dr Isaac A Thangasamy<sup>1,2</sup> et al.

<sup>1</sup>Nepean Urology Research Group, Kingswood, Australia, <sup>2</sup>Faculty of Medicine, University of Sydney, Camperdown, Australia

### P5-7 Is iAluRil an option for Recurrent Urinary Tract Infections?

Ms Elena Seguí<sup>1</sup>, Dr Nadeem Alshunaigat<sup>1</sup>, Miss Helen Gourlay<sup>1</sup>, Miss Saddam Hina<sup>1</sup>, Mr Ammar Alhasso<sup>1</sup>, Miss Voula Granitsiotis<sup>1</sup>, Dr Humdi Muzammil<sup>1</sup>

<sup>1</sup>Western General Hospital, Edinburgh, UK

**P5-8 A pilot trial of tadalafil for the management of intractable chronic pelvic pain from pelvic radiotherapy toxicity**

Ms Yasmin Abu-Ghanem<sup>1</sup>, Dr Jonathan Kam<sup>1,2</sup>, Ms Hannah Ainsworth<sup>1</sup>, Dr Georgia Heaver-Wren<sup>1</sup>, Dr Mohamed Gad<sup>1</sup>, Dr Francesco Del Giudice<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Prof Muhammed Shamim Khan<sup>1</sup>, Mr Ramesh Thuraiaraja<sup>1</sup>

<sup>1</sup>Guy's and St Thomas' NHS Foundation Trust, London, UK, <sup>2</sup>University of Sydney, Sydney, Australia

**P5-9 Do current consent processes for intimate examination under anaesthetic meet patient expectations and GMC requirements?**

Mr Ashley Mehmi<sup>1</sup>, Miss Katie Eyre<sup>1</sup>

<sup>1</sup>Wycombe General Hospital, Wycombe, UK

**P5-10 Abnormally Invasive Placenta (AIP): A Urological Perspective**

Miss Megan Fernandes<sup>1</sup>, Mr Ali Awad<sup>1</sup>, Miss Charlotte Dunford<sup>1</sup>, Miss Ruth Doherty<sup>1</sup>

<sup>1</sup>Norfolk And Norwich University Hospitals, Norwich, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 0800–0900, Exchange 9

## 6 STONES / IMAGING / UPPER TRACT DISORDERS 1

Chairs: **Damien Bolton**, President, Urological Society Australia and New Zealand (USANZ) and **Ninaad Awsare**, Whiston Hospital, Prescot

### P6-1 Long-term outcomes of allium ureteral stents in the management of ureteric obstruction and injury

Miss Anshu Jha<sup>1</sup>, Mr Ahmed Abroaf<sup>1</sup>, Mr Robert Geraghty<sup>1</sup>, Mr William Fowler<sup>1</sup>, Mr Angus Luk<sup>1</sup>, Mr John Fitzpatrick<sup>1</sup>, Mr David Rix<sup>1</sup>, Mr Trevor Dorkin<sup>1</sup>, Dr John Reicher<sup>1</sup>, Dr Phillip Haslam<sup>1</sup>, Dr Robin Williams<sup>1</sup>, Mr Matthew Shaw<sup>1</sup>, Mr Alistair Rogers<sup>1</sup>

<sup>1</sup>Freeman Hospital, Newcastle – Upon – Tyne, UK

### P6-2 Markov Modelling to Estimate Economic Cost of using the EAU Urolithiasis Kidney Stone Follow-up Algorithm in Patients who are (Kidney) Stone Free

Mr Robert Geraghty<sup>1,3</sup>, Ms Catherine Lovegrove<sup>2</sup>, Dr Holly Mabillard<sup>1,3</sup>, Miss Stefanie Croghan<sup>1</sup>, Mr Alistair Rogers<sup>1</sup>, Mr Matthew Shaw<sup>1</sup>, Mr Andrew Dickinson<sup>4</sup>, Dr Sarah Howles<sup>2</sup>, Professor John Sayer<sup>1,3</sup>, Dr Gurdeep Sagoo<sup>3</sup>

<sup>1</sup>Freeman Hospital, Newcastle Upon Tyne, UK, <sup>2</sup>Oxford University, Oxford, UK, <sup>3</sup>Newcastle University, Newcastle upon Tyne, UK, <sup>4</sup>Plymouth University Hospital, Plymouth, UK

### P6-3 Incidence of malignant ureteric obstruction In patients with non-organ confined abdominopelvic malignancy (INSITE MUO): interim analysis of a national study

Dr Oliver Llewellyn<sup>1,3</sup>, Mr James Blackmur<sup>2,3</sup>, Dr Tristan Barrett<sup>4,5</sup>, Dr Nadeem Shaida<sup>7</sup>, Mr Manolis Bagkeris<sup>8</sup>, Mr Jon Aning<sup>6</sup>, Mr Alex Laird<sup>2,3</sup>, INSITE MUO Study Group<sup>9,10</sup>

<sup>1</sup>Department of Interventional Radiology, Queen Elizabeth University Hospital, Glasgow, UK, <sup>2</sup>Department of Urology, Western General Hospital, Edinburgh, UK, <sup>3</sup>Institute of Genetics and Cancer, University of Edinburgh, Edinburgh, UK, <sup>4</sup>Department of Radiology, Addenbrookes Hospital, Cambridge, UK, <sup>5</sup>University of Cambridge, Cambridge, UK, <sup>6</sup>Bristol Urological Institute, Bristol, UK, <sup>7</sup>Department of Interventional Radiology, Addenbrookes Hospital, Cambridge, UK, <sup>8</sup>University College London, Population, Policy and Practice Research and Teaching Department, London, UK, <sup>9</sup>UK National Interventional Radiology Trainee Research Collaborative, UK, <sup>10</sup>British Association of Urological Surgeons Oncology Section, UK

### P6-4 BAUS National Survey on Ureteric Stents for Patients Requiring Long-term Stents for Ureteric Stricture

Mr James Liston<sup>1</sup>, Mr Tamer El-Husseiny<sup>2</sup>, Mr Kesavapilla Subramonian<sup>3</sup>, Mr Daron Smith<sup>4</sup>, Mr Priyadarshi Kumar<sup>5</sup>, Mr Andreas Bourdoumis<sup>6</sup>, Mr Junaid Masood<sup>7</sup>, Dr Lucksy Kottam<sup>8</sup>, Professor Amar Rangan<sup>9</sup>, Mr Badrakumar Chandrasekharan<sup>1</sup>

<sup>1</sup>South Tees Hospitals Foundation Trust, Middlesbrough, UK, <sup>2</sup>Imperial College Healthcare NHS Trust, London, UK, <sup>3</sup>University Hospitals Birmingham NHS Foundation Trust, Birmingham, UK, <sup>4</sup>University College London Hospitals NHS Foundation Trust, London, UK, <sup>5</sup>University Hospitals Coventry and Warwickshire, UK, <sup>6</sup>Royal Oldham Hospital, Oldham, UK, <sup>7</sup>King George and Queens Hospitals BHR University hospitals NHS Trust, UK, <sup>8</sup>Academic Centre for Surgery South Tees NHS Hospital Trust, Middlesbrough, UK, <sup>9</sup>University of York, UK

### **P6-5 StentSafe®: Evaluating a Hard-Stop System to Reduce Forgotten Ureteric Stents**

Professor Cristian Ilie<sup>1</sup>, Mister Waduthanthri DaSilva<sup>1</sup>, Doctor Muhamed Qalawena<sup>1</sup>, Doctor Mykhaylo Kostyuk<sup>1</sup>, Mister Radu Croitoru<sup>1</sup>, Mister Dimitar Ormanov<sup>1</sup>, Miss Anne Carrie<sup>2</sup>, Professor Lee Smith<sup>3</sup>

<sup>1</sup>Department of Urology, Queen Elizabeth Hospital King's Lynn, Norfolk and Norwich University Hospitals NHS Foundation Trust, Norwich, UK, <sup>2</sup>Department of Urology, Norfolk and Norwich University Hospital, Norfolk and Norwich University Hospitals NHS Foundation Trust, Norwich, UK, <sup>3</sup>Centre for Health, Performance and Wellbeing, Anglia Ruskin University, Cambridge, UK, Norwich, UK

### **P6-6 Impact of Updated Blood Pressure Thresholds on the Incidence of Peri-Renal Hematomas Following Extracorporeal Shock Wave Lithotripsy (ESWL)**

Dr Sebastian Yeap<sup>1</sup>, Mr Ben Horsburgh<sup>1</sup>, Dr Kurian George<sup>1</sup>

<sup>1</sup>Epsom And St Helier University Hospitals NHS Trust, London, UK

### **P6-7 Evaluating the Risk of Peri-Renal Hematomas in Relation to Renal Cyst-Stone Proximity Post-Extracorporeal Shock Wave Lithotripsy (ESWL) in Southwest London**

Dr Kurian George<sup>1</sup>, Mr Ben Horsburgh<sup>1</sup>, Dr Sebastian Yeap<sup>1</sup>

<sup>1</sup>Epsom And St. Helier University Hospitals NHS Trust, London, UK

### **P6-8 An evaluation of Patient Reported Outcome Measures in our GIRFT acute regional lithotripsy service.**

Dr Abdelwadoud Abu Omar<sup>1</sup>, Ms Charlotte Hughes<sup>1</sup>, Mr Phillip Rustin<sup>1</sup>, Mr Nishantha Liyanapathirana<sup>1</sup>, Mr Stuart Irving<sup>1</sup>, Mr William Finch<sup>1</sup>

<sup>1</sup>Norfolk and Norwich University Hospitals NHS Foundation Trust, Norwich, UK

### **P6-9 Assessing the Efficacy of Conservative Management of Unilateral Pelvi-Ureteric Junction Obstruction in a Large UK Tertiary Centre**

Dr Onaiho Ojo<sup>1</sup>, Mr James P. Blackmur<sup>2,3</sup>, Mr James Armitage<sup>1</sup>

<sup>1</sup>Department of Urology, Cambridge University Hospitals NHS Foundation Trust, Cambridge, UK, <sup>2</sup>NHS Lothian, UK,

<sup>3</sup>University of Edinburgh, Edinburgh, UK

### **P6-10 Urinary Stones and Intervention Quality of Life (USIQoL): Validity of Patient-Reported Outcome Measures (PROMs) to Optimise Long-Term Follow-Up**

Mr Sabin Yadav<sup>1</sup>, Dr. Elin Wynne, Dr. James Morris, Ms. Dhanya Nantha Kumar, Mr. Hrishikesh Joshi

<sup>1</sup>University Hospital Of Wales, Cardiff, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 0800–0900, Charter 4

## 7 HISTORY OF UROLOGY

Chairs: **Robyn Webber**, Victoria Hospital, Kirkcaldy and **Iain Wharton**, University Hospital, Coventry

### P7-1 **Breaking the Silence: How a Dear Abby Column Sparked a Global Conversation on Impotence and Innovation**

Mr Michael George<sup>1</sup>, Professor Ian Pearce<sup>2</sup>, Miss Theodora Stasinou<sup>2</sup>

<sup>1</sup>Stepping Hill Hospital (Stockport NHS Foundation Trust), Stockport, UK, <sup>2</sup>Manchester Royal Infirmary (Manchester University Foundation Trust), Manchester, UK

### P7-2 **Ubert Conrad Vincent: An African American Trailblazer and Pioneer of Varicocele Surgery**

Dr Abdirashid Hassan Kassim<sup>1</sup>, Mr Iain Wharton<sup>1</sup>

<sup>1</sup>University Hospital Of Coventry & Warwickshire, Coventry, UK

### P7-3 **Trotula de Ruggiero, the first female urologist and andrologist of the Medieval Medical School of Salerno**

Dr Rosa Mancuso<sup>1</sup>

<sup>1</sup>Kingston and Richmond NHS Foundation Trust, London, UK

### P7-4 **Honourable Hydrocele Healers: Unveiling the Surgeons Behind the Eponymous Techniques**

Dr Nicole Yacob<sup>1</sup>, Dr Christy George<sup>1</sup>, Miss Asmithaa Prabhakaran<sup>1</sup>, Miss Theodora Stasinou<sup>2</sup>, Prof. Ian Pearce<sup>2</sup>

<sup>1</sup>Bolton NHS Foundation Trust, Bolton, UK, <sup>2</sup>Manchester University NHS Foundation Trust, Manchester, UK

### P7-5 **Richard Turner-Warwick CBE (1925–2020): British pioneer in reconstructive urologic surgery**

Miss Francesca Kum<sup>1</sup>, Mr Ramandeep Chalokia<sup>2</sup>

<sup>1</sup>Kings College Hospital, Denmark Hill, London, UK, <sup>2</sup>Warrington and Halton Teaching Hospitals NHS Foundation Trust, Warrington, UK

### P7-6 **The Ottoman Empire's Overlooked Legacy in Urological Innovation**

Dr Darshan Sitharthan<sup>1,2</sup>

<sup>1</sup>Royal Prince Alfred Hospital, Sydney, Australia, <sup>2</sup>The University of New South Wales, Sydney, Australia

### P7-7 **George Tiemann & Company: Fabricator of Fine Surgical Instruments and a Revolutionary Catheter**

Miss Isobel Radford<sup>1</sup>, Mr Iain Wharton<sup>2</sup>

<sup>1</sup>Bristol Medical School, University of Bristol, Bristol, UK, <sup>2</sup>University Hospitals of Coventry & Warwickshire NHS Trust, Coventry, UK

### P7-8 **Johann von Mikulicz-Radecki's Trailblazing Intestinal Bladder Substitution: A Cornerstone of Modern Urology**

Dr Darshan Sitharthan<sup>1,2</sup>

<sup>1</sup>Royal Prince Alfred Hospital, Sydney, Australia, <sup>2</sup>The University of New South Wales, Sydney, Australia

**P7-9 Four Decades of Fowler's Syndrome: Claire Fowler's lasting impact in Neuro-Urology**

Dr Rebecca Pearce<sup>1</sup>, Miss Theodora Stasinou<sup>2</sup>

<sup>1</sup>Wexham Park Hospital, Slough, UK, <sup>2</sup>Manchester University NHS Foundation Trust, Manchester, UK

**P7-10 The Güevodoces: how a small Dominican community helped in the global treatment of big prostates**

Mr John Hayes<sup>1</sup>

<sup>1</sup>Sunderland Royal Hospital, Sunderland, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 1130–1230, Charter 4

## 8 BENIGN ANDROLOGY, GENITOURETHRAL RECONSTRUCTION AND MALE INFERTILITY

Chairs: **Chi-Ying Li**, Whipps Cross University Hospital, London and **Theodora Stasinou**, Manchester University Foundation Trust

### P8-1 **Response to erectile dysfunction (ED) treatment after non-nerve-sparing (NNS) robot-assisted radical prostatectomy (RARP) for Prostate Cancer (PCa)**

Mr Abdullah Al-Mitwalli<sup>1</sup>, Dr Sumita Gurung<sup>1</sup>, Mr Rakan Aldarrab<sup>1</sup>, Ms Elizabeth Day<sup>1</sup>, Mr Angelo Di Giovanni<sup>1</sup>, Ms Fiona Holden<sup>1</sup>, Mr Matthew Megson<sup>2</sup>, Mr Mohammad Shah<sup>1</sup>, Mr Zafer Tandogdu<sup>1</sup>, Prof David Ralph<sup>1</sup>

<sup>1</sup>University College London Hospitals, London, UK, <sup>2</sup>Swansea Bay University Health Board, Swansea, UK

### P8-2 **Does having a radical prostatectomy cause a higher rate of plaque formation than originally thought?**

Mr Matthew Megson<sup>1,2,3</sup>, Dr Jufen Zhang<sup>4</sup>, Prof David Ralph<sup>3</sup>, Prof Selim Cellek<sup>2</sup>

<sup>1</sup>Swansea Bay University Health Board, Swansea, UK, <sup>2</sup>Fibrosis Research Group, Medical Technology Research Centre, Anglia Ruskin University, Chelmsford, UK, <sup>3</sup>Urology Department, University College London Hospital, London, UK, <sup>4</sup>School of Medicine, Clinical Trials Unit, Anglia Ruskin University, Chelmsford, UK

### P8-3 **Outcome and Management Strategy of Hypospadias Cripple**

Dr Amilal Bhat<sup>1</sup>, Dr. Mahakshit Bhat<sup>2</sup>, Dr Akshita Bhat<sup>3</sup>, Dr. Nikhil Khandelwal<sup>4</sup>

<sup>1</sup>Bhat's Hypospadias & Reconstructive Urology Hospital & Research Centre Jaipur, Jaipur, India, <sup>2</sup>NIMS Medical College & Hospital, Jaipur, India, <sup>3</sup>SMS Medical College and hospital, Jaipur, India, <sup>4</sup>Bhat's Hypospadias & Reconstructive Urology Hospital & Research Centre Jaipur, Jaipur, India

### P8-4 **“A Picture is Worth a Thousand Words”: A Telemedicine Platform for Early Assessment of Penile Disorders**

Mr Gaurav Sali<sup>1</sup>, Mr. Alvaro Bazo<sup>1</sup>

<sup>1</sup>Nottingham City Hospital, Nottingham, UK

### P8-5 **Semen analysis outcomes in patients undergoing varicocele repair via micro-surgical ligation or radiological embolization**

Ms Isabel Dighero<sup>1</sup>, Ms Jess Caterson<sup>1</sup>, Dr Richard Hesketh<sup>1</sup>, Dr Jungwoo Kang<sup>1</sup>, Dr Salsabeel Kazi<sup>1</sup>, Dr Ali Paysar<sup>1</sup>, Professor David Ralph<sup>1</sup>, Dr Miles Walkden<sup>1</sup>, Miss Philippa Sangster<sup>1</sup>

<sup>1</sup>University College London Hospital, London, UK

### P8-6 **Management of Inguinal Hernias (IH) with or without herniation of reservoir in Patients with Inflatable Penile Prosthesis (IPP): A Case Series and surgical considerations**

Mr Abdullah Al-Mitwalli<sup>1</sup>, Mr Mohammad Shah<sup>1</sup>, Mr Rakan Al-Darrab<sup>1</sup>, Mr Angelo Di Giovanni<sup>1</sup>, Prof David Ralph<sup>1</sup>

<sup>1</sup>University College London Hospitals, London, UK

**P8-7 Assessment of Functional and Satisfaction Outcomes after Inflatable Penile Prosthesis (IPP) Surgery using a Validated Instrument: Satisfaction Survey for Inflatable Penile Implant (SSIPI)**

Mr Abdullah Al-Mitwalli<sup>1</sup>, Dr Helen L Bernie<sup>2</sup>, Dr Ta Pereira<sup>2</sup>, Dr L Amorim<sup>2</sup>, Dr Carolyn Salter<sup>3</sup>, Dr Christian Nelson<sup>4</sup>, Ms Nicole B Liso<sup>4</sup>, Dr Jose M Flores<sup>4</sup>, Prof David Ralph<sup>4</sup>, Dr John P Mulhall<sup>4</sup>

