

BSoT Section Rep Responsibilities

Section of Endourology

Duties

- Attend the Section of Endourology (at RCS Eng) three times per year and provide brief report of points relevant to trainees for circulation to the Committee and uploading to the website.

Section meetings discuss all aspects of the provision of endourology in the UK, including training. There is an Audit meeting followed by the Executive meeting, and the BSoT Rep attends both. The content also includes planning endourology input for the BAUS Annual Meeting and the Section of Endourology Meeting, as well as courses, fellowships, audit and research. The trainee rep provides trainee insights and makes suggestions based on BSoT discussions.

- Attend at least one of the two BSoT Committee meetings and engage in discussion of trainee issues, provide feedback from the endourology meetings and help to plan the BSoT session at the BAUS Annual Meeting.
- Attend the BAUS Annual Meeting and help run the BSoT sessions and other sessions where trainee input is required.
- Engage with doctors/nurses in urology.

Section of Oncology

Duties

- Attend the Section of Oncology (at RCS Eng) three times per year and provide brief report of points relevant to trainees for circulation to the Committee and uploading to the website.

Section meetings discuss all aspects of the provision of uro-oncology in the UK, including training. There is an Audit meeting followed by the Executive meeting, and the BSoT Rep attends both. The content also includes planning oncology input for the BAUS Annual Meeting and Section of Oncology Meeting, as well as courses, fellowships, audit and research. The trainee rep provides trainee insights and makes suggestions based on BSoT discussions.

- Attend at least one of the two BSoT Committee meetings and engage in discussion of trainee issues, provide feedback from the Oncology meetings and help to plan the BSoT session at the BAUS Annual Meeting.
 - Attend the BAUS Annual Meeting and help run the BSoT sessions and other sessions where trainee input is required.
 - Engage with doctors/nurses in urology.
-

Section of Female, Neurological and Urodynamic (FNNU) Urology

Duties

- Attend the Section of FNNU (at RCS Eng) three times per year and provide brief report of points relevant to trainees for circulation to the Committee and uploading to the website.

Section meetings discuss all aspects of the provision of female surgery in the UK, including training. There is an Audit meeting followed by the Executive meeting, and the BSoT Rep attends both. The content also includes planning FNNU input for the BAUS Annual Meeting and Section of FNNU Meeting, as well as courses, fellowships, audit and research. The trainee rep provides trainee insights and makes suggestions based on BSoT discussions.

- Attend at least one of the two BSoT Committee meetings and engage in discussion of trainee issues, provide feedback from the FNNU meetings and help to plan the BSoT session at the BAUS Annual Meeting.
- Attend the BAUS Annual Meeting and help run the BSoT sessions and other sessions where trainee input is required.
- Engage with doctors/nurses in urology.

Section of Andrology & Genito-Urethral Surgery (AGUS)

Duties

- Attend the Section of Andrology (at RCS Eng) three times per year and provide brief report of points relevant to trainees for circulation to the Committee and uploading to the website.

Section meetings discuss all aspects of the provision of andrology surgery in the UK, including training. There is an Audit meeting followed by the Executive meeting, and the BSoT Rep attends both. The content also includes planning andrology input for the BAUS Annual Meeting and Section of Andrology Meeting, as well as courses, fellowships, audit and research. The trainee rep provides trainee insights and makes suggestions based on BSoT discussions.

- Attend at least one of the two BSoT Committee meetings and engage in discussion of trainee issues, provide feedback from the Andrology meetings and help to plan the BSoT session at the BAUS Annual Meeting.
 - Attend the BAUS Annual Meeting and help run the BSoT sessions and other sessions where trainee input is required.
 - Engage with doctors/nurses in urology.
-
