General Information for Virtual Registrations

Registration

The registration fee includes the full 2 days of content live streamed via Zoom from the East Midlands Conference Centre. Delegates can participate in Q&A and Live Polling.

Prior to the meeting you will be sent a final delegate email. The final delegate email will contain:

- Delegate app download instructions for Live Polling
- Zoom link to access the live stream across the 2 days

Technology Requirements

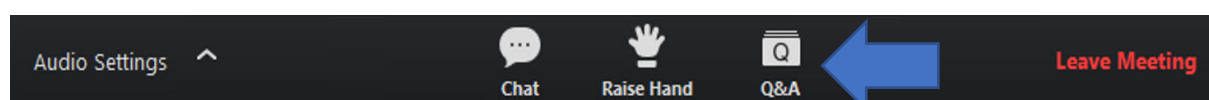

Live streaming will rely heavily on your internet connection and accessibility to a stable connection, we ask you to take the time prior to the course to ensure your computer and internet works with zoom and can keep a stable internet connection. We recommend creating a free personal zoom account in advance.

Do a quick internet speed check to ensure you have a connection of around 15 Mbps down and upload stream. Sites such as <https://broadbandtest.which.co.uk/> and <https://www.broadbandspeed-checker.co.uk/> are quick and easy to use. A wired internet connection is recommended.

Live streaming of the Endourology Annual Meeting 2021 is a pilot initiative, so please bear with us if you experience any technical issues.

Q&A

During the meeting we encourage all virtual delegates to ask questions throughout and at the end of sessions. This can be done by the Q&A function. Please click the Q&A icon and type your questions. The chairs will put your questions to the presenters.

Delegate App

The delegate app will be available to download prior to the meeting. Virtual delegates can participate in Live Polling and access any meeting information.