<sup>1</sup>University College London Hospitals, London, UK, <sup>2</sup>Indiana University, Indianapolis, USA, <sup>3</sup>Madigan Army Medical Center, USA, <sup>4</sup>Memorial Sloan Kettering, New York, USA

**P8-8 Long term evaluation of proximal decompression in the management of refractory priapism**

Dr Mohamed Elkholy, Mr Waleed Hasan<sup>1</sup>, Professor Abdulrahman Zahran, Professor Faysal Yafi

<sup>1</sup>Alexandria University Hospitals, Alexandria, Egypt, <sup>2</sup>INH, Manama, Bahrain, <sup>3</sup>University of California Irvine, Irvine, USA

**P8-9 Implantation of penile prostheses in men 35yrs and younger: a case series**

Dr Shiv Sarna<sup>1</sup>, Mr Thomas Reid<sup>1</sup>, Mr Angelo Di Giovanni<sup>1</sup>, Ms Fiona Holden<sup>1</sup>, Ms Chi-Ying Li<sup>1</sup>, Mr Mr Wai Gin (Don) Lee<sup>1</sup>, Mr Andrew Christopher<sup>1</sup>, Prof David Ralph<sup>1</sup>, Ms Philippa Sangster<sup>1</sup>

<sup>1</sup>University College Hospital London, London, UK

**P8-10 An analysis of the safety of penile implant surgery in octogenarians**

Mr Abdullah Al-Mitwalli<sup>1</sup>, Dr Helen L Bernie<sup>2</sup>, Dr Lucas Amorim<sup>2</sup>, Dr Thairo Pereira<sup>2</sup>, Dr Ishav Desai<sup>3</sup>, Dr Run Wang<sup>3</sup>, Dr Jose Flores Martinez<sup>4</sup>, Professor David Ralph<sup>1</sup>, Dr John P Mulhall<sup>4</sup>

<sup>1</sup>University College London Hospitals, London, UK, <sup>2</sup>Indiana University, Indianapolis, USA, <sup>3</sup>MD Anderson, Houston, USA, <sup>4</sup>Memorial Sloan Kettering, New York, USA

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 1400–1500, Charter 4

## 9 MANAGEMENT / GOVERNANCE/ EDUCATION/ QUALITY IMPROVEMENT 1

Chairs: **Brian Duggan**, The Ulster Hospital, Dundonald and **Tharani Nitkunan**, Epsom General Hospital, Surrey

### **P9-1 Self-removal of the urinary catheter after urological interventions: our experience**

Mr Muhammad Usman Javed<sup>1</sup>, Mr Branimir Penev<sup>1</sup>, Mr Muhammad Usman Javed<sup>1</sup>, Kirsty Ellis<sup>1</sup>, Annie Murphy<sup>1</sup>, Mr Mark Cynk<sup>1</sup>, Mr Alastair Henderson<sup>1</sup>

<sup>1</sup>Maidstone and Tunbridge Wells NHS Trust, Maidstone, UK

### **P9-2 Introduction of Self-TWOC Following Robotic-Assisted Laparoscopic Prostatectomy (RALP)**

Mr Abdel-Hamid Hamed<sup>1</sup>, Ms Danielle Cunningham<sup>1</sup>, Ms Kelly Crowe<sup>1</sup>, Ms Alison Lindley<sup>1</sup>, Ms Rachel Lewis<sup>1</sup>, Mr Gokul KandaSwamy<sup>1</sup>, Mr Matthew Jefferies<sup>1</sup>

<sup>1</sup>Morriston Hospital, Swansea, UK

### **P9-3 Self Removal of Catheter: A Sustainable Alternative to District Nurse Catheter Removal**

Miss Charlotte Gunner<sup>1</sup>, Dr Connie Dodds<sup>2</sup>, Mr Ian Wilson<sup>2</sup>

<sup>1</sup>Aberdeen Royal Infirmary, Aberdeen, UK, <sup>2</sup>Raigmore Hospital, Inverness, UK

### **P9-4 The Pump Ball Catheter Drainage Bag Pilot Study for Acute Management of Visible Haematuria/Clot retention**

Dr Ojone Ofagbor<sup>1</sup>, Dr Olivia Quinn<sup>1</sup>, Mr Clarke Watson<sup>1</sup>, Mr William Finch<sup>1</sup>

<sup>1</sup>Norfolk and Norwich University Hospital, Norwich, UK

### **P9-5 Assessment of visible and non-visible haematuria in young patients. The prudent approach**

Mr Ghulam Mustafa Nandwani<sup>1</sup>, Mr Asim Qureshi<sup>1</sup>, Dr Arfeen Zahra<sup>1</sup>, Dr Zainab Riaz<sup>1</sup>, Mr Andrew David Martindale<sup>1</sup>

<sup>1</sup>Ninewells Hospital & Medical School, Dundee, UK

### **P9-6 Improving Documentation Of Endoscopic Procedures For Urethral Stricture Disease- A Roadmap Of The Urethra**

Mr Youssef Ashraf Ibrahim<sup>1</sup>, Dr Akinlolu Oluwole-Ojo, Ms Yaamini Premakumar, Mr Ahmed Moussa, Ms Raveen Sandher, Mr Majed Shabbir

<sup>1</sup>Guys, London, UK

### **P9-7 Addressing differential attainment in Urology training: Evaluating the impact of the U-NOTE platform on access to education across different training pathways**

Miss Annelisse Ashton<sup>1</sup>, Mr Christopher Berridge<sup>3</sup>, Mr Daron Smith<sup>4</sup>, Mr Hari Ratan<sup>2</sup>

<sup>1</sup>University Hospitals Sussex NHS Foundation Trust, Chichester, UK, <sup>2</sup>Nottingham University Hospitals NHS Trust, Nottingham, UK, <sup>3</sup>University Hospitals Birmingham NHS Foundation Trust, Birmingham, UK, <sup>4</sup>University College London Hospitals Trust, London, UK

**P9-8 The effect of a remote computerised PSA surveillance programme in reducing clinic attendances for patients on active surveillance and resultant cost savings**

Mr Nadeem Iqbal<sup>1</sup>, Miss Elizabeth Bright<sup>1</sup>

<sup>1</sup>Royal Cornwall Hospital NHS Trust, TRURO, UK

**P9-9 Long term safety and benefits of an ambulatory pathway for patients with suspected acute pyelonephritis – the Suspected Acute Pyelonephritis Ambulatory (SAPA) pathway**

Miss Batya Stimler<sup>1</sup>, Mr Struan Gray<sup>2</sup>, Mr Agapios Gkentzis<sup>1</sup>, Miss Ling Lee<sup>1</sup>

<sup>1</sup>Royal Bolton Hospital, Bolton. UK, <sup>2</sup>The Christie and Salford Royal NHS Foundation Trusts, Manchester, United Kingdom

**P9-10 Development of a TULA-based Patient Reported Outcome Measure Questionnaire**

Mr Matthew Deacon, Dr Freya Hepworth Lloyd<sup>1</sup>, Alejandro Hanono, Hira Syed, James Aljoe, Zaynab Irfan, Faria Antara, Mr Sarosh Janardanan, Mr Sachin Agrawal

<sup>1</sup>St Peter's Hospital, Chertsey, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 1530–1630, Exchange 9

## 10 BLADDER CANCER: MUSCLE & NON-MUSCLE INVASIVE

Chairs: **Amita Mevcha**, Royal Bournemouth Hospital and **Niyati Lobo**, Addenbrooke's Hospital, Cambridge

### P10-1 TIME to radical treatment in muscle invasive bladder cancer and related quality indicators (TIMELY): a prospective clinical study evaluating long term oncological outcomes.

Dr Ying-Xin Yeo<sup>1,2</sup>, Ms Jasmin Hart-Brooke<sup>1,2</sup>, Dr Wee-Jin Low<sup>1,2</sup>, Mr Chandrarajan Premal Shah<sup>1,2</sup>, Mr Natesh Shivakumar<sup>1</sup>, Ms Cara Louise Vincenti<sup>1</sup>, Professor Paramanathan Mariappan<sup>1,3</sup>

<sup>1</sup>Edinburgh Bladder Cancer Surgery (EBCS), The University of Edinburgh, Western General Hospital, Edinburgh, UK,

<sup>2</sup>Edinburgh Medical School, The University of Edinburgh, Edinburgh, UK, <sup>3</sup>The University of Edinburgh, Edinburgh, UK

### P10-2 Bladder EpiCheck triggered Photodynamic Diagnosis biopsies detect High Grade recurrences missed by White Light Cystoscopy

Professor Paramanathan Mariappan<sup>1,2</sup>, Ms Jasmin Hart-Brooke<sup>1,3</sup>, Mrs Tanya Lord-McKenzie<sup>1</sup>

<sup>1</sup>Edinburgh Bladder Cancer Surgery (EBCS), The University of Edinburgh, Western General Hospital, Edinburgh, UK,

<sup>2</sup>The University of Edinburgh, Edinburgh, UK, <sup>3</sup>Edinburgh Medical School, The University of Edinburgh, Edinburgh, UK

### P10-3 High-Grade Non-Invasive Urothelial Carcinoma of the Prostatic Urethra: Oncological Outcomes Following Intravesical BCG Treatment

Mr Francesco Pio Bizzarri<sup>1</sup>, Mr Khodr Terro<sup>1</sup>, Mr Ahmed Anber<sup>1</sup>, Mr Adam Nelson<sup>1</sup>, Miss Alexandre Colquhoun<sup>1</sup>, Miss Niyati Lobo<sup>1</sup>, Miss Onaiho Ojo<sup>1</sup>

<sup>1</sup>Department of Urology, Cambridge University Hospitals NHS Trust, Cambridge, England

### P10-4 A systematic review/meta-analysis on peri-operative stenting/dwell time and postoperative outcomes in patients undergoing radical cystectomy and urinary diversion for bladder cancer

Mr Mithun Kailavasan<sup>1</sup>, Dr Alberto Martini<sup>2</sup>, Dr Max Bruins<sup>3</sup>, Dr Albert Carrión<sup>4</sup>, Dr Richard Cathomas<sup>5</sup>, Dr Eva Comperat<sup>6</sup>, Dr Jason Efsthathiou<sup>7</sup>, Dr Rainer Fietkau<sup>8</sup>, Dr Anja Lorch<sup>9</sup>, Dr Laura Mertens<sup>10</sup>, Dr Richard Meijer<sup>11</sup>, Professor Param Mariappan<sup>1,2</sup>, Dr Matt Milowsky<sup>13</sup>, Dr Yann Neuzillet<sup>14</sup>, Dr Valeria Panebianco<sup>15</sup>, Dr Michael Rink<sup>16</sup>, Dr George Thalmann<sup>17</sup>, Dr Toine van der Heijden<sup>18</sup>

<sup>1</sup>Victoria Hospital, London, Canada, <sup>2</sup>University of Cincinnati, Cincinnati, United States of America, <sup>3</sup>Zuyderland Medisch Centrum, Heerlen, Netherlands, <sup>4</sup>Vall Hebron Hospital, Barcelona, Spain, <sup>5</sup>Kantonsspital Graubünden, Chur, Switzerland, <sup>6</sup>Medical University Vienna, Vienna, Austria, <sup>7</sup>Massachusetts General Hospital, Boston, United States of America, <sup>8</sup>University of Erlangen, Erlangen, Germany, <sup>9</sup>University Hospital Zürich, Zurich, Switzerland,

<sup>10</sup>Netherlands Cancer Institute, Amsterdam, Netherlands, <sup>11</sup>University Medical Center Utrecht, Utrecht, Netherlands, <sup>12</sup>Western General Hospital, Edinburgh, UK, <sup>13</sup>University of North Carolina, Chapel Hill, United States of America, <sup>14</sup>Foch Hospital, France, <sup>15</sup>Sapienza University of Rome, Rome, Italy, <sup>16</sup>Marienkrankehaus Hamburg, Germany,

<sup>17</sup>University Hospital Bern, Bern, Switzerland, <sup>18</sup>Radboud University Nijmegen Medical Centre, Netherlands

### P10-5 National variation in determinants carbon emissions in bladder cancer treatment: results from the BAUS ELLA snapshot audit

Mr Joseph John<sup>1</sup>, Dr William K Gray<sup>1</sup>, Mr Kieran O'Flynn<sup>1</sup>, Professor Tim W R Briggs<sup>1</sup>, Ms Louisa Hermans<sup>2</sup>, Ms Beverly Tomkins<sup>2</sup>, Mr Robert Calvert<sup>2</sup>, Mr John S McGrath<sup>1</sup>

<sup>1</sup>Getting It Right First Time, London, UK, <sup>2</sup>BAUS Audit Steering Group, London, UK

### **P10-6 Natural History of Patients Predominantly Managed within an Outpatient-Based TULA Clinic**

Mr Kohei Yamada<sup>1</sup>, Dr Nicole Lim<sup>1</sup>, Dr Zelig Ho<sup>1</sup>, Miss Freya Lloyd<sup>1</sup>, Miss Katherine Northall<sup>1</sup>, Miss Faria Antara<sup>1</sup>, Mr Parth Patel<sup>1</sup>, Miss Hira Syed<sup>1</sup>, Mr Sarosh Janardanan<sup>1</sup>, Mr Sachin Agrawal<sup>1</sup>

<sup>1</sup>St. Peter's Hospital, Chertsey, UK

### **P10-7 National variation in system factors to promote day-case bladder tumour resection: results from the BAUS ELLA snapshot audit**

Mr Joseph John<sup>1</sup>, Mr Kieran O'Flynn<sup>1</sup>, Dr William K Gray<sup>1</sup>, Professor Tim W R Briggs<sup>1</sup>, Ms Louisa Hermans<sup>2</sup>, Ms Beverly Tomkins<sup>2</sup>, Mr Robert Calvert<sup>2</sup>, Mr John S McGrath<sup>1</sup>

<sup>1</sup>Getting It Right First Time, London, UK, <sup>2</sup>BAUS Audit Steering Group, London, UK

### **P10-8 National variation in determinants of carbon emissions in bladder cancer diagnostics: results from the BAUS ELLA snapshot audit**

Mr Joseph John<sup>1</sup>, Mr William K Gray<sup>1</sup>, Mr Kieran O'Flynn<sup>1</sup>, Mr Tim W R Briggs<sup>1</sup>, Ms Louisa Hermans<sup>2</sup>, Ms Beverly Tomkins<sup>2</sup>, Mr Robert Calvert<sup>2</sup>, Mr John S McGrath<sup>1</sup>

<sup>1</sup>Getting It Right First Time, London, UK, <sup>2</sup>BAUS Audit Steering Group, London, UK

### **P10-9 Photodynamic Trans-urethral Resection of Bladder Tumours (PDD-TURBT) to avoid secondary resections (Re-TURBT) in Non-Muscle Invasive Bladder Cancers (NMIBCs): The CUT-less Trial**

Dr Francesco Del Giudice<sup>1</sup>, Mr Youssef Ibrahim<sup>1</sup>, Dr Mohamed Gad<sup>1</sup>, Dr Sarah Ashraf<sup>1</sup>, Dr Basil Lutfi<sup>1</sup>, Ms Kathryn Chatterton<sup>1</sup>, Ms Yasmin Abu-Ghanem<sup>1</sup>, Ms Elsie Mensah<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Mr Ramesh Thuraiaraja<sup>1</sup>, Professor Ettore De Berardinis<sup>2</sup>, Professor Valeria Panebianco<sup>2</sup>, Professor Muhammad Shamim Khan<sup>1</sup>

<sup>1</sup>Guy's and St Thomas' NHS Foundation Trust, London, UK, <sup>2</sup>Sapienza University of Rome, Rome, Italy

### **P10-10 The impact of Primary Urethrectomy for High-risk Non-muscle and Muscle invasive Bladder Cancer undergoing Robotic-assisted Radical Cystectomy: Matched-cohort analysis on Practice Patterns and Survival Outcomes from a single tertiary centre**

Dr Mohamed Gad<sup>1</sup>, Dr Francesco Del Giudice<sup>1</sup>, Dr Akra Yeasmin<sup>1</sup>, Mr Youssef Ibrahim<sup>1</sup>, Dr Sarah Ashraf<sup>1</sup>, Dr Basil Lutfi<sup>1</sup>, Ms Kathryn Chatterton<sup>1</sup>, Ms Yasmin Abu-Ghanem<sup>1</sup>, Ms Elsie Mensah<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Mr Ramesh Thuraiaraja<sup>1</sup>, Professor Muhammad Shamim Khan<sup>1</sup>

<sup>1</sup>Guy's And St Thomas' NHS Foundation Trust, London, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 1530–1630, Charter 4

## 11 STONES / IMAGING / UPPER TRACT DISORDERS 2

Chairs: **Joyce Baard**, Amsterdam UMC, Amsterdam, The Netherlands and **Jake Patterson**, Royal Hallamshire Hospital, Sheffield

### **P11-1 Ureteroscopy for stone disease in pregnancy: Outcomes of a multi-centre study on behalf of the EAU Section of Urolithiasis**

Mr Patrick Juliebø-Jones, Ms Maria Florencia Frasccheri<sup>1</sup>, Mr Vineet Gauhar, Ms Smita De, Mr Nebil Akdogan, Mr Cemil Aydin, Mr Pablo Contreras, Mr Lazaros Tzelvels, Mr Christian Beisland, Prof Bhaskar K Somani

<sup>1</sup>Southampton General Hospital, Southampton, UK

### **P11-2 Does Gender have an influence on the outcomes of Ureteroscopy and laser stone fragmentation (URSL): Outcomes from a prospective data of over 1200 patients.**

Ms Maria Florencia Frasccheri<sup>1</sup>, Mr Nico Christian Grossmann, Ms Shriya Napoleon Fernandes, Mr Badr Hossaini, Prof Bhaskar K Somani

<sup>1</sup>Southampton General Hospital, Southampton, UK

### **P11-3 Flexible and navigable suction access sheaths: what irrigation pressure can you use and what irrigant flow rates would you achieve?**

Mr Richard Menzies-Wilson<sup>1</sup>, Ms Jessica Williams<sup>2</sup>, Mr Thijs Reuken<sup>3</sup>, Mrs Candace Rhodes<sup>2</sup>, Prof Ben Turney<sup>1</sup>

<sup>1</sup>University Of Oxford, Oxford, UK, <sup>2</sup>Boston Scientific Corporation, USA, <sup>3</sup>University of Leiden, Netherlands

### **P11-4 Ureteroscopy under the Microscope: A UK and Irish Perspective of Pre-Ureteroscopic Urine Culture Practices, Implications and Logistical Challenges**

