

# South Thames Virtual Urology Meeting

Health Education Kent, Surrey and Sussex

Thursday 29<sup>th</sup> April 2021

Hosted by St George's Hospital, London

The British Association  
of Urological Surgeons

## Programme

1730

**Welcome**

1735

**Benign Abstracts**

**Chairs:**

**Marco Bolgeri, Consultant Urological Surgeon**

**Samer Katmawi-Sabbagh, Consultant Urological Surgeon**

1. Optimising Emergency Urological Care in the Older Patient – Impact of a Dedicated Perioperative Care for Older People undergoing Surgery (POPS) Platform

*Presenter: Mark Yao, Kent and Canterbury Hospitals*

2. Prevalence of chronic pain following suburethral mesh sling implantation for post-prostatectomy incontinence

*Presenter: Findlay MacAskill, Guy's Hospital*

3. Robotic colposuspension for female stress urinary incontinence: a prospective series

*Presenter: Nat Tan, St George's Hospital*

4. Membranous urethral length (MUL) in patients who have had male sling or artificial urinary sphincter surgery for post prostatectomy incontinence (PPI)

*Presenter: Priyanka Oza, King's College London*

5. Ureteric Reimplantation: a 10-year experience at a large tertiary referral centre

*Presenter: Abhishek Reekhaye, Guy's Hospital*

6. 24 – Hour Urine Analysis: Old is Gold

*Presenter: Johnraj Kishore Raja Thinakaran, Ashford and St Peter's Hospitals*

7. Can the combination of urinary cystine crystals and cystine levels act as biomarkers for predicting the severity of Cystinuria?

*Presenter: Daniel Novelli / Susmita Nath, Guy's Hospital*

8. A Regional Multi-Centre Audit of Paediatric Circumcision

*Presenter: Niyati Lobo, Royal Surrey County Hospital*

9. Local Audit on the Use of Dipstick Urinalysis and Suspected Catheter-Associated Urinary Tract infections (CAUTI) in TWOC Clinic

*Presenter: Jack Kingdon, King's College Hospital*

**1830**

**Break**

**1845**

**Cancer Abstracts**

**Chairs:**

**Hasan Qazi, Consultant Urological Surgeon**

**Ben Ayres, Consultant Urological Surgeon**

1. Holmium Laser Enucleation of the Prostate (HoLEP) in patients on active surveillance for low-risk prostate cancer: an analysis on oncological and functional outcomes

*Presenter: Li June Tay, Guy's Hospital*

2. Routine implementation of transurethral en bloc resection of bladder tumour: An intention-to-treat analysis for patients with non-muscle-invasive bladder cancer.

*Presenter: Nikhil Mayor, Royal Surrey County Hospital*

3. Multiparametric MRI Prostate at a high volume DGH: Assessing its clinical value in Men  $\leq 55$  with suspected prostate cancer

*Presenter: Ola Blach, Brighton & Sussex University Hospital*

4. The Effect of the Coronavirus Pandemic on TURBT Histology

*Presenter: Mr Ahmed S Khattak, Princess Royal University Hospital*

5. Does palpable (cN+) inguinal node involvement for pN1 or pN2 staging confer a worse prognosis than cN0/pN+ disease detected on sentinel node biopsy?

*Presenter: Sylvia Yan, St George's Hospital*

6. Antibiotic free Local Anaesthetic Transperineal Prostate (LATP) biopsies: a review of the first 750 cases.

*Presenter: Mark Yao, Kent and Canterbury Hospital*

7. Incidence of Lymph nodes in Anterior Periprostatic Fat (APPF) in consecutive cohort of Prostate Cancer patients treated with Robotic and Laparoscopic Radical Prostatectomy

*Presenter: Mudassir Wani, Medway NHS Foundation Trust*

8. Is a bone scan necessary in a man with T3a prostate cancer?

*Presenter: Danielle Whiting, Frimley Park Hospital*

9. Can Retroperitoneal Robot Assisted Partial Nephrectomy (RRAPN) be the default approach?

*Presenter: Denosshan Sri, Frimley Park Hospital*

10. The impact of COVID-19 on surgical volume and surgical training at a high-volume pelvic oncology center.

*Presenter: Abou Chedid, Royal Surrey NHS Foundation Trust*