Ms Stefanie Croghan<sup>1</sup>, Mr. Kevin Byrnes, Mr. Arjun Nathan, Mr. Veeru Kasivisvanathan, Dr. Bruce Macrae, Dr David Walker, Mr. Hari Ratan, Mr. Wai Gin Lee, Mr. Alistair Rogers, Mr. Daron Smith

<sup>1</sup>Freeman Hospital, Newcastle, UK

### **P11-5 Mortality from ureteroscopy for kidney stone disease: systematic review of literature from the section of EAU Endourology**

Dr Sohani Dassanayake<sup>1</sup>, Mr Nicholas Harrison<sup>2</sup>, Professor Olivier Traxer<sup>3</sup>, Professor Vineet Gauhar<sup>4</sup>, Dr Steffi Yuen<sup>5</sup>, Professor Bhaskar Somani<sup>1</sup>

<sup>1</sup>University Hospital Southampton NHS Trust, Southampton, UK, <sup>2</sup>Mersey and West Lancashire Teaching Hospitals NHS Trust, Prescot, UK, <sup>3</sup>Sorbonne Université, Paris, France, <sup>4</sup>Ng Teng Fong General Hospital, Singapore, <sup>5</sup>The Chinese University of Hong Kong, Hong Kong,

### **P11-6 Impact of Surgical Kidney Stone Removal on Preventing Recurrent Urinary Tract Infections: Do stones need intervention? – Evidence from a Systematic Review**

Ms Michelle Yuki Man<sup>2</sup>, Prof Bhaskar K Somani<sup>1</sup>, Ms Amelia Pietropaolo<sup>1</sup>

<sup>1</sup>University Hospital Southampton NHS foundation trust, Southampton, UK, <sup>2</sup>University of Southampton, Southampton, UK

**P11-7 PCNL morbidity score**

Dr Kamran Bhatti<sup>1</sup>, Dr Bapir R, Dr Mohamed El-Shazly M. El-Shazly M., Dr Antonio Galan J, DR Ahmed M.Harraz A, Dr Noori Mahmood S, Dr N Pedro R, DR Pablo P, Dr Papatsoris A, Prof Alberto Trinchieri A. Trinchieri A  
<sup>1</sup>Hmc, Alkhor, Qatar

**P11-8 Incidence of Urinary Infections and Urosepsis after Ureteroscopy for Stone Disease: A Systematic Review of Data from Over One Million Patients**

Mr Thomas Hughes<sup>1</sup>, Arianna Pischetola, Mr Mohammed Boulmani, Professor Bhaskar Somani  
<sup>1</sup>University Hospitals Birmingham NHS Foundation Trust, Birmingham, UK

**P11-9 Predictors of infectious complications following ureteroscopy and laser lithotripsy (URSL): Prospective cohort study over a 12-year period from a university teaching hospital**

Dr Shriya Fernandes<sup>1</sup>, Dr Nico Christian Grossmann<sup>1</sup>, Dr Maria Florencia Frasccheri<sup>1</sup>, Badr Hossaini<sup>1</sup>, Mr Mohammed Boulmani<sup>2</sup>, Professor Bhaskar K Somani<sup>1</sup>  
<sup>1</sup>University hospital Southampton, Southampton, UK, <sup>2</sup>Boston Scientific, Urology and Pelvic Health, Paris, France

**P11-10 Role of vacuum assisted access sheath in mini-percutaneous nephrolithotomy: Systematic review and Meta-analysis of comparative studies**

Dr Ethan Pooley<sup>1</sup>, Mr Mohammed Zain Ulabedin Adhoni<sup>1</sup>, Mr Kevin Byrnes<sup>1</sup>, Professor Bhaskar Somani<sup>2</sup>  
<sup>1</sup>The Royal London Hospital, London, UK, <sup>2</sup>University Hospital Southampton, Southampton, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Tuesday 17 June, 1630–1730, Charter 4

## 12 URO-TECHNOLOGY, ARTIFICIAL INTELLIGENCE & UROLOGY APPS

Chairs: **Johann Boaz**, Charing Cross Hospital, Imperial College London and **Kathryn Bandeira de Mello**, Milton Keynes University Hospital

### P12-1 Can artificial intelligence (AI) replicate a human judge panel of urology abstracts? An exploratory post hoc analysis of a regional BAUS scientific conference

Mr Struan Gray<sup>1,2,3</sup>, Mr Michael George<sup>4</sup>, Mr Omar El-Taji<sup>1,2,3</sup>, Dr Mick Brown<sup>3</sup>, Mr Benjamin Starmer<sup>5</sup>, Mr Kieran O'Flynn<sup>1</sup>, Mr Ian Pearce<sup>6</sup>, Mr Craig Jones<sup>4</sup>, Mr Vaibhav Modgil<sup>6</sup>

<sup>1</sup>Salford Royal NHS Foundation Trust, Salford, UK, <sup>2</sup>The Christie NHS Foundation Trust, Manchester, UK, <sup>3</sup>Genito Urinary Cancer Research Group, Division of Cancer Sciences, The University of Manchester, Manchester, UK,

<sup>4</sup>Stockport NHS Foundation Trust, Stockport, UK, <sup>5</sup>Liverpool University Hospitals NHS Foundation Trust, Liverpool, UK,

<sup>6</sup>Manchester University NHS Foundation Trust, Manchester, UK

### P12-2 Artificial Intelligence in Urology: Survey Results Assessing AI Familiarity and Training Needs Among Urology Professionals

Miss Abida Sultana<sup>1</sup>, Mr Arman Abbas<sup>2</sup>, Vasileios Bonatsos<sup>1</sup>, Professor Asif Raza<sup>1,3</sup>

<sup>1</sup>London North West University Healthcare NHS Trust, Harrow, UK, <sup>2</sup>Imperial College London, South Kensington, UK,

<sup>3</sup>University of Plymouth Medical School, Plymouth, UK

### P12-3 Evaluation of an AI-Powered Simulation Platform (SimUro) for Enhancing Non-Technical Skills in Urology Trainees

Dr Matthew Pears<sup>1</sup>, Mr Karan Wadhwa<sup>2</sup>, Mr Stephen R. Payne<sup>3</sup>, Mr Vishwanath Hanchanale<sup>4</sup>, Mr Mamoun Hamid<sup>5</sup>, Mr Sunjay Jain<sup>5</sup>, Dr Stathis Th. Konstantinidis<sup>1</sup>, Mr Mark Rochester<sup>6</sup>, Ms Ruth Doherty<sup>6</sup>, Mr Chandra Shekhar Biyani<sup>5</sup>

<sup>1</sup>School of Health Sciences, University of Nottingham, Nottingham, UK, <sup>2</sup>Department of Urology, Broomfield Hospital, Chelmsford, UK, <sup>3</sup>Department of Urology, Manchester University Hospitals NHS Foundation Trust, Manchester, UK,

<sup>4</sup>Department of Urology, Royal Liverpool University Hospital, Liverpool, UK, <sup>5</sup>Leeds Teaching Hospitals NHS Trust, Leeds, UK, <sup>6</sup>Norfolk and Norwich University Hospitals NHS Foundation Trust, Norwich, UK

### P12-4 Harnessing Artificial Intelligence to Code a Decision-Making Model for the Prostate Cancer Brachytherapy Multidisciplinary Meeting: Retrieval-Augmented Generation

Dr. Georgios Antonoglou<sup>1</sup>, Mr. Anastasios Tsalavoutas<sup>1</sup>, Mr. Omar Elsandoby<sup>1</sup>, Mr. Kishore Raja<sup>1</sup>, Mr. Eddy Lilly<sup>1</sup>, Mr. Venkata Murthy Kusuma<sup>1</sup>, Mr. Dimitrios Moschonas<sup>1</sup>, Mr. Wissam Abou Chedid<sup>1</sup>, Mr. Matthew Perry<sup>1</sup>, Prof. Stephen Langley<sup>1</sup>, Mr Joseph Gabriel<sup>1</sup>

<sup>1</sup>Royal Surrey County Hospital, Guildford, UK

## **P12-5 Enhancing Urology Training: Evaluation of a 3D-Printed Ileal Conduit Simulation Model**

Mr Wesam Elbaroni<sup>1</sup>, Mr Calum Clark<sup>1</sup>, Mr Daren Smith<sup>2</sup>, Mr Hari Ratan<sup>3</sup>, Mr Jake Patterson<sup>4</sup>, Mr Will Finch<sup>5</sup>, Mr Dhaval Bodiwala<sup>6</sup>, Mr Mamoun Hamid Elmamoun<sup>7</sup>, Mr Vishwanath Hanchandale<sup>8</sup>, Mr Chandra Shekhar Biyani<sup>9</sup>

<sup>1</sup>Guy's And St Thomas Hospital, London, UK, <sup>2</sup>University College Hospital, London, UK, <sup>3</sup>Nottingham City Hospital, Nottingham, UK, <sup>4</sup>Royal Hallamshire Hospital, Sheffield, UK, <sup>5</sup>Norfolk And Norwich University Hospital, Norwich, UK, <sup>6</sup>Nottingham City Hospital, Nottingham, UK, <sup>7</sup>St James's University Hospital, Leeds, UK, <sup>8</sup>Royal Liverpool University Hospital, Liverpool, UK, <sup>9</sup>St James's University Hospital, Leeds, UK

## **P12-6 A Machine Learning Model to predict the zero-fragment rate and lower pole access with FANS during Flexible Ureteroscopy—an EAU section of Endourology study**

Dr Frederic Panthier<sup>1,2,3</sup>, Dr Daron Smith<sup>2,3</sup>, Dr Daniele Castellani<sup>3,6</sup>, Dr Steffi Yuen<sup>3,5</sup>, Dr Bhaskar Somani<sup>3,7</sup>, Dr Vineet Gauhar<sup>3,4</sup>

<sup>1</sup>Sorbonne University-tenon Hospital, Paris, France, <sup>2</sup>Department of urology, University College London Hospitals, London, UK, <sup>3</sup>Endourology Technology Section of European Association of Urology (EAU), Arnhem, The Netherlands, <sup>4</sup>Ng Teng Fong General Hospital, Singapore, Singapore, <sup>5</sup>SH Ho Urology Centre, Department of Surgery, The Chinese University of Hong Kong, Hong Kong, Hong Kong, <sup>6</sup>Urology Unit, Azienda Ospedaliero-Universitariadelle Marche, Università Politecnicadelle Marche, Ancona, Italy, <sup>7</sup>Southampton University Hospital NHS, Southampton, UK

## **P12-7 Can Machine Learning Revolutionize Post-RIRS Urosepsis Prediction? A Single-Center Study**

Dr Hafiz Abdul Hanan Atari<sup>1</sup>, Dr Assad Ur Rehman<sup>1</sup>, Dr Nadeem Bin Nusrat<sup>1</sup>, Dr Nauman Zafar<sup>1</sup>, Dr Shujah Muhammad<sup>1</sup>, Dr Asadullah Aslam<sup>1</sup>, Dr Sarmad Imtiaz<sup>1</sup>, Dr Awais Ayub<sup>1</sup>, Miss Anusha Tahir<sup>1</sup>, Miss Saira Imtiaz<sup>1</sup>

<sup>1</sup>Pakistan Kidney and Liver Institute And Research Center Lahore, Lahore, Pakistan

## **P12-8 Accuracy of artificial intelligence for decision making in a virtual stone clinic**

Mr Anas Khan<sup>1</sup>, Dr Henry Sandford<sup>1</sup>, Dr Peter Bicarregui<sup>1</sup>, Mr Toby Murray<sup>1</sup>, Mr Paimaun Zakikhani<sup>1</sup>

<sup>1</sup>University Hospitals Sussex NHS Foundation Trust, Haywards Heath, UK

## **P12-9 Transforming Patient Communication: Leveraging ChatGPT-4 for Urology Patient Information Leaflets**

Dr Stuart Henderson<sup>1</sup>, Mr Thomas Reeves<sup>2</sup>, Professor Bhaskar Somani<sup>2</sup>

<sup>1</sup>Homerton Healthcare NHS Foundation Trust, London, UK, <sup>2</sup>University Hospital Southampton NHS Foundation Trust, Southampton, UK

## **P12-10 The Future of AI in Urology: ChatGPT-4o vs. Clinicians: A Comparative Study on Diagnostic Accuracy, Investigation and Treatment Planning**

Mr Armaan Abbas<sup>1</sup>, Mr Vas Bonatsos<sup>2</sup>, Miss Abida Sultana<sup>2</sup>, Mr Abul Habib<sup>2</sup>, Professor Asif Raza<sup>2,3</sup>

<sup>1</sup>Imperial College London, South Kensington, UK, <sup>2</sup>London Northwest University Healthcare NHS Trust, Harrow, UK, <sup>3</sup>Plymouth University Medical School, Plymouth, UK

This is promotional material intended for UK HCPs only

POWERED BY YOUR NEEDS

BCG-medac is indicated for:

- the treatment of primary or concurrent carcinoma-in-situ of the urinary bladder
- the prevention of recurrence of high-risk non-muscle invasive urothelial bladder carcinoma (pTaG3, pT1G2, pT1G3) after transurethral resection
- the treatment and/or the prevention of recurrence of aggressive variants of urothelial carcinoma, for example micropapillary or nested variants.

[Click here](#) for full BCG-medac prescribing information and please refer to full SmPC before prescribing.

**Adverse events should be reported. Reporting forms and information can be found at [yellowcard.mhra.gov.uk](https://yellowcard.mhra.gov.uk). Adverse events should also be reported to medac drug safety at [drugsafety@medac.de](mailto:drugsafety@medac.de)**

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Wednesday 18 June, 0800–0900, Charter 2

## 13 INCLUSIVITY, WELLBEING & HEALTHY WORK ENVIRONMENT

Chairs: **Richard Glendinning**, Arrowe Park Hospital, Wirral and **Jo Cresswell**, Past-President of BAUS and James Cook University Hospital, Middlesbrough

### **P13-1 Push it to the limit... BAUS national survey on surgical ergonomics and work-related musculoskeletal disorder amongst UK urologists**

Miss Anshu Jha<sup>1</sup>, Miss Sophie Robertson<sup>1</sup>, Mr Angus Luk<sup>1</sup>

<sup>1</sup>Freeman Hospital, Newcastle – Upon – Tyne, UK

### **P13-2 Self-Targeted Relaxation Exercises in Surgical Situations (STRESS) Study: Impact of Self-Regulatory Techniques on Physiological, Cognitive, and Subjective Stress in Urology Trainees**

Miss Kelly Ong<sup>1</sup>, Dr Matthew Hotton<sup>2</sup>, Dr Helen Cashman<sup>3</sup>, Miss Ruth Doherty<sup>4</sup>, Mr Mark Rochester<sup>4</sup>, Mr Karan Wadhwa<sup>5</sup>, Mr Shekhar Biyani<sup>6</sup>, Miss Lilli Cooper<sup>7</sup>

<sup>1</sup>Whipps Cross Hospital, London, UK, <sup>2</sup>Oxford University Hospitals NHS Foundation Trust, John Radcliffe Hospital, Oxford, <sup>3</sup>St James' Hospital, Leeds, <sup>4</sup>Norfolk & Norwich University Hospital, <sup>5</sup>Broomfield Hospital, <sup>6</sup>Leeds Teaching Hospitals NHS Trust, <sup>7</sup>REAL Clinic, Battersea, London,

### **P13-3 Supporting surgeons after adverse events: our experience of implementing a multi-centre peer-support programme**

Miss Gemma Scrimgeour<sup>1,2</sup>, Dr Maddy Greville-Harris<sup>1,2</sup>, Dr Olivia Donnelly<sup>1,3</sup>, Ms Emma King<sup>2,4</sup>, Ms Sheena MacSween<sup>1</sup>, Dr Kevin Thomas<sup>2</sup>, Mr Ralph Tomlinson<sup>1</sup>, Dr Agata Wezyk<sup>2</sup>, Professor Kevin Turner<sup>1,2,4</sup>

<sup>1</sup>The Royal College Of Surgeons Of England, London, UK, <sup>2</sup>Bournemouth University, Bournemouth, UK, <sup>3</sup>North Bristol NHS Trust, UK, <sup>4</sup>University Hospitals Dorset NHS Foundation Trust, UK

### **P13-4 A study to assess prescribers understanding and preferences for the use of porcine based low molecular weight heparins in VTE prophylaxis.**

Dr Aaisha Patel<sup>1</sup>, Dr Zainab Akbar<sup>1</sup>, Mr Peter Smith<sup>1</sup>

<sup>1</sup>Lancashire Teaching Hospitals Trust, UK

### **P13-5 Patient-Clinician Gender Concordance in the Urology Outpatient Clinic: The Patient Perspective**

Mr Michael George<sup>1,2</sup>, Mr Agapios Gkentzis<sup>2</sup>, Miss Theodora Stasinou<sup>2,3</sup>

<sup>1</sup>Stepping Hill Hospital (Stockport NHS Foundation Trust), Stockport, UK, <sup>2</sup>Royal Bolton Hospital (Bolton NHS Foundation Trust), Bolton, UK, <sup>3</sup>Manchester Royal Infirmary (Manchester University NHS Foundation Trust), Manchester, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

### **P13-6 Equity & Diversity in selecting Speakers & Chairs: Has BAUS achieved Balance for Annual Scientific meetings?**

Dr Angel John<sup>1</sup>, Harry Heald<sup>2</sup>, Judith Mitchell<sup>2</sup>, Vishwanath Hanchanale<sup>2</sup>, Kesavapillai Subramonian<sup>2</sup>, Hari Ratan<sup>2</sup>, Suzanne Biers<sup>2</sup>, Sarika Nalagatla<sup>2</sup>, Ayo Kalejaiye<sup>2</sup>, Vaibhav Modgil<sup>2</sup>, Nikita Bhatt<sup>2</sup>, Bhavan Rai<sup>2</sup>, Mohamed Belal<sup>2</sup>, Ian Pearce<sup>2</sup>, Joe Philip<sup>2</sup>

<sup>1</sup>North Bristol NHS trust, Bristol, UK, <sup>2</sup>British Association of Urological Surgeons, London, UK

### **P13-7 BAUS pioneering gender inclusivity: Progress towards a more balanced and diverse workforce in Urology**

Miss Mriganka Mani Sinha<sup>1</sup>, Miss Judith Mitchell<sup>2</sup>, Professor Joe Philip<sup>3</sup>, Professor Ian Pearce<sup>4</sup>, Professor Bhaskar Somani<sup>5</sup>

<sup>1</sup>Eastbourne District General Hospital, Eastbourne, UK, <sup>2</sup>The British Association of Urological Surgeons Limited registered in England and Wales, UK, <sup>3</sup>Southmead Hospital, Bristol, UK, <sup>4</sup>Manchester Royal Infirmary, Manchester, UK, <sup>5</sup>University Hospital Southampton, Southampton, UK

### **P13-8 Driving Diversity: How BAUS's 10-Point Plan is Advancing Ethnic and Gender Representation at Annual Meetings**

Miss Mriganka Mani Sinha<sup>1</sup>, Dr Angel John<sup>2</sup>, Professor Joe Philip<sup>2</sup>, Professor Ian Pearce<sup>3</sup>, Professor Bhaskar Somani<sup>4</sup>

<sup>1</sup>Eastbourne District General Hospital, Eastbourne, UK, <sup>2</sup>Southmead Hospital Bristol, Bristol, UK, <sup>3</sup>Manchester Royal Infirmary, Manchester, UK, <sup>4</sup>University Hospital Southampton, Southampton, UK

### **P13-9 Fostering Inclusivity and Wellbeing: Enhancing Support for GMC Portfolio Pathway Candidates**

Mr M S Effendi<sup>1</sup>, Mr Ahmed Ghonaimy<sup>2</sup>, Ms Mehwash Nadeem<sup>2</sup>

<sup>1</sup>York and Scarborough Teaching Hospitals NHS Foundation Trust, Scarborough, UK, <sup>2</sup>South Tees Hospitals NHS Foundation Trust, Middlesbrough, UK

### **P13-10 Uncovering trends in UK Medical Tribunal outcomes: Focus on Gender and International Medical Graduates**

Ms Nadine Mccauley<sup>1</sup>, Dr Dur-e-shahwar Soomro<sup>2</sup>, Arsallan Qureshi<sup>1</sup>, Dr Babar Zaman Soomro<sup>3</sup>, Umar Bin Tariq<sup>1</sup>, Mr Joe Philip<sup>1</sup>

<sup>1</sup>Urology Department, Southmead Hospital, Bristol, UK, <sup>2</sup>Gloucester Royal Hospital, Gloucester, UK, <sup>3</sup>St Bartholomew's Hospital, London, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Wednesday 18 June, 0800–0900, Charter 3

## 14 PROSTATE CANCER 2

Chairs: **Saiful Miah**, Addenbrooke's Hospital, Cambridge and **Nina Patrick**, Arrowe Park Hospital, Wirral

### **P14-1 Prostate Cancer Active Surveillance: results of a UK Freedom of Information (Fol) request**

Mr Andrew Seggie<sup>1</sup>, Ms Alexandra Naranjo, Ms Lizzie Ellis, Ms Genna Hewett-Abbott

<sup>1</sup>Prostate Cancer UK, London, UK

### **P14-2 Filters and Cascades – An Optimal Pathway for Timely Prostate Cancer Diagnosis in Scotland**

Miss Nicola Santoni<sup>1</sup>, Mr Ibrahim Ibrahim<sup>1</sup>, Mr Jon Lee<sup>1</sup>, Mr Rizwan Iqbal<sup>1</sup>, Nurse Fiona Chambers<sup>1</sup>, Dr Douglas Black<sup>1</sup>, Dr Amit Patel<sup>1</sup>, Mr Mark Salji<sup>1</sup>, Mr Jaimin Bhatt<sup>1</sup>

<sup>1</sup>Queen Elizabeth University Hospital, Glasgow, UK

### **P14-3 The FTO-WDR48-FANCI axis mediates treatment resistance and poor prognosis in advanced prostate cancer**

Mr Chenghao Zheng, Professor Shujie Xia<sup>1</sup>

<sup>1</sup>Shanghai General Hospital, Shanghai, China

### **P14-4 A multicentre evaluation of infield recurrence rates in patients treated with focal HIFU or cryotherapy**

Dr Deepika Reddy<sup>1</sup>, Piroz Bahar<sup>3</sup>, Masatomo Kaneko<sup>4</sup>, Betty Wang<sup>5</sup>, Omar Hayek<sup>6</sup>, Soroush Rais-Bahrami<sup>6</sup>, Ruben Olivares<sup>5</sup>, Andre Abreu<sup>4</sup>, Andrew Wood<sup>2</sup>, Arvin George<sup>2</sup>, et al<sup>1</sup>

<sup>1</sup>Guys And St Thomas' Hospital, London, UK, <sup>2</sup>Johns Hopkins University, Baltimore, USA, <sup>3</sup>University of Michigan, Ann Arbor, USA, <sup>4</sup>University of Southern California, LA, USA, <sup>5</sup>Cleveland Clinic, Cleveland, USA, <sup>6</sup>University of Alabama, Birmingham, USA

### **P14-5 A multi-institution analysis of oncological and safety outcomes following focal therapy in the USA of patients treated over 9 years**

Dr Deepika Reddy<sup>1</sup>, Piroz Bahar<sup>2</sup>, Masatomo Kaneko<sup>3</sup>, Betty Wang<sup>4</sup>, Omar Hayek<sup>5</sup>, Soroush Rais-Bahrami<sup>5</sup>, Ruben Olivares<sup>4</sup>, Andre Abreu<sup>3</sup>, Andrew Wood<sup>2</sup>, Arvin George<sup>6</sup>, et al<sup>1</sup>

<sup>1</sup>Guys And St Thomas' Hospital, London, UK, <sup>2</sup>University of Michigan, Ann Arbor, USA, <sup>3</sup>University of Southern California, LA, USA, <sup>4</sup>Cleveland Clinic Foundation, Cleveland, USA, <sup>5</sup>University of Alabama, Birmingham, USA, <sup>6</sup>Johns Hopkins University, Baltimore, USA

### **P14-6 Targeted Prostate Health Checks, a novel system to identify men with prostate cancer – results from over 18,000 men**

Professor Stephen Langley<sup>1</sup>, Dr Santiago Uribe-Lewis<sup>1</sup>, Dr Jennifer Uribe<sup>1</sup>, Dr Jeremy Goad<sup>2</sup>, Mrs Stephanie Bell<sup>3</sup>, Mr Lee Foster<sup>3</sup>, SR Michele Pietrasik<sup>1</sup>, SR Alison Rooke<sup>1</sup>, Dr Catherine Hodges<sup>3</sup>, Mr Marc Laniado<sup>4</sup>, Dr Matthew Knight<sup>2</sup>, Dr Edward Bosonnet<sup>2</sup>, Mrs Paige Thornton<sup>2</sup>, Dr Simon Bott<sup>5</sup>

<sup>1</sup>The Stokes Centre for Urology, Guildford, UK, <sup>2</sup>Medefer Ltd., London, UK, <sup>3</sup>Surrey and Sussex Cancer Alliance, Guildford, UK, <sup>4</sup>Wrexham Park Hospital, Slough, UK, <sup>5</sup>Frimley Park Hospital, Camberley, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

### **P14-7 Validation of EAU transperineal prostate biopsy risk adapted matrix table and the role of targeted only biopsies: Audit on 1054 cases from a single centre**

Mr Olanrewaju Amusat<sup>1</sup>, Dr Mohamed Hersi<sup>1</sup>, Dr Abdulahi Werar<sup>1</sup>, Sr Glory Raghaviah<sup>1</sup>, Sr Jennifer Arnold<sup>1</sup>, Mr Aza Mohammed<sup>1</sup>, Mr Mircea Vizireanu<sup>1</sup>, Mr Barnaby Barrass<sup>1</sup>, Mr Farooq Khan<sup>1</sup>, Mr Anish Pushkaran<sup>1</sup>

<sup>1</sup>Luton And Dunstable University Hospital, Luton, UK

### **P14-8 Irreversible Electroporation for Anterior Prostate Cancer: A Retrospective Analysis**

Mr Shenthuiyan Theivendrampillai<sup>1</sup>, Mr Nishant Bedi<sup>1</sup>, Mr Marc Laniado<sup>1</sup>

<sup>1</sup>Wexham Park Hospital, Slough, UK

### **P14-9 Sensitivity and negative predictive value of AI for detection of extraprostatic extension (EPE) in prostate cancer**

Mr Mohammed Ibrahim<sup>1</sup>, Dr Z Arya<sup>2</sup>, Dr AJ Fray<sup>2</sup>, Dr BL Pring<sup>2</sup>, Dr NS Moreira da Silva<sup>2</sup>, Dr LC Davies<sup>2</sup>, Dr RG Hindley<sup>4</sup>, Prof E Sala<sup>5</sup>, Dr A Rix<sup>2</sup>, Professor Nikhil Vasdev<sup>1</sup>

<sup>1</sup>Lister Hospital, Stevenage, UK, <sup>2</sup>Lucida Medical, Cambridge, UK, <sup>3</sup>University College London, London, UK, <sup>4</sup>Hampshire Hospital NHS Foundation Trust, Winchester, UK, <sup>5</sup>Policlinico Universitario A. Gemelli, IRCCS, Rome, Italy

### **P14-10 What is the current knowledge on patient-reported sexual function outcomes in sexual & gender minority groups after prostate cancer treatment, including surgery, radiotherapy, hormonal therapy, chemotherapy & focal therapy?**

Miss Katy-Anne Burr<sup>1</sup>, Mr Ching-Hao Chen<sup>2</sup>, Mr Tet Yap<sup>2</sup>

<sup>1</sup>Faculty of Life Science and Medicine, King's College London, London, UK, <sup>2</sup>Department of Urology, Guy's and St Thomas' NHS Foundation Trust, London, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Wednesday 18 June, 0800–0900, Exchange 9

## 15 MANAGEMENT / GOVERNANCE/ EDUCATION/ QUALITY IMPROVEMENT 2

Chairs: **Yinka Gbolahan**, University College Hospital, London and **Mazhar Sheikh**, Blackpool Victoria Hospital

### P15-1 Delivering Emergency Urology Services: Does Consultant/Registrar of the Week model of care make a difference?

Dr Charlotte Quinn<sup>1</sup>, Miss Joanne Girling<sup>1</sup>, Mr. William Finch<sup>1</sup>, Miss Charlotte Dunford<sup>1</sup>

<sup>1</sup>Norfolk And Norwich University Hospital, Norwich, UK

### P15-2 Improving Acute Urological Care: The Impact of Consultant Reviews Within 24 Hours

Dr Shuja Amir Yaqub<sup>1</sup>, Mr Tony Tien<sup>1</sup>, Ms Chi-Ying Li<sup>1</sup>

<sup>1</sup>Whipps Cross University Hospital, London, UK

### P15-3 Enhancing District General Hospital Out-of-Hours Urological Care Through a Basic Urology Skills Course for Non-Urology Resident Doctors and Allied Health Professionals

Mr Saurabh Verma<sup>1</sup>, Mr Peter Senada<sup>1</sup>, Mr Mohamed Mustafa<sup>2</sup>, Mr David Manson-Bahr<sup>1</sup>

<sup>1</sup>James Paget University Hospital NHS Foundation Trust, Great Yarmouth, UK, <sup>2</sup>United Lincolnshire Teaching Hospitals NHS Trust, Lincoln, UK

### P15-4 Feasibility of QR Codes for Validated Patient Information Leaflets: Enhancing Environmental Sustainability and Privacy in Healthcare

Mr Sabin Yadav<sup>1</sup>, Mr. Nicholas Bullock<sup>1</sup>, Mr. Hrishikesh Joshi<sup>1</sup>, Professor Radhakrishna Narahari<sup>1</sup>

<sup>1</sup>University Hospital Of Wales, Cardiff, UK

### P15-5 Lost in Translation: Assessing Urology Outpatient Clinic Letters

Mr Christopher Leiber<sup>1</sup>, Mr Xiang Wie Jonathan Lee<sup>1</sup>, Mr Sarath Nalagatla<sup>1</sup>

<sup>1</sup>University Hospital Monklands, Airdrie, UK

### P15-6 A Retrospective Comparative Audit of Routine Second Outpatient Appointment Scheduling Versus Patient-Initiated Requests for Rescheduling Missed Clinic Appointments

Mr Mohammad Alkhawalka<sup>1,2</sup>, Mr Richard Parkinson<sup>1,2</sup>

<sup>1</sup>Nottingham University Hospitals, NHS Trust, Nottingham, UK, <sup>2</sup>Sherwood Forest Hospitals, NHS Foundation Trust, Sutton in Ashfield, UK

### P15-7 Introducing a digital questionnaire in a Patient Initiated Follow-up (PIFU) Pathway to improve productivity in the urological outpatient clinic

Miss Stephanie Smith<sup>1</sup>, Ms Marion Courtney<sup>2</sup>, Mr Phil Rustin<sup>2</sup>, Mr Tom Davies<sup>3</sup>, Ms Carrie Moore<sup>3</sup>, Mr William Finch<sup>2</sup>

<sup>1</sup>Metabolic Health Research Centre, Bob Champion Research and Education Building, University of East Anglia, Norwich, UK, <sup>2</sup>Department of Urology, Norfolk And Norwich University Hospital, Norwich, UK, <sup>3</sup>Department of Transformation and Efficiency, Norfolk and Norwich University Hospital, Norwich, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

### **P15-8 Choose Your Own Adventure: Simulation-Based Learning for Teaching Urological Emergencies**

Mr Mohammad Usman Sharif<sup>1</sup>, Mr Eric Edison<sup>3</sup>, Mr Tom Reid<sup>2</sup>, Dr Ines Rayment-Gomez<sup>1</sup>, Mr Vimoshan Arumham<sup>2</sup>, Professor James Stephen Arthur Green<sup>1</sup>

<sup>1</sup>Whipps Cross University Hospital, Barts Health NHS Trust, London, UK, <sup>2</sup>Univeristy College London Hospital, London, UK, <sup>3</sup>Guy's & St Thomas' NHS Trust, London, UK

### **P15-9 Robotic Assistants National Survey - A BAUS Oncology Initiative**

Mr Ketan Agarwal<sup>1</sup>, Mr Vishwanath Hanchanale<sup>1</sup>, Mr Jonathan Aning<sup>2</sup>, Professor Naeem Soomro<sup>3</sup>

<sup>1</sup>Royal Liverpool University Hospital, Liverpool, UK, <sup>2</sup>North Bristol NHS Trust, Bristol, UK, <sup>3</sup>Newcastle upon Tyne Hospitals NHS Foundation Trust, Newcastle, UK

### **P15-10 Enhancing trainee proficiency in robotic surgery: A closed-loop audit in a Scottish tertiary cancer centre**

Mr Gianluca Maresca<sup>1</sup>, Mr Rami Hasan<sup>1</sup>, Mr Abishek Sharma<sup>1</sup>, Oliver Wesolowski<sup>2</sup>, Mr Alexander Laird<sup>1</sup>, Mr Steve Leung<sup>1</sup>

<sup>1</sup>Western General Hospital, Edinburgh, UK, <sup>2</sup>Intuitive Surgical, Oxford, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Wednesday 18 June, 0800–0900, Charter 4

## 16 RENAL CANCER / TESTIS CANCER / SARCOMA

Chairs: **Jim Armitage**, Addenbrooke's Hospital, Cambridge and **Elizabeth Bright**, Royal Cornwall Hospital, Truro

### **P16-1 Does renal sinus fat invasion confer higher risk of recurrence than perinephric fat or renal vein invasion? Tumour recurrence after surgery for localised T3a renal cancer. Lessons learnt from 34 years of experience from a tertiary referral**

Mr Nick Simson<sup>1</sup>, Mr Alarick Picardo, Mr Luis Ribeiro, Mr Luke Stroman, Mr Zhi Low, Mr Nataniel Tan, Mr Mutaz Al'atoum, Mr Deno Sri, Mr Pieter Le Roux, Mr Chris Anderson, Meghan Coyle<sup>1</sup>

<sup>1</sup>St George's Hospital, London, UK

### **P16-2 Feasibility of the Cambridge kidney One Stop Mass Investigation Clinic (ckOSMIC)**

Dr Chiara Re<sup>1,2</sup>, Mr James Blackmur<sup>1,3</sup>, Miss Teele Kuusk<sup>1,2</sup>, Mr Thomas Mitchell<sup>1,2</sup>, Mr James Armitage<sup>1</sup>, Mr Antony Riddick<sup>1</sup>, Ms Lorraine Starling<sup>1</sup>, Ms Hannah Fox<sup>1</sup>, Ms Vineetha Thankappan Nair<sup>1</sup>, Ms Sue Norman<sup>1</sup>, et al.

<sup>1</sup>Department of Urology, Cambridge University NHS Foundation Trust, Cambridge, UK, <sup>2</sup>Department of Surgery, University of Cambridge, Cambridge, UK, <sup>3</sup>Department of Urology, NHS Lothian/University of Edinburgh, Edinburgh, UK

### **P16-3 The genotype-phenotype association in von Hippel-Lindau (VHL) disease with the codon 16 missense mutations: a large retrospective study/a population-based study**

Dr Chuandong Wang<sup>1</sup>, Dr Kan Gong<sup>1</sup>

<sup>1</sup>Department Of Urology, Peking University First Hospital, Beijing, China, Beijing, China

### **P16-4 Mechanism of SEC62-Mediated Endoplasmic Reticulum Autophagy in the Development of Renal Cell Carcinoma**

Dr Chuandong Wang<sup>1</sup>, Dr Kan Gong<sup>1</sup>

<sup>1</sup>Department Of Urology, Peking University First Hospital, Beijing, China, Beijing, China

### **P16-5 A novel endovascular approach to inferior vena cava thrombectomy**

Dr Bridget Heijkoop<sup>1</sup>, Dr Darius Ashrafi<sup>1</sup>, Dr Sean Ong<sup>1</sup>, Dr Laurencia Villalba<sup>1</sup>, Dr Jason Toniolo<sup>1</sup>, Dr Minh Tran<sup>1</sup>, Dr Rahul Rindani<sup>1</sup>

<sup>1</sup>The Wollongong Hospital, Wollongong, Australia

### **P16-6 A systematic review of oncological outcomes of patients with treated and untreated complex cystic renal masses**

Ms Federica Sordelli<sup>1</sup>, Mr Namir Khalil<sup>2</sup>, Ms Hannah Warren<sup>1</sup>, Ms Maxine G.B. Tran<sup>1</sup>, Mr Nevil Pavithran<sup>1</sup>, Mr Prasad Patki<sup>1</sup>, Mr Nicolò Maria Buffi<sup>3</sup>, Mr Riccardo Campi<sup>4</sup>, Mr Axel Bex<sup>1</sup>, Mr Faiz Mumtaz<sup>1</sup>

<sup>1</sup>Royal Free Hospital, London, UK, <sup>2</sup>University College of London, London, UK, <sup>3</sup>IRCCS Humanitas Research Hospital, Milan, Italy, <sup>4</sup>Careggi Hospital, Florence, Italy

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

### **P16-7 Role of Targeted Therapy in the Management of Von Hippel Lindau Disease Associated Renal Cell Carcinoma – A Single Proportion Meta-Analysis**

Mr Adeyemi Abimbola<sup>1</sup>, Mr Adewale Ayeni<sup>2</sup>, Mr Ananda Dhanasekaran<sup>3</sup>, Mr Ghulam Mustafa Nandwani<sup>1</sup>

<sup>1</sup>Ninewells Hospital, Dundee, UK, <sup>2</sup>University Hospitals Birmingham NHS Foundation Trust, Birmingham, UK, <sup>3</sup>Sandwell and West Birmingham NHS Trust, West Bromwich, UK

### **P16-8 Deferred cytoreductive nephrectomy in the era of modern systemic anti-cancer therapy: outcomes from a high-volume specialist centre**

Dr Sarah Ashraf<sup>1</sup>, Ms Hannah Warren<sup>1</sup>, Mr Mohammed Hegazy<sup>1</sup>, Mr Kamran Haq<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Ms Archie Fernando<sup>1</sup>, Dr Sarah Rudman<sup>1</sup>, Dr Danielle Crawley<sup>1</sup>, Mr Ben Challacombe<sup>1</sup>, Mr Tim O'Brien<sup>1</sup>

<sup>1</sup>Guy's And St Thomas' NHS Foundation Trust, London, UK

### **P16-9 Malignancy Rate of Bosniak 3 and 4 Complex Renal Cystic Lesions**

Ms Federica Sordelli<sup>1</sup>, Mr Manar Malki<sup>2</sup>, Mr Neil Barber<sup>2</sup>, Mr Muddassar Hussain<sup>2</sup>, Mr Prasad Patki<sup>1</sup>, Mr Ravi Barod<sup>1</sup>, Mr Faiz Mumtaz<sup>1</sup>, Mr Axel Bex<sup>1</sup>, Mr Abhishek Reekhaye<sup>1</sup>

<sup>1</sup>Royal Free Hospital, London, UK, <sup>2</sup>Frimley Park Hospital, Camberley, UK

### **P16-10 Retroperitoneal Lymph Node Dissection: Insights and Outcomes from 20 Years of Practice**

Mr Karthik Rajan<sup>1</sup>, Dr Ifede Osiyemi, Miss Jocelyn Cutler, Miss Kirsty Cave, Mr David Thomas, Mr Toby Page, Mr Edgar Paez

<sup>1</sup>Freeman Hospital, Newcastle Upon Tyne, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Wednesday 18 June, 1130–1300, Charter 4

## 17 TUF–BAUS BEST OF REGIONS

Chairs: **Jo Cresswell**, Past-President of BAUS and James Cook University Hospital, Middlesbrough and **Ben Challacombe**, Guy's & Thomas's Hospital

### P17-1 On Cloud 9. Creating An FRCS Urology Question Bank Using The Cloud

Mr Jacob Wilson<sup>1</sup>, J. Gallagher<sup>1</sup>, E. Zimmerman<sup>2</sup>, C Fontaine<sup>2</sup>, J. Pascoe<sup>3</sup>, J. Peacock<sup>1</sup>

<sup>1</sup>Cheltenham General Hospital, Gloucestershire NHS Foundation Trust <sup>2</sup>Southmead Hospital, North Bristol NHS Foundation Trust <sup>3</sup>Derriford Hospitals NHS Foundation Trust

### P17-2 Do current consent processes for intimate examination under anaesthetic meet patient expectations and GMC requirements?

Mr Ashley Mehmi<sup>1</sup>, Miss Katie Eyre<sup>1</sup>

<sup>1</sup>Wycombe Hospital, Wycombe, UK

### P17-3 Improving Documentation of Endoscopic Procedures for Urethral Stricture Disease – A Roadmap of the Urethra

Mr Youssef Ashraf Ibrahim<sup>1</sup>, Dr Akinlolu OluwoleOjo, Ms Yaamini Premakumar, Mr Ahmed Moussa, Ms Raveen Sandher, Mr Majed Shabbir

<sup>1</sup>Guys, London, UK

### P17-4 Audit of the Urodynamics Waiting List at Newham and Whipps Cross Hospitals, Barts Health NHS Trust. A snapshot of requests to January 2024.

Dr Eleanor Mitham<sup>1</sup>, Mr Arjun Nathan, Mr Shafi Chowdhury

<sup>1</sup>Barts Health NHS Trust, London, UK, <sup>2</sup>Homerton University Hospital, London, UK

### P17-5 Assessing the impact of clinical frailty on Urological unplanned admissions: a retrospective analysis.

Mr Mayur Gami<sup>1,2</sup>, Mr Ioannis Loufopoulos<sup>2</sup>, Dr Kavya Francis<sup>2</sup>, Ms Sona Kapoor<sup>2</sup>

<sup>1</sup>Southend University Hospital, Southend, UK, <sup>2</sup>ESNEFT, Ipswich Hospital, Ipswich, UK

### P17-6 Antegrade Sclerotherapy for the Treatment of Varicoceles at Wrexham Maelor Hospital: an Effective Minimally-Invasive Procedure

Mr Aryan Maleki<sup>1</sup>, Mr Joachim Jimie<sup>1</sup>, Mr Christian Seipp<sup>1</sup>, Mr Chirag Patel<sup>1</sup>

<sup>1</sup>Wrexham Maelor Hospital, Wrexham, UK

### P17-7 Does the 3-month renogram predict 24-month outcome after pyeloplasty?

Miss Amy Wombwell<sup>1</sup>, Mr Thomas Walton<sup>1</sup>

<sup>1</sup>Nottingham City Hospital, Nottingham, UK

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

### **P17-8 Long term safety and benefits of an ambulatory pathway for patients with suspected acute pyelonephritis – the Suspected Acute Pyelonephritis Ambulatory (SAPA) pathway**

Miss Batya Stimler<sup>1</sup>, Mr Struan Gray<sup>2</sup>, Mr Agapios Gkentzis<sup>1</sup>, Miss Ling Lee<sup>1</sup>

<sup>1</sup>Royal Bolton Hospital, Bolton, UK, <sup>2</sup>The Christie and Salford Royal NHS Foundation Trusts, Manchester, United Kingdom

### **P17-9 Impact of Urology Area Network Formation on Day Case Surgery Rates: A Closed-Loop Audit**

Miss Angela Kabia<sup>1</sup>, Mr Gassan Salih<sup>1</sup>, Miss Stephanie Symons<sup>2</sup>

<sup>1</sup>Barnsley Hospital NHS Foundation Trust, Barnsley, UK, <sup>2</sup>Mid Yorkshire Teaching NHS Trust, Wakefield, United Kingdom

### **P17-10 Back to the future: Bringing the sewn bowel anastomosis into the 21st century with the robotic approach in radical cystectomy; improving costs and reducing environmental impact**

Mrs Nikita Bhatt<sup>1</sup>, Mr Mark Johnson<sup>1</sup>, Mr Arjun Nambiar<sup>1</sup>

<sup>1</sup>Freeman Hospital, Newcastle, UK

### **P17-11 Smooth Recovery – Rethinking Catheter Care After Robotic Prostatectomy**

Mr Ibrahim Ibrahim<sup>1</sup>, Ms Charlotte Ralston<sup>1</sup>, Mr Lorenzo Dutto<sup>1</sup>, Professor Imran Ahmad<sup>1</sup>

<sup>1</sup>Queen Elizabeth University Hospital, Glasgow, UK

### **P17-12 Treatment strategy does not alter oncological outcomes in older patients with small renal masses**

Mr Gianluca Maresca<sup>1</sup>, Mr Edward Mains<sup>1</sup>, Mr Steve Leung<sup>1</sup>, Mr James Donaldson<sup>2</sup>, Mr Grigorios Athanasiadis<sup>2</sup>, Mr Alex Chapman<sup>3</sup>, Mr Gavin Lamb<sup>4</sup>, Mr Alexander Laird<sup>1</sup>

<sup>1</sup>NHS Lothian, Edinburgh, UK, <sup>2</sup>NHS Grampian, Aberdeen, UK, <sup>3</sup>NHS Fife, Kirkcaldy, UK, <sup>4</sup>NHS Forth Valley, Larbert, UK

### **P17-13 Neobladder reconstruction after cystectomy: contemporary experience in a single-centre series**

Mr Patrick Collins<sup>1</sup>, Dr. Lucy O’Gorman, Mr. Ciaran Brady, Mr. Paul Sweeney

<sup>1</sup>Mercy University Hospital, Cork, Ireland

### **P17-14 Adherence to Acute Testicular Pain Pathway and Antimicrobial Guidance for Adult Patients with Suspected/Confirmed Epididymo-orchitis**

Dr Pratik Rai<sup>1</sup>, Dr Tiffany Ye<sup>1</sup>, Mr Hariom Sur<sup>1</sup>

<sup>1</sup>Birmingham Heartlands Hospital

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

Wednesday 18 June, 1400– 1500, Charter 4

## 18 STONES / IMAGING / UPPER TRACT DISORDERS 3

Chairs: **Angus Luk**, Freeman Hospital, Newcastle upon Tyne and **Stefanie Croghan**, Beaumont Hospital, Dublin

### **P18-1 Radiographer-led open access nephrostomy service: the way forward in acute urological care?**

Mr Syed Rahman<sup>1</sup>, Miss Michelle Lonsdale<sup>1</sup>, Miss Emily Geddes<sup>1</sup>, Dr Fawad Shameem<sup>1</sup>, Miss Stephanie Symons<sup>1</sup>

<sup>1</sup>Mid Yorkshire Teaching NHS Trust, Wakefield, UK

### **P18-2 Dedicated Nurse Led Acute Stone Service Accelerates Care for Acute Stone Patients: A 5 year Review**

Dr Naomi Keenan<sup>1</sup>, Mr Hyatt O'Callaghan, Ms Amanda Fuller, Mr Phillip March, Mr Andrew Harris, Mr Anthony Timoney, Mr Su-Min Lee, Mr Joe Philip

<sup>1</sup>Department of Urology, Bristol Urological Institute, Bristol, UK

### **P18-3 Endoscopic Combined Intrarenal Surgery (ECIRS) is associated with a lower secondary puncture rate when compared to standard Supine Percutaneous Nephrolithotomy (S-PCNL): Results from a propensity score matched analysis**

Miss Srushti Bhat<sup>1</sup>, Mr Thomas Fonseka<sup>1</sup>, Mr Luca Ongaro<sup>1</sup>, Mr Giuseppe Basile<sup>1</sup>, Ms Lara Logrado<sup>1</sup>, Mr Darrell Allen<sup>1</sup>, Mr Anuj Goyal<sup>1</sup>, Mr Gidon Ellis<sup>1</sup>, Mr Rajesh Kucheria<sup>1</sup>, Dr Anthony Goode<sup>1</sup>, Mr Leye Ajayi<sup>1</sup>, et al

<sup>1</sup>Royal Free London NHS Foundation Trust, London, UK

### **P18-4 Causal Effects of Sodium Intake on Kidney Stone Disease**

Dr Prashant Aggarwal<sup>1,2</sup>, Ms Catherine Lovegrove<sup>1,2</sup>, Ms Sarah Howles<sup>1,2</sup>

<sup>1</sup>University of Oxford, UK, <sup>2</sup>Oxford University Hospitals, UK

### **P18-5 Renal morphology and adiposity are associated with risk of kidney stone disease**

Miss Catherine Lovegrove<sup>1,2</sup>, Marjola Thanaj<sup>3</sup>, Nicolas Bastys<sup>3</sup>, Brandon Witcher<sup>3</sup>, Jimmy Bell<sup>3</sup>, Sarah Howles<sup>1,2</sup>

<sup>1</sup>University of Oxford, Oxford, UK, <sup>2</sup>Oxford University Hospitals NHS Foundation Trust, Oxford, UK, <sup>3</sup>University of Westminster, London, UK

### **P18-6 Kidney stone disease-associated genetic variant may regulate CYP24A1 expression to alter vitamin-D metabolism**

Miss Catherine Lovegrove<sup>1,2</sup>, Michelle Goldsworthy<sup>1</sup>, Jeremy Haley<sup>3</sup>, Diane Smesler<sup>3</sup>, David Carey<sup>3</sup>, Fadil Hannan<sup>1</sup>, Anubha Mahajan<sup>1</sup>, Michael Holmes<sup>4</sup>, Rajesh Thakker<sup>1</sup>, Dominic Furniss<sup>1,2</sup>, Sarah Howles<sup>1,2</sup>

<sup>1</sup>University Of Oxford, Oxford, UK, <sup>2</sup>Oxford University Hospitals NHS Foundation Trust, Oxford, UK, <sup>3</sup>Geisinger Medical Center,, <sup>4</sup>University of Bristol,

## EPOSTER SESSIONS

6 minutes for each ePoster Presentation

4 minutes for presentation | 2 minutes for Q&A and turnaround

### **P18-7 SMART Stone multidisciplinary team (MDT) and patient care: Recommendations for the adult high-risk kidney stone patient pathway**

Professor Bhaskar Somani<sup>1</sup>, Professor Esteban Emiliani, Professor Thomas Knoll, Dr Giorgia Mandrile, Dr Gill Rumsby, Professor Manuel Ferraro

<sup>1</sup>University Hospital Southampton NHS Foundation Trust, Southampton, UK, <sup>2</sup>Fundació Puigvert, Universitat Autònoma de Barcelona, Barcelona, Spain, <sup>3</sup>Sindelfingen-Böblingen Medical Centre, University of Tübingen, Sindelfingen, Germany, <sup>4</sup>Genetic unit and Thalassemia Centre, San Luigi University Hospital, Turin, Italy, <sup>5</sup>Department of Clinical Biochemistry, University College London Hospitals NHS Foundation Trust, London, UK, <sup>6</sup>Università degli Studi di Verona, Verona, Italy, Italy

### **P18-8 Insights and Outcomes of Day Case Percutaneous Nephrolithotomy (PCNL): results of a systematic review and single-arm meta-analysis**

Dr Shreehari Suresh<sup>1</sup>, Miss Sylvia Ling<sup>2</sup>, Mr Dilip Vankayalapati<sup>1</sup>, Mr Sherwin Ganegoda<sup>1</sup>, Professor Bhaskar Somani<sup>3</sup>

<sup>1</sup>Oxford University Hospitals NHS Foundation Trust, Oxford, UK, <sup>2</sup>North West Anglia NHS Foundation Trust, Huntingdon, UK, <sup>3</sup>University Hospital Southampton NHS Foundation Trust, Southampton, UK

### **P18-9 Learning Beyond Boundaries: The 2024 Sri Lanka Percutaneous Nephrolithotomy (PCNL) Course**

Mr Randeep Dhariwal<sup>1</sup>, Miss Louise Paramore<sup>2</sup>, Miss Eleanor Ray<sup>3</sup>, Miss Jenny Koo Ng<sup>4</sup>, Miss Rebecca Phillips<sup>5</sup>, Mr Graham Watson<sup>6</sup>, Professor Srinath Chandrasekera<sup>6</sup>, Mr Munipriya Willaraarachchi<sup>7</sup>, Mr Simon Mackie<sup>8</sup>

<sup>1</sup>University College London Hospitals NHS Foundation Trust, London, UK, <sup>2</sup>Nottingham University Hospitals NHS Trust, Nottingham, UK, <sup>3</sup>Dartford and Gravesham NHS Trust, Dartford, UK, <sup>4</sup>South Tyneside and Sunderland NHS Foundation Trust, Sunderland, UK, <sup>5</sup>Mid Yorkshire Teaching NHS Trust, Wakefield, UK, <sup>6</sup>Sri Jayewardene General Hospital, Colombo, Sri Lanka, <sup>7</sup>Teaching Hospital Polonnaruwa, Polonnaruwa, Sri Lanka, <sup>8</sup>East Sussex Healthcare NHS Trust, Eastbourne, UK

### **P18-10 Conservative management of staghorn calculi: long term follow-up outcomes from a single tertiary centre**

Dr Kiran Bhangu<sup>1</sup>, Mr Chris Berridge<sup>1</sup>, Dr Georgia Popple<sup>1</sup>, Mr Kesavapilla Subramonian<sup>1</sup>

<sup>1</sup>University Hospitals Birmingham NHS Foundation Trust, Birmingham, UK

5-6 November

# BSOT MEETING 2026

*The Grand, Brighton*

## **PD1 Local Anaesthetic Rezum Water Vapour therapy for BPH using Schelin Catheter**

Mr Mohamed Alnoomani<sup>1</sup>, Mr Mohamed Nouredin<sup>1</sup>, Mr Govindar Rajkumar<sup>1</sup>, Mr Omar Allat<sup>1</sup>, Ms Patricia Musuka<sup>1</sup>, Mr Josh Silverman<sup>1</sup>, Mr Ramzy Elnabarawy<sup>1</sup>, Mr Amr Emara<sup>1</sup>, Mr Richard Hindley<sup>1</sup>  
<sup>1</sup>Basingstoke And North Hampshire NHS Trust, Basingstoke, UK

## **PD2 Novel risk factors for Venous Thromboembolism (VTE) following outpatient or inpatient Transurethral Resection of Bladder Tumors (TURBT): Multivariable Stepwise and LASSO Regression Modeling from Insurance Claim database**

Dr Basil Lutfi<sup>1</sup>, Dr Francesco Del Giudice<sup>1</sup>, Mr Youssef Ibrahim<sup>1</sup>, Dr Mohamed Gad<sup>1</sup>, Dr Sarah Ashraf<sup>1</sup>, Dr Akra Yeasmin<sup>1</sup>, Dr Katarina Spurna<sup>1</sup>, Ms Kathryn Chatterton<sup>1</sup>, Ms Yasmin Abu-Ghanem<sup>1</sup>, Ms Elsie Mensah<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Mr Ramesh Thurairaja<sup>1</sup>, Professor Muhammad Shamim Khan<sup>1</sup>, Professor Benjamin Chung<sup>2</sup>

<sup>1</sup>Guy's And St Thomas' NHS Foundation Trust, London, UK, <sup>2</sup>Stanford University School of Medicine, Stanford, United States

## **PD3 Efficacy of Radiofrequency-induced Thermo-Chemotherapy (RITE) in BCG unresponsive Non-Muscle Invasive Bladder Cancer (NMIBC)**

Mr Mutahhar Nabeel Syed<sup>1</sup>, Miss Angela Elliott<sup>1</sup>, Mr Muhammed Rashim Parappan<sup>1</sup>, Professor Sanjeev Madaan<sup>1</sup>

<sup>1</sup>Darent Valley Hospital, Dartford, UK

## **PD4 Clipless Robot-assisted Retzius-Sparing Radical Prostatectomy-An Analysis of Peri-operative, Oncological and Functional Outcomes**

Mr Danny Darlington Carbin Carbin<sup>1</sup>, Dr Georgios Antonoglou, Mr Abou Chedid Wissam

<sup>1</sup>East Sussex NHS Trust, Eastbourne, UK, <sup>2</sup>Royal Surrey NHS Foundation trust, Guildford, UK

## **PD5 Percutaneous ablation for metastases in renal cell carcinoma. A systematic review.**

Dr Eloise Dexter<sup>1</sup>, Mr Daniel McNicholas

<sup>1</sup>Royal Liverpool Hospital, Liverpool, UK

## **PD6 Transperineal Laser Ablation Under Local Anaesthesia for Benign Prostatic Enlargement: A Single-Centre UK Experience**

Professor Cristian Ilie<sup>1</sup>, Doctor Asyraf Maddan<sup>1</sup>, Mister Muhamed Qalawena<sup>1</sup>, Doctor Kykhaylo Kostyuk<sup>1</sup>, Mister Radu Croitoru<sup>1</sup>, Mister Dimitar Ormanov<sup>1</sup>, Fiona Richardson<sup>3</sup>, Miss Anne Carrie<sup>2</sup>, Doctor Nonthaphat Lersakrussamee<sup>1</sup>, Professor Lee Smith<sup>4</sup>

<sup>1</sup>Department of Urology, Queen Elizabeth Hospital King's Lynn, Norfolk and Norwich University Hospitals NHS Foundation Trust, King's Lynn, UK, <sup>2</sup>Department of Urology, Norfolk and Norwich University Hospital, Norfolk and Norwich University Hospitals NHS Foundation Trust, Norwich, UK, <sup>3</sup>Research and Development, The Queen Elizabeth Hospital King's Lynn NHS Foundation, KING'S LYNN, UK, <sup>4</sup>Centre for Health, Performance and Wellbeing, Anglia Ruskin University, Cambridge, UK, Cambridge, UK

## **PD7 Voiding Outcome Following Posterior Urethroplasty In Boys**

Miss SADAF ABA UMER<sup>1</sup>, Dr. Bahir Ahmed<sup>1</sup>, Professor Sajid Sultan<sup>1</sup>, Mr. Philip G. Ransley<sup>1</sup>

<sup>1</sup>Philip G. Ransley Department of Paediatric Urology, Sindh Institute Of Urology And Transplantation, KARACHI, Pakistan

**PD8 BOOMERANG – British audit Of the investigatiOn and referral of woMen with rEcurrent uRinary trAct infection using recent Guidance. A multicentre pilot audit.**

Miss Bushra Abdelqader<sup>1</sup>, Miss Helen Stephens<sup>2</sup>, Miss Mehwash Nadeem<sup>3</sup>, Miss Magda Kujawa<sup>2</sup>  
<sup>1</sup>Epsom & St Helier University Hospitals NHS Trust, UK, <sup>2</sup>Stockport NHS Foundation Trust, Stockport, UK, <sup>3</sup>South Tees Hospitals NHS Foundation Trust, Middlesbrough, UK

**PD9 Clinical characteristics and survival outcomes of primary genitourinary sarcomas: Experience from a high-volume tertiary care center in India.**

Dr Vaibhav Aggarwal<sup>1</sup>, Dr Manoj Kumar<sup>1</sup>, Dr Sameer Rastogi<sup>1</sup>, Dr Amlesh Seth<sup>1</sup>  
<sup>1</sup>All India Institute Of Medical Sciences (AIIMS), New Delhi, Delhi, India

**PD10 Improving Attendance Rates for Videocystometry (VCMG): A Multi-Disciplinary Closed Loop Audit**

Ms Molly Nichols<sup>1</sup>, Dr Ahad Khan<sup>1</sup>, Mr Shafi Chowdhury<sup>1</sup>  
<sup>1</sup>Whipps Cross Hospital, London, UK

**PD11 VHL inhibits autophagy and tumor development by modulating ATG14 hydroxylation in a PHD1-dependent manner**

Dr Chuandong Wang<sup>1</sup>, Dr Kan Gong<sup>1</sup>  
<sup>1</sup>Department Of Urology, Peking University First Hospital, Beijing, China, Beijing, China

**PD12 Optimising pre-operative OSA screening to reduce delays in urological surgery: A Quality Improvement project**

Mr Jia Jin Kwong<sup>1</sup>, Dr Sadie Hughes<sup>1</sup>, Dr Si Tong Wu<sup>1</sup>, Mr Hywel Satherley<sup>1</sup>  
<sup>1</sup>Royal Derby Hospital, Derby, UK

**PD13 The Application of CircCurer™ Stapler Circumcision in Adult Males in the UK: A Comprehensive Case Series Analysis**

Dr Mohammed Amin<sup>1</sup>, Dr Mohammad Sharif<sup>1</sup>, Dr Samuel Ghani<sup>1</sup>, Mr Matthew Liew<sup>2</sup>  
<sup>1</sup>Circumcision Pro Clinic, London, UK, <sup>2</sup>Liverpool University Hospitals NHS Foundation Trust, Liverpool City, UK

**PD14 Holmium laser enucleation of the prostate: 5-year Single-Centre Outcomes**

Mr Nicolas Pavlos Omorphos<sup>1</sup>, Dr Manasvi Dwaraknath<sup>1</sup>, Mr Vinnie During<sup>1</sup>  
<sup>1</sup>New Cross Hospital, Wolverhampton, UK

**PD15 Routine histopathological assessment of foreskins: Can experienced clinical assessment of paediatric suspected Balanitis Xerotica Obliterans eliminate the cost?**

Miss Lara Hemsworth<sup>1</sup>, Miss Anushree Kucheria, Miss Shabnam Undre  
<sup>1</sup>Cambridge University Hospitals, Cambridge, UK

**PD16 Evolving Indications and Outcomes of Cytoreductive Nephrectomy in the Modern Post-Immunotherapy Era for Metastatic Renal Cell Carcinoma**

Mr Brendan Berry<sup>1</sup>, Mr Walter Cazzaniga Cazzaniga, Professor David Nicol, Mr Pieter Le Roux  
<sup>1</sup>The Royal Marsden Hospital, London, UK

**PD17 Role and Association of Metabolic Syndrome (MetS) and Kidney Stone Disease (KSD): Systematic Review and Meta-Analysis**

Dr Sohani Dassanayake<sup>1</sup>, Dr Tanguy Lafont<sup>2</sup>, Professor Bhaskar Somani<sup>1</sup>

<sup>1</sup>University Hospital Southampton NHS Trust, Southampton, UK, <sup>2</sup>King's College London, London, UK

**PD18 From laser-on time to lithotripsy duration: improving the prediction of lithotripsy time with the 'Kidney Stone Calculator'**

Dr Frederic Panthier<sup>1,2,3</sup>, Dr Laurent Berthe<sup>2</sup>, Dr Chady Ghnatios<sup>2</sup>, Pr Olivier Traxer<sup>2,3</sup>, Dr Daron Smith<sup>1</sup>

<sup>1</sup>University College London Hospitals, London, UK, <sup>2</sup>Pimm Lab, Arts et Métiers Paris Tech, Paris, France, <sup>3</sup>Sorbonne University-Tenon Hospital, Paris, France

**PD19 Impact of Radiation on Artificial Urinary Sphincter Success in Post-Prostatectomy Patients: a Long-Term Retrospective Analysis**

Mr Ahmed Ghonaimy, Dr Jennifer Stephenson, Dr Adriana Lo Polito, Mr Simon Fulford, Miss Mehwash Nadeem

<sup>1</sup>James Cook university hospital, Middlesbrough, UK

**PD20 The Role of Magnetic Resonance Imaging in Penile Fracture Management – A Systematic Review**

Dr Henry Wang<sup>1</sup>, Dr Shravankrishna Ananthapadmanabhan<sup>2</sup>, Dr Jeremy Saad<sup>1</sup>, Dr Alexander Combes<sup>1</sup>, Dr Jarrah Spencer<sup>1</sup>, Dr Sunny Nalavenkata<sup>1</sup>, Dr Ankur Dhar<sup>1</sup>

<sup>1</sup>Westmead Hospital, Westmead, Australia, <sup>2</sup>Nepean Hospital, Kingswood, Australia

**PD21 What Do Trainees Want? A Study of Subspecialty Interests Among Northeast Urology Trainees**

Mr James Liston<sup>1</sup>, Mr Ahmed Ghonaimy<sup>1</sup>, Miss Mehwash Nadeem

<sup>1</sup>South Tees Hospitals NHS Trust, Middlesbrough, UK

**PD22 UKs first implementation of the Medtronic Hugo™ Robotic-Assisted Surgery (RAS) for upper tract Urological procedures**

Dr Samuel Davies<sup>1</sup>, Mr Andrew Shepherd<sup>1</sup>, Mr Mohammad Hegazy<sup>1</sup>, Mr Saif Toubasey<sup>2</sup>, Professor Prokar Dasgupta<sup>1</sup>, Mr Kamran Haq<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Mr Ben Challacombe<sup>1</sup>

<sup>1</sup>Guys And St Thomas Hospital, Westminster, UK, <sup>2</sup>King's College London, London, UK

**PD23 Introduction of a transurethral laser ablation (TULA) Training simulator for the management of Non-muscle invasive bladder cancer.**

Dr Harriet Loudon<sup>1</sup>, Ms Melanie Walton, Ms Helena Burden, Ms Sachin Agrawal

<sup>1</sup>North Bristol NHS Trust, Bristol, UK

**PD24 TikTok, YouTube and the medical student urology curriculum – a fertile landscape for education or a wild west of content?**

Miss Hannah Harvey<sup>1</sup>

<sup>1</sup>Royal Free Hospital, London, UK

**PD25 An assessment of male sperm DNA Fragmentation (SDF) pre and post-varicocele Embolization in patients undergoing assisted reproductive technology (ART)**

Mr Calum Clark<sup>1</sup>, Dr Adwoa Nyantakyi<sup>1</sup>, Prof Sheena Lewis<sup>3</sup>, Mr James Nicopullos<sup>3</sup>, Dr Mohamed Al-Hussini<sup>1</sup>, Mr Jonathan Ramsey<sup>2</sup>, Prof Suks Minhas<sup>2</sup>, Mr Tet Yap<sup>1</sup>

<sup>1</sup>Guys And St Thomas' NHS Trust, London, UK, <sup>2</sup>Imperial NHS Trust, London, UK, <sup>3</sup>Lister Hospital, London, UK

**PD26 LAParoscopic entry technique in RENal Surgery: a randomised controlled trial comparing open (Hasson) versus closed (Veress) techniques (LAPRES).**

Dr Jan Mares<sup>1</sup>, Dr Nikita Bhatt<sup>1</sup>, Dr Sarah Norton<sup>1</sup>, Dr Diarmuid Sugrue<sup>1</sup>, Mr Rowan Casey<sup>1</sup>, Prof Robert Flynn<sup>2</sup>, Mr Arun Thomas<sup>1</sup>

<sup>1</sup>Tallaght University Hospital, Dublin, Ireland, <sup>2</sup>Trinity Collage Dublin, Ireland

**PD27 The impact of blinded dynamic contrast-enhanced sequences on treatment planning in men with clinical suspicion of prostate cancer: final analysis from the PRIME trial**

Miss Aqua Asif<sup>1</sup>, PRIME Trial Group<sup>1</sup>

<sup>1</sup>University College London, London, UK

**PD28 Long-Term Survival of High-Risk Non-Muscle Invasive Bladder Cancer (HRNMIBC) treated with BCG: Real world, 5-year outcomes from a large UK tertiary referral centre**

Dr Olivia Quinn<sup>1</sup>, Mr Dane Cole-Clark<sup>1,2</sup>, Miss Ranya V Kumar<sup>3</sup>, Mr Omar Al Kadhi<sup>1</sup>, Mr Vivekanandan Kumar<sup>1</sup>

<sup>1</sup>Norfolk and Norwich University Hospital, Norwich, UK, <sup>2</sup>Royal Newcastle Centre, Newcastle, Australia, <sup>3</sup>School of Clinical Medicine, University of Cambridge, Cambridge, UK

**PD29 Association between operative time and same-day discharge following holmium laser enucleation of the prostate (HoLEP)**

Dr Omar H Ali<sup>1,2</sup>, Dr Adriel Heilong Fung<sup>1</sup>, Miss Stephanie Smith<sup>2</sup>, Mr Mark Rochester<sup>1</sup>

<sup>1</sup>Norfolk & Norwich University Hospital, Norwich, UK, <sup>2</sup>Norwich Medical School, University of East Anglia, Norwich, UK

**PD30 Should we be routinely analysing paediatric foreskin specimens following a circumcision?**

Mr Salim Malik<sup>1</sup>, Mr Donald Nyanhongo<sup>1</sup>, Mr Ugo Otite<sup>1</sup>

<sup>1</sup>Sandwell & West Birmingham NHS Trust, Birmingham, UK

**PD31 Long-term outcomes of urethral reconstruction for phalloplasty in individuals assigned female at birth**

Mr Andrea Gobbo<sup>1</sup>, Mr Angelo di Giovanni<sup>1</sup>, Mr Andrew Nim Christopher<sup>1</sup>, Mr David J Ralph<sup>1</sup>, Mr Wai Gin Lee<sup>1</sup>

<sup>1</sup>University College Of London Hospitals, London, UK

**PD32 Vesical Imaging-Reporting and Data System (VI-RADS) Score 3 and Muscle Invasive Bladder Cancer (MIBC) Detection Rate: A Comprehensive Multi-institutional, Multi-readers Meta-analysis and Assessment of Features Influencing Accuracy**

Dr Katarina Spurna<sup>1</sup>, Dr Francesco Del Giudice<sup>1</sup>, Mr Youssef Ibrahim<sup>1</sup>, Dr Mohamed Gad<sup>1</sup>, Dr Sarah Ashraf<sup>1</sup>, Dr Basil Lutfi<sup>1</sup>, Dr Akra Yeasmin<sup>1</sup>, Ms Kathryn Chatterton<sup>1</sup>, Ms Yasmin Abu-Ghanem<sup>1</sup>, Ms Elsie Mensah<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Mr Ramesh Thurairaja<sup>1</sup>, Professor Muhammad Shamim Khan<sup>1</sup>

<sup>1</sup>Guy's And St Thomas' NHS Foundation Trust, London, UK

**PD33 Semen analysis outcomes of varicocele repair in non-obstructive azoospermic patients**

Ms Isabel Dighero<sup>1</sup>, Mr Giovanni Chiaraco, Mr Anthony Emmanuel, Mr Majid Shabbir, Professor David Ralph, Miss Philippa Sangster

<sup>1</sup>University College London Hospital, London, UK

**PD34 Assessing Complications from Retroperitoneal Lymph Node Dissection for Testicular Cancer in North America: NSQIP 2012–2022**

Mr Mithun Kailavasan<sup>1</sup>, Dr Jesus Cendejas<sup>1</sup>, Dr Melissa Huynh<sup>1</sup>, Dr Brant Inman<sup>1</sup>, Dr Nicholas Power<sup>1</sup>

<sup>1</sup>Victoria Hospital, London, Canada

**PD35 Mosquito Nets and the Malleable Penile Implant: A novel technique in resource limited settings**

Ms Christina Fontaine<sup>1</sup>, Dr Mohamed Jalloh<sup>2</sup>, Dr Lamine Niang<sup>2</sup>, Dr Yves Kyungu<sup>2</sup>, Dr Madina Ndoeye<sup>2</sup>, Dr Becave Gassama<sup>2</sup>, Ms Jean Mac Donald<sup>3</sup>, Prof David Ralph<sup>4</sup>, Mr Brian Stephenson<sup>5</sup>, Ms Odunayo Kalejaiye<sup>1</sup>

<sup>1</sup>Southmead Hospital, North Bristol Trust, Bristol, UK, <sup>2</sup>Hospital General Idrissa Pouye, Dakar, Senegal, <sup>3</sup>North Middlesex University Hospital, London, UK, <sup>4</sup>University College London Hospital, London, UK, <sup>5</sup>Royal Gwent Hospital, Wales, UK

**PD36 Salvage stereotactic body radiation therapy for locally recurrent prostate cancer following primary radiation therapy, are benefits worth toxicity risks?: A systematic review**

Dr Gerard Bray<sup>1</sup>, Dr Arya Bahadori<sup>1</sup>

<sup>1</sup>Gold Coast University Hospital, Southport, Australia

**PD37 Androgen Deprivation Therapy Induces Stromal TFE3-Dependant Autophagy and PCYT1A Upregulation to Enable Phosphatidylcholine Secretion for Enzalutamide Resistance in Prostate Cancer**

Mr Chenghao Zheng<sup>1</sup>, Professor Shujie Xia<sup>1</sup>, Mr. Wenhao Wang<sup>1</sup>

<sup>1</sup>Shanghai General Hospital, Shanghai, China

**PD38 Incidence of culture-proven UTI after diagnostic flexible cystoscopy – time for a change in practice?**

Mr Olanrewaju Amusat<sup>1</sup>, Dr Mohamed Hersi<sup>1</sup>, Dr Pheba John<sup>1</sup>, Dr Sophie Ravinthiran<sup>1</sup>, Sr Patience Ebi<sup>1</sup>, Mr Barnaby Barrass<sup>1</sup>, Mr Mohammed Saleemi<sup>1</sup>, Mr Farooq Khan<sup>1</sup>, Mr Anish Pushkaran<sup>1</sup>

<sup>1</sup>Luton And Dunstable University Hospital, Luton, UK

**PD39 Cystoscopic application of a haemostatic agent – RADA16 Self-assembling peptide (Purastat®) for refractory haematuria from radiation cystitis: a novel surgical technique**

Ms Yasmin Abu Ghanem<sup>1</sup>, Dr Jonathan Kam<sup>1,2</sup>, Dr Francesco Del Giudice<sup>1</sup>, Dr Mohamed Gad<sup>1</sup>, Ms Elsie Mensah<sup>1</sup>, Mr Rajesh Nair<sup>1</sup>, Prof Muhammed Shamim Khan<sup>1</sup>, Mr Ramesh Thurairaj<sup>1</sup>

<sup>1</sup>Guy's And St Thomas' NHS Foundation Trust, London, UK, <sup>2</sup>University of Sydney, Sydney, Australia

**PD40 Cytoreductive prostate ablative therapies in de novo metastatic prostate cancer: Lessons learnt from a phase II randomised study (IP2-ATLANTA)**

Mr Martin J. Connor<sup>1,2</sup>, Mr Taimur T. Shah<sup>1,2</sup>, Ms Johanna Sukumar<sup>1</sup>, Dr Nicholas Johnson<sup>1</sup>, Mr Bijan Khoubehi<sup>3</sup>, Mr John McGrath<sup>4</sup>, Dr Andrew Smith<sup>2</sup>, Mr Mathias Winkler<sup>1,3</sup>, Mr Tim Dudderidge<sup>5</sup>, Prof Hashim U. Ahmed<sup>1,2</sup>, IP2-ATLANTA Trial Investigators

<sup>1</sup>Department Of Surgery And Cancer, Imperial College London, London, UK, <sup>2</sup>Imperial College Healthcare NHS Trust, London, UK, <sup>3</sup>Chelsea and Westminster NHS Trust, London, UK, <sup>4</sup>Royal Devon and Exeter NHS Foundation Trust, Exeter, UK, <sup>5</sup>University Hospitals Southampton, Southampton, UK

## **PD41 Ureter and Buccal Mucosa Display Significant Variation in Their Mechanical Properties: Results from Ex-Vivo Testing of Porcine Tissue**

Ms Sorcha O'meara<sup>1,2</sup>, Eoghan M. Cunnane<sup>3,4</sup>, Cliona M. McCarthy<sup>3,4</sup>, Stefanie M. Croghan<sup>1,2</sup>, John J.E. Mulvihill<sup>3,4</sup>, Michael T. Walsh<sup>3,4</sup>, Fergal J. O'Brien<sup>5</sup>, Niall F. Davis<sup>2,6,7</sup>

<sup>1</sup>Strategic Academic Recruitment Programme, Royal College Of Surgeons In Ireland, Dublin, Ireland, <sup>2</sup>Dept. of Urology, Blackrock Health, Dublin, Ireland, <sup>3</sup>Biomaterials Cluster, Bernal Institute, University of Limerick, Limerick, Ireland, <sup>4</sup>School of Engineering, University of Limerick, Limerick, Ireland, <sup>5</sup>Tissue Engineering Research Group, Department of Anatomy and Regenerative Medicine, Royal College of Surgeons in Ireland, Dublin, Ireland, <sup>6</sup>Department of Urology, Beaumont Hospital, Dublin, Ireland, <sup>7</sup>Department of Surgery, Royal College of Surgeons in Ireland, Dublin, Ireland

## **PD42 Da Vinci Xi Robot-assisted Retroperitoneal Nephroureterectomy – The First UK Case Series**

Ms Sarika Nalagatla<sup>1</sup>, Miss Aqua Asif<sup>2</sup>, Mr Manar Malki<sup>1</sup>

<sup>1</sup>Frimley Park Hospital, UK, <sup>2</sup>University College London, , UK

## **PD43 10 TURPs in a day: does reducing the waiting list mean “high volume, high complexity” is the reality in 2025?**

Mr Hugh Crawford-Smith<sup>1</sup>, Dr Paulvincent Bayona<sup>1</sup>, Mr Guru Kholgade<sup>1</sup>, Mr Sandeep Gujral<sup>1</sup>

<sup>1</sup>Barking Havering And Redbridge University Hospitals NHS Trust, London, UK

## **PD44 Acquisition, reporting, and outcomes of upfront MRI for prostate cancer screening: a systematic review and meta-analysis**

Mr Nikhil Mayor<sup>1</sup>, Alexander Light<sup>1</sup>, Rosalind Eeles<sup>2</sup>, Mark Emberton<sup>3</sup>, Rhian Gabe<sup>4</sup>, Rakesh Heer<sup>1</sup>, Caroline Moore<sup>3</sup>, Taimur Shah<sup>1</sup>, Hashim Ahmed<sup>1</sup>

<sup>1</sup>Imperial College London, London, UK, <sup>2</sup>Institute of Cancer Research, London, UK, <sup>3</sup>University College London, London, UK, <sup>4</sup>Queen Mary University of London, London, UK

## **PD45 The Scottish NMIBC risk calculator – a contemporary prognostic tool incorporating Quality Performance Indicators**

Professor Paramanathan Mariappan<sup>1,2</sup>, Ms Jasmin Hart-Brooke<sup>1,3</sup>, Ms Cara Louise Vincenti<sup>1</sup>, Mr Natesh Shivakumar<sup>1</sup>, Mr Alan Johnston<sup>4</sup>, Mr Matthew Trail<sup>5</sup>, Mr Sami Hamid<sup>5</sup>, Mr Ben A Dreyer<sup>6</sup>, Ms Sara Ramsey<sup>7</sup>, Ms Lucy F Drummond<sup>6</sup>, Ms Luisa Padovani<sup>1</sup>, Ms Roberta Garau<sup>1</sup>, Dr Julia Guerrero Enriquez<sup>1</sup>, Mr Alasdair Boden<sup>8</sup>, Ms Helen Simpson<sup>6</sup>, Mr Ben G Thomas<sup>9</sup>, Mr Gianluca Maresca<sup>10</sup>, Mrs Claire Sharpe<sup>11</sup>, Mr Ruairidh Taggart<sup>4</sup>, Mr Graham Hollins<sup>12</sup>, Mr Rami Hasan<sup>1,12</sup>, Prof Imran Ahmad<sup>4,13</sup>, Mr David Hendry<sup>4</sup>, Dr Catriona Graham<sup>14</sup>

<sup>1</sup>Edinburgh Bladder Cancer Surgery (EBCS), The University of Edinburgh, Western General Hospital, Edinburgh, UK, <sup>2</sup>The University of Edinburgh, Edinburgh, UK, <sup>3</sup>Edinburgh Medical School, The University of Edinburgh, Edinburgh, UK, <sup>4</sup>Department of Urology, Queen Elizabeth University Hospital, Glasgow, UK, <sup>5</sup>Department of Urology, Ninewells Hospital, Dundee, UK, <sup>6</sup>Department of Urology, Victoria Hospital, Kirkcaldy, UK, <sup>7</sup>Department of Urology, Raigmore Hospital, Inverness, UK, <sup>8</sup>Department of Urology, University Hospital Monklands, Airdrie, UK, <sup>9</sup>Department of Urology, Borders General Hospital, Melrose, UK, <sup>10</sup>Department of Urology, Aberdeen Royal Infirmary, Aberdeen, UK, <sup>11</sup>Department of Urology, Dumfries & Galloway Royal Infirmary, Dumfries, UK, <sup>12</sup>Department of Urology, University Hospital Ayr, Ayr, UK, <sup>13</sup>School of Cancer Sciences, University of Glasgow, Glasgow, UK, <sup>14</sup>Edinburgh Clinical Research Facility, The University of Edinburgh, Edinburgh, UK

## **PD46 Types of concealed epispadias and modified partial penile disassembly their management.**

Dr Amilal Bhat<sup>1</sup>, Dr Mahakshit Bhat<sup>2</sup>, Dr Akshita Bhat<sup>3</sup>, Dr Nikhil Khandelwal<sup>4</sup>

<sup>1</sup>Bhat' Hypospadias & Reconstructive Urology Hospital & Reserch Centre, Jaipur, India, <sup>2</sup>NIMS Medical College, Jaipur, India, <sup>3</sup>S M S Medical College, Jaipur, India, <sup>4</sup>Bhat's Hypospadias and Reconstructive Urology Hospital & Research Centre, Jaipur, India

### **PD47 Efficacy and Safety of Verapamil Intralesional Injection in Peyronie's Disease Using the Kalsi Technique**

Mr Mohamed Ibrahim<sup>1</sup>, Mr Bassam Saleh<sup>2</sup>, Mr Mohammed Dallash<sup>2</sup>, Mr Jas Kalsi<sup>2</sup>

<sup>1</sup>Hampshire Hospitals NHS Foundation Trust, Basingstoke, UK, <sup>2</sup>Frimely Health NHS Foundation Trust, Wexham Park Hospital, UK

### **PD48 A sticky solution in a sticky situation: Refractory Nephrocutaneous Fistula embolisation with N-hexyl-cyanoacrylate. A case report and literature review. The proposal of a consensus document using glue embolisation technology in urinary fistulas.**

Mr Jasmesh Sandhu<sup>1</sup>, Dr Juwayriyyah Amjad, Dr Tim Yusuf, Mr Rahul Lunawat

<sup>1</sup>King's College NHS Trust, London, UK

### **PD49 The impact of Radiologist experience on clinically significant prostate cancer detection on biparametric and multiparametric MRI – an analysis of the PRIME trial**

Dr Alexander Ng<sup>1</sup>, PRIME Trial Group

<sup>1</sup>University College London, London, UK

### **PD50 British Association of Urological Surgeons (BAUS) 10-point plan for widening participation**

Mr Tony Tien<sup>1</sup>, Miss Sophie Rintoul-Hoad<sup>2</sup>, Prof Ian Pearce<sup>3</sup>, Miss Joanne Cresswell<sup>4</sup>, Miss Susan Willis<sup>5</sup>

<sup>1</sup>Whipps Cross University Hospital, London, UK, <sup>2</sup>Epsom General Hospital, Surrey, UK, <sup>3</sup>Manchester Royal Infirmary, Manchester, UK, <sup>4</sup>The James Cook University Hospital, Middlesbrough, UK, <sup>5</sup>Guy's and St Thomas' Hospital, London, UK

### **PD51 Acoustic Emission for ex-vivo characterisation of kidney stone breakdown: Translating Principles of fracture dynamics into Clinical Applications**

Miss Aleksandra Agata Berezowska<sup>1</sup>, Mr Kevin Cao<sup>1</sup>, Mr Navroop Johal<sup>2</sup>, Professor David Long<sup>2</sup>, Dr Jack Eckstein<sup>3</sup>, Professor Micheal Carpenter<sup>3</sup>, Professor Ekhard Salje<sup>3</sup>, Miss May Bisharat<sup>1</sup>, Mr Oliver Wiseman<sup>1</sup>

<sup>1</sup>Department of Paediatric Surgery, Cambridge University Hospitals, Hills Road, Cambridge, CB2 0QQ, UK, Cambridge, UK, <sup>2</sup>UCL Great Ormond Street Institute of Child Health, <sup>3</sup>0 Guilford Street, London WC1N 1EH, London, UK, <sup>3</sup>Department of Earth Sciences, University of Cambridge, Downing St., Cambridge, Cambridgeshire, Cambridge, UK

### **PD52 Improving Sustainability in Surgery by Reducing Group & Save (G&S) Samples for Robotic-Assisted Laparoscopic Prostatectomy (RALP) Surgeries.**

Mr Stefanos Gorgoraptis<sup>1</sup>, Mr Michael Keunhwi Ahn<sup>1</sup>, Dr Bhagyashree Netke<sup>2</sup>, Mr Suresh-Jay Mathias<sup>1</sup>, Mr David Mak<sup>1</sup>

<sup>1</sup>Urology Department, New Cross Hospital, Wolverhampton, UK, <sup>2</sup>Anaesthetics Department, New Cross Hospital, Wolverhampton, UK

### **PD53 Inflatable penile prosthesis brand impacts mechanical failure rates at competing risk analysis in patients who completed the transmasculine gender reassignment**

Mr Andrea Gobbo<sup>1</sup>, Mr Angelo di Giovanni<sup>1</sup>, Mr Andrew Nim Christopher<sup>1</sup>, Prof David J Ralph<sup>1</sup>, Mr Wai Gin Lee<sup>1</sup>

<sup>1</sup>University College Of London Hospitals, London, UK

**PD54 What is the Utility of FDG PET-CT in Detecting Lymph Node Involvement Compared With Conventional Imaging In Patients With Bladder Cancer With Variant Histology?**

Mr Francesco Pio Bizzarri<sup>1</sup>, Miss Nafeesa Abdul Nazar<sup>1</sup>, Miss Onaiho Ojo<sup>1</sup>, Mr Adam Nelson<sup>1</sup>, Miss Alexandre Colquhoun<sup>1</sup>, Miss Niyati Lobo<sup>1</sup>

<sup>1</sup>Department of Urology, Cambridge University Hospitals NHS Foundation Trust, Cambridge, UK

**PD55 DOUBLE-BREASTING BLADDER NECK AND PROXIMAL URETHRA IN SINGLE STAGE PERINEAL APPROACH IN FEMALE EPISPADIAS .**

Dr Amilal Bhat<sup>1</sup>, Dr Mahakshit Bhat<sup>3</sup>, Dr Akshita Bhat<sup>4</sup>, Dr Nikhil Khandelwal<sup>5</sup>, Dr Madhu Bhat<sup>2</sup>

<sup>1</sup>Bhat's Hypospadias & Reconstructive Urology Hospital & research Centre Jaipur, Jaipur, India, <sup>2</sup>Bhat's Hypospadias & Reconstructive Urology Hospital & research Centre Jaipur, Jaipur, India, <sup>3</sup>NIMS Medical College, Jaipur, India, <sup>4</sup>SMS Medical College, Jaipur, India, <sup>5</sup>Bhat's Hypospadias & Reconstructive Urology Hospital & research Centre Jaipur, Jaipur, India

**PD56 Does whether, and how, you send urine for cytology change management in patients with suspected upper tract urothelial cancer (UTUC)?**

Mr Muhammad Salik<sup>1</sup>, Dr Jason Alexander<sup>1</sup>, Dr Je Song Shin<sup>1</sup>, Mr Saad Siddiqui<sup>1</sup>, Dr Louise Smart<sup>1</sup>, Dr Ghada Bashat<sup>1</sup>, Mr Ismail El-Mokadem<sup>1</sup>, Prof Samuel McClinton<sup>1</sup>, Mr Grigorious Athanasiadis<sup>1</sup>, Mr James Donaldson<sup>1</sup>, et al.,

<sup>1</sup>Aberdeen Royal Infirmary, Aberdeen, UK

**PD57 5-Year Follow-up of 338 Patients with post-MRI Negative Biopsies or Atypical Small Acinar Proliferation (ASAP) or High-Grade Prostatic Intraepithelial Neoplasia (HGPIN) from the Rapid Assessment for Prostate Imaging and Diagnosis (RAPID) Pathway**

Mr Chase Peng Yun Ng<sup>1</sup>, Mr Alexander Light<sup>1</sup>, Mr Johann Boaz<sup>1</sup>, Dr Dasha Alderton<sup>1</sup>, Dr Lauren Nicholls<sup>1</sup>, Dr Asmita Raja, Dr Melissa Matthews<sup>1</sup>, Dr Oliver Hugs<sup>1</sup>, Dr Chong Chua<sup>1</sup>, Dr Hira Hasan<sup>1</sup>, Dr Alicia Hunter<sup>1</sup>, Miss Saikalpitha Eragamreddy<sup>1</sup>, Mr Franklyn Wong<sup>2</sup>, Dr Jin Zhe Ang<sup>1</sup>, Dr Omar Ashour<sup>1</sup>, Professor Hashim Ahmed<sup>1</sup>, Mr Taimur Shah<sup>1</sup>

<sup>1</sup>Imperial College Healthcare NHS Trust, London, UK, <sup>2</sup>School of Medicine, Imperial College London, London, UK

**PD58 Fate of Residual Stone Fragments in Children: Is there any cut-off between Significant and Insignificant?**

Miss Sadaf Aba Umer<sup>1</sup>, Dr. Bahir Ahmed<sup>1</sup>, Professor Sajid Sultan<sup>1</sup>

<sup>1</sup>Philip G. Ransley Department of Paediatric Urology, Sindh Institute of Urology and Transplantation, KARACHI, Pakistan

**PD59 Prediction of Disease Progression at 10 years for Patients on Active Surveillance using the Prostate Urine Risk (PUR) Score**

**JESUS COLLEGE, CAMBRIDGE**

**22-26 SEPTEMBER 2025**

## WELCOME From the Deputy Vice-President, Education

Welcome to the BAUS 2025 programme. Education and skill development remain a central priority for our BAUS membership, and we have therefore focussed this year on ensuring novel and relevant teaching courses. Responding to the feedback last year, we have a mix of established and well received courses as well as innovative new courses to reflect the needs of current urologists.

We are delighted to announce a collection of our very popular hands-on training courses. Ultrasound training led by Asad Abedin with a team of consultant radiologist and radiographers, that proved popular with both trainees and consultants and has increased the number of places available. Stefanos Bolomytis will continue to lead the LA Transperineal Biopsy of Prostate incorporating the latest in prostate biopsy techniques along with consultant radiologists and specialist nurses. We are delighted to have new leadership with Muddassar Hussain running the introduction to robotics course.

I am particularly pleased to announce brand-new courses focused on important and growing areas of practice: We are privileged to have Professor Kevin Turner and Consultant Psychologist Olivia Donnelly's expertise on the wellbeing and resilience course 'When Things Go Wrong'. We have the latest research methodology course run by Professor Marcus Drake, an important course for all trainees and those interested in research. A new course on the 'Do and Don'ts' in Andrology for the General Urologist will be run by Vaibhav Modgil.

We are continuing with the successful medico-legal course provided by The Medical Protection Society and led by Dr James Thorpe. We also have the excellent course on the Management of Functional Urology Emergencies led by Sachin Malde, addressing an educational need in urological practice.

Adham Ahmed and Rickaz Raheem from the SAS and Trust Section will update us and provide a detailed guide on achieving GMC speciality registration in urology, via the new Portfolio Pathway. Nav Johal from Great Ormond Street Hospital continues with the ever-popular Paediatric urology course, which will increase knowledge and informed practice in this important area and an essential course for those studying for the FRCS Urol examinations.

Prof Hashim Hashim will continue with the FNUU Course on Urodynamics, an essential part of the BAUS offering. BSoT this year will offer interview practice for Urology NTN Interviews led by Kelly Ong, helping young urologists overcome an important hurdle in their career development.

Pre-recorded courses will also be available, including those on the less understood topic of Neurourology for the General Urologist, Updates in Stone Management, Managing Active Surveillance for Prostate Cancer and Male infertility.

As always, I am grateful to the BAUS Section Chairs, Course Directors and the Events Team of Harry Heald, Ellie Pakes, and Chloe Austin, all of whom are critical to the entire process of course generation and delivery. We look forward to seeing you in the summer at a dynamic, relevant and exciting programme in Manchester.

**Mo Belal**

Deputy Vice-President, Education

## COURSE 1: TEACHING COURSE

### GOOD URODYNAMICS PRACTICE

**Monday 16 June 2025**

**1100–1300**

**Exchange 6–7**

**60 Places**

**£45 BAUS Member & £75 Non-Member**

Course Director: **Hashim Hashim**, Southmead Hospital, Bristol

#### Outline and Objectives

This course aims to provide focused teaching to enable urologists to improve their skills in urodynamics. There will be an emphasis on practical aspects of urodynamics including interpretation of traces, quality control and troubleshooting. The speakers are involved in similar courses, which have been running successfully in the United Kingdom and Internationally. The small group format has been shown to work well in addressing individual needs. Access to teaching aids will simulate the clinical scenario as much as possible. The aim is to teach and emphasize good urodynamic practice using accepted international standards. At the end of the workshop delegates should feel more confident in their practice of urodynamics, specifically interpretation of traces which is a required skill for the FRCS (Urol) viva examination.

- **Introduction** (10 mins) – Hashim Hashim
- **Physics of Urodynamics in a nutshell** (15 mins) – Laura Thomas
- **Update on Good Urodynamics Practice** (15 mins) – Hashim Hashim
- **Troubleshooting** (30 mins) – Laura Thomas
- **Interpretation of Results and Traces using clinical scenarios** (45 mins) – Hashim Hashim
- **Conclusion** (5 mins) – Hashim Hashim

#### Faculty:

**Laura Thomas**, Consultant Clinical Scientist, Bristol Urological Institute

## COURSES 2, 3 & 5: SKILLS COURSE HANDS ON ULTRASOUND TRAINING

<b>Monday 16 June 2025</b>	<b>1100-1300</b>	<b>Exchange 10</b>
<b>Monday 16 June 2025</b>	<b>1330-1530</b>	<b>Exchange 10</b>
<b>Monday 16 June 2025</b>	<b>1600-1800</b>	<b>Exchange 10</b>
<b>16 Places</b>	<b>£50 BAUS Member &amp; £90 Non-Member</b>	

Course Directors: **Asad Abedin**, Russells Hall Hospital, Dudley, **Amar Mohee**, Manchester Royal Infirmary and **Anas Hattab**, Consultant Uro-Radiologist, Manchester Royal Infirmary

### Outline and Objectives

Point of care ultrasound scanning (POCUS) is fast becoming an important skill across medicine, to improve bedside patient assessment, both in the emergency & elective setting. To this end, this course will allow delegates to be taught hands on ultrasound scanning technique of the kidneys, bladder and testes, in small groups of three, with a faculty member. We have arranged for patients who have appropriate pathologies, to be present as subjects for scanning. High end ultrasound machines will be provided by Fujifilm (formerly Hitachi). The aim is to help candidates in becoming confident in level 1 urological ultrasound scanning, i.e. being able to recognise normal anatomy, detecting when something is abnormal and referring on for further imaging.

The following areas will be covered within this course:

- Technique of performing an ultrasound scan of the kidneys, urinary bladder, testes and transabdominal scan of the prostate (measuring prostate volume)
- How to optimise an ultrasound image, using the common machine knobs controlling overall gain, time-gain compensation, focus, depth and scanning frequency
- Recognition of the normal appearance of the kidneys, urinary bladder, testes and prostate
- Recognition of some of these common abnormalities within the urinary tract:
  - › Renal cysts
  - › Hydronephrosis
  - › Renal stones
  - › Small renal masses
  - › Thick walled bladder & trabeculation
  - › Prostate enlargement, median lobe of the prostate
  - › Epididymal cysts
  - › Hydrocele
  - › Varicocele

### Faculty:

**Velauthan Rudralingam**, Consultant Radiologist, Manchester Royal Infirmary

**Kyu Kim**, Senior Radiology Fellow

**Mandy Tang**, Senior Sonographer, Manchester Royal Infirmary

**Charlotte Hudson**, Senior Sonographer

## **COURSE 4: TEACHING COURSE**

### **WHEN THINGS GO WRONG – PREPARING, COPING AND SUPPORTING OTHERS**

**Monday 16 June 2025**

**1400–1530**

**Exchange 6–7**

**60 Places**

**£45 BAUS Member & £75 Non-Member**

Course Director: **Kevin Turner**, Royal Bournemouth Hospital

#### **Outline and Objectives**

Participants will learn about how surgeons are affected when things go wrong, about how surgeons can prepare themselves and colleagues for the impact of adverse events, and about the theoretical and practical aspects of providing support after adverse events have occurred.

#### **Faculty**

**Olivia Donnelly**, Clinical Psychologist North Bristol NHS Trust

**Arjun Nambiar**, Freeman Hospital, Newcastle

**Gemma Scrimgeour**, RCS England Improvement Fellow

## COURSE 6: TEACHING COURSE

### SUCCEED THE PORTFOLIO PATHWAY

**Monday 16 June 2025**

**1630–1800**

**Exchange 6–7**

**60 Places**

**£45 BAUS Member & £75 Non-Member**

Course Director: **Adham Ahmed**, West Suffolk Hospital and **Rickaz Raheem**, Bedford Hospital

#### Aims and Objectives

- Understand the essential curriculum requirements for the portfolio pathway in urology.
- Master the evidence collection procedure necessary for completing the portfolio pathway application.
- Familiarise with the ISCP portfolio for effective documentation.
- Acquire knowledge and skills needed to prepare a robust and compelling application for the urology portfolio pathway.

#### Programme:

##### Introduction

##### **'Things I wish I had known'**

**Susan Wong**, University Hospitals Birmingham

##### **Strengthening Your Application: Key Insights from the SAC Perspective**

**Lynsey McHugh** (Urology SAC Chair), Royal Preston Hospital

##### Q&A

##### **Cracking the PP code: The curriculum, Evidence, ISCP to submission**

**Rickaz Raheem**, Bedfordshire Hospitals NHS Trust

##### Panel Discussion

##### **Navigating the Portfolio Pathway Journey: Challenges, Best Practices, and Success Strategies**

**Hrishi Joshi** (Portfolio Pathway Lead – SAC), University Hospital of Wales and School of Medicine, Cardiff

**Khaled Hosny**, East Lancashire Teaching Hospitals NHS trust

**Lynsey McHugh** (Urology SAC Chair), Royal Preston Hospital

**Rickaz Raheem**, Bedfordshire Hospitals NHS Trust

#### Faculty

**Lynsey McHugh** (Urology SAC Chair), Royal Preston Hospital

**Khaled Hosny**, East Lancashire Teaching Hospitals NHS trust

**Hrishi Joshi** (Portfolio Pathway Lead – SAC), University Hospital of Wales and School of Medicine, Cardiff

**Susan Wong**, University Hospitals Birmingham

## COURSE 7: TEACHING COURSE

# DOS AND DON'TS IN ANDROLOGY – SURGICAL TIPS AND TRICKS FOR THE GENERAL UROLOGIST

**Tuesday 17 June 2025**

**1100–1230**

**Exchange 6–7**

**60 Places**

**£45 BAUS Member & £75 Non-Member**

Course Director: **Vaibhav Modgil**, Manchester Royal Infirmary

### Aims and Objectives

This course has been specifically designed for urologists looking after andrological patients in their practice. Through interactive lectures, which will include pictures and videos to illustrate the important points, this course aims to provide a step-by-step practical guide for the diagnosis, evaluation, and treatment of commonly encountered andrological pathologies. This includes the assessment and management of suspicious penile lesions, avoiding the common pitfalls during circumcision, choosing the right option for urethral stricture disease, avoiding failures in plication for penile straightening surgery, testosterone replacement therapy initiation and management, and ensuring patients with male factor infertility are investigated appropriately regardless of which clinic they attend.

1. Suspicious penile lesions – Topical treatments and surgical management
2. Circumcision – avoiding the common pitfalls, and knowing when not to operate
3. Urethral stricture disease: urethrotomy vs dilatation vs urethroplasty – choosing the right option for the right patient
4. Plication techniques in Peyronie's disease – how to optimise outcomes
5. Investigation, diagnosis, and management of Hypogonadism – all you need to know in 15 minutes
6. Ensuring equity of management for men with infertility – your complete outpatient guide

### Faculty

**Ayo Kalejaiye**, North Bristol NHS Trust

**Rowland Rees**, University Hospital Southampton

**Paul Anderson**, Russells Hall Hospital, Dudley

**Aditya Manjunath**, Weston General Hospital, Weston-super-Mare

**John Mulhall**, Memorial Sloan Kettering Cancer Center, New York, United States

**Maria Satchi**, Kings College Hospital, London

## COURSES 8, 9 & 11: SKILLS COURSE

### LA TRANSPERINEAL BIOPSY OF PROSTATE

Tuesday 17 June 2025	1100–1300	Exchange 10
Tuesday 17 June 2025	1330–1530	Exchange 10
Tuesday 17 June 2025	1600–1800	Exchange 10
20 Places	£50 BAUS Member & £90 Non-Member	

Course Director: **Stefanos Bolomytis**, Southmead Hospital, Bristol

#### Aims and Objectives

The LATP biopsy course combines theoretical knowledge with practical training and aims to provide urologists with comprehensive knowledge and practical skills to perform LATP prostate biopsies confidently and competently. The course will focus on the interpretation of MRI for targeted biopsies, the principles and techniques of LATP biopsy, and the practicalities of setting up and optimising a LATP biopsy service within clinical practice.

By the end of the course, participants will be able to:

1. Understand the role of MRI in the diagnostic pathway for prostate cancer, including interpreting prostate MRI scans to identify potential biopsy targets.
2. Describe the principles and procedural workflow of LATP biopsy, including patient positioning, needle placement, local anaesthetic techniques, and post-procedural care.
3. Gain hands-on experience with LATP biopsy techniques using phantoms and various access devices, such as biopsy grids and free-hand systems.
4. Develop technical proficiency in LATP biopsy equipment handling and imaging guidance to enhance accuracy and efficiency.
5. Troubleshoot common procedural challenges in LATP biopsies and apply strategies to overcome them.
6. Understand the practical considerations for establishing and optimizing an LATP clinic.
7. Reflect on best practices to improve patient outcomes and implement LATP biopsy techniques effectively in clinical practice.

#### Faculty

**Neil Trent**, Musgrove Park Hospital, Taunton  
**Engela Otto**, Registered Nurse, North Bristol NHS Trust  
**Douglas Kopcke**, Consultant Radiologist, North Bristol NHS Foundation Trust  
**Angus McCormick**, Nurse Practitioner, North Bristol NHS Foundation Trust  
**Amar Mohee**, Manchester Royal Infirmary  
**Rajan Veeratterapillay**, Freeman Hospital, Newcastle  
**Nadeem Iqbal**, Royal Cornwall Hospital, Truro  
**Hidekazu Yamamoto**, Maidstone and Tunbridge Wells NHS Trust

## COURSE 10: TEACHING COURSE

# THE MEDICAL PROTECTION SOCIETY – MEDICO LEGAL COURSE

**Tuesday 17 June 2025**

**1400–1530**

**Exchange 6–7**

**60 Places**

**£45 BAUS Member & £75 Non-Member**

Course Director: **James Thorpe**, The Medical Protection Society and **Emma Green**, The Medical Protection Society

### Aims and Objectives

Medical Protection in association with the British Association of Urological Surgeons are pleased to present this 90-minute workshop which will highlight the ethical and legal challenges facing urological surgeons.

This interactive session will feature urology cases and claims from the Medical Protection archive and explore emerging areas of medicolegal interest for modern urological practice.

*\*Course fees are charged to cover all venue & administration costs. MPS are kindly contributing to the conference at no cost to BAUS with no direct financial gain.*

## COURSE 12: TEACHING COURSE PAEDIATRIC UROLOGY

**Tuesday 17 June 2025**

**1600–1800**

**Exchange 6–7**

**60 Places**

**£45 BAUS Member & £75 Non-Member**

Course Director: **Navroop Johal**, Consultant Paediatric Urologist, Great Ormond St Hospital for Children

### Aims and Objectives

The aim of this course is to reinforce and support the practice of paediatric urology outside a specialist unit. We are grateful that we can continue to provide a focus on children within the BAUS meeting and an opportunity for established Consultants and interested trainees to meet. There will also be didactic mini lectures on key topics, each led by a paediatric urologist and illustrated by appropriate clinical scenarios. We do hope, as usual, to provide an interactive feast that will leave delegates better equipped – be it for forthcoming FRCS (Urol) exams or their next paediatric clinic.

### Faculty

**Abraham Cherian**, Consultant Paediatric Urologist, Great Ormond St Hospital for Children

**Divyesh Desai**, Clinical Lead and Director of Urodynamics, Great Ormond St Hospital for Children

**Alex Cho**, Consultant Paediatric Urologist, Great Ormond St Hospital for Children

**Anju Goyal**, Consultant Paediatric Urologist, Royal Manchester Children's Hospital

**Johanna Thomas**, Consultant Urologist, Royal Berkshire Hospital, Reading

## COURSE 13: TEACHING COURSE

# SIMULATED COURSE FOR UROLOGY NTN INTERVIEWS

**Wednesday 18 June 2025      0900–1030      Charter 1**  
**12 Places      £25 BAUS Member & £35 Non-Member**

Course Director: **Kelly Ong**, Whipps Cross Hospital, London

### Aims and Objectives

This face-to-face course is aimed to support the preparation for the ST3 Urology National Interview Selection.

The course an overview on the Portfolio segments and key interview stations, including Outpatient, Emergency, Clinical Skills, and Communication Skills.

There will be one-to-one mock interview stations of all 4 scenarios with personalised feedback.

### Faculty

**Ameet Gupta**, New Cross Hospital, Wolverhampton  
**Yasmin Abu-Ghanem**, Guy's & St Thomas' Hospital, London  
**Anthony Noah**, University College Hospital, London  
**Dominic Brown**, Northwick Park Hospital  
**Elizabeth Osinibi**, Barking, Havering & Redbridge University Hospital  
**Sami Mustafa**, Royal Preston Hospital  
**Sophie Rintoul-Hoad**, Epsom General Hospital, Surrey  
**Kerem Atalar**, Whipps Cross University Hospital, London  
**Pallavi Pal**, Whipps Cross University Hospital, London  
**Youssef Ibrahim**, Guy's & Thomas's Hospital, London  
**Dhanashree Moghe**, Ipswich Hospital, Suffolk  
**Christopher Bastianpillai**, Whipps Cross University Hospital, London  
**Molly Nichols**, King's College Hospital, London  
**Chase Peng Yun Ng**, University College Hospital, London

## COURSES 14 & 16: SKILLS COURSE INTRODUCTION TO ROBOTICS

<b>Wednesday 18 June 2025</b>	<b>1100–1300</b>	<b>Central 6&amp;7</b>
<b>Wednesday 18 June 2025</b>	<b>1400–1600</b>	<b>Central 6&amp;7</b>
<b>20 Places</b>	<b>£50 BAUS Member &amp; £90 Non-Member</b>	

Course Director: **Muddassar Hussain**, Frimley Park Hospital, Surrey

### Aims and Objectives

Delegates will be split into two groups, with the first group having a practical skills session on multiple robotic platforms and the second learning basic concepts in robotics with emphasis on robotic urological procedures.

#### Group 1: 2 trainees at each station (12–15 minutes with each station)

- Station A: Robotic skills with the simulator/dry box
- Station B: Patient positioning, docking, undocking
- Station C: Approach, instruments, energy sources

#### Group 2: Concepts of Robotic Urology

- Introductions to robotics
- Introduction to robotic platforms – robot features, movement and positioning in theatre
- Docking and undocking
- Instruments: insertion/removal
- Robotic urological procedures
- Emergency scenarios and troubleshooting

### Faculty

**Manar Malki**, Frimley Park Hospital, Surrey  
**Aziz Gulamhusein**, The Christie NHS Foundation Trust, Manchester  
**Denosshan Sri**, St Georges Hospital, London  
**Abhishek Reekhaye**, Royal Free Hospital, London  
**Mohammed Aldiwani**, Pinderfields Hospital, Yorkshire  
**Sonpreet Rai**, Milton Keynes Hospital, Buckinghamshire  
**Dora Moon**, Preston Hospital, Lancashire  
**Ata Jaffer**, Stockport Hospital, Cheshire  
**Neha Sihra**, Royal London Hospital, London

## COURSE 15: TEACHING COURSE

### UPDATE IN RESEARCH METHODOLOGY

**Wednesday 18 June 2025**    **1100–1300**    **Exchange 6–7**  
**60 Places**    **£45 BAUS Member & £75 Non-Member**

Course Director: **Marcus Drake**, Imperial College London

#### Aims

To describe clinical research in an interactive setting, covering funding, methods, challenges, impact and relevance to career.

#### Objectives

- To describe the core methods of research, including randomised trials and systematic review
- To consider where grant funding might be obtained, and how to be competitive in an application
- To describe challenges of undertaking research in the current healthcare climate.
- To review how research results can be translated into impact on practice
- To discuss personal experiences of research in a clinical or academic career pathway

#### Faculty

**Taimur Shah**, Charing Cross Hospital, London  
**Hannah Warren**, Guy's & Thomas's Hospital, London  
**Kathie Wong**, Cumberland Infirmary, Carlisle

## COURSE 17: TEACHING COURSE

# MANAGEMENT OF FUNCTIONAL UROLOGY EMERGENCIES

**Wednesday 18 June 2025      1400–1530      Exchange 6–7**  
**60 Places      £45 BAUS Member & £75 Non-Member**

Course Director: **Sachin Malde**, Guy's & Thomas's Hospital, London

### Aims and Objectives

This course is essential for all urologists that will encounter functional urological emergencies in their practice, especially for those with a specialist interest in functional and reconstructive urology. Through interactive lectures, this course aims to provide a step-by-step practical guide for the diagnosis, evaluation, and treatment of commonly encountered emergencies. This includes the management of iatrogenic urinary tract injuries, ureteric and bladder reconstruction, emergencies in neuropaths, and emergencies in pregnancy, where relevant to functional and reconstructive urology.

### Programme:

#### Introduction

**Sachin Malde**, Guy's & Thomas's Hospital, London

#### Bladder/ureteric injury and fistula

**Suzanne Biers**, Addenbrooke's Hospital, Cambridge

#### Prosthesis (AUS/SNM) emergencies

**Andy Kozan**, St James's University Hospital, Leeds

#### Emergencies in reconstructed urinary tracts/continent bladder replacement/Mitrofanoff

**Sachin Malde**, Guy's & Thomas's Hospital, London

#### Emergencies in neuropaths – autonomic dysreflexia, neurogenic bladder and spinal shock, cauda equina?

**Nicholas Faure Walker**, King's College Hospital, London

#### Management of Intraoperative Complications in Open Procedures – arterial, venous, rectal (15 mins)

**Sachin Malde**, Guy's & Thomas's Hospital, London

### Faculty

**Suzanne Biers**, Addenbrooke's Hospital, Cambridge

**Andy Kozan**, St James's University Hospital, Leeds

**Nicholas Faure Walker**, King's College Hospital, London

# EMERGENCY PROCEDURES

## Evacuation

If an emergency evacuation is necessary during your event, the following message will be broadcast:

"Attention please! Attention please! Will everybody please leave the building by the nearest exit. This is an emergency. The staff will assist and direct you. Please do not use the lifts."

Staff will guide you to your nearest exit.

## Fire

Should there be an emergency, please take the following action:

1. Break the glass on the nearest fire alarm point. These are located at each vehicle door and fire exit
2. Tell a member of staff and give the location and nature of the incident
3. Notify nearby exhibitors/visitors of the situation

## Medical

If you need urgent medical assistance, please tell your event manager or any venue steward. If possible, give the location of the casualty and details of any injuries (e.g. bleeding or unconsciousness). A member of the first aid team will come to help.

16-18 June 2025  
Manchester Central
